Mozart His Music In His Life:

Mozart Ivor Keys,1980 **A Life in Letters** Wolfgang Amadeus Mozart,2007-03-27 The letters of one of the world's greatest composers Wolfgang Amadeus Mozart seen variously as a child prodigy musical genius tragic Romantic artist and cultural icon is among the most written about of all composers This fascinating set of his letters offers a new understanding of his life story his marriage compositions performances occasional money worries opinions of fellow musicians and complex relationship with his father and a revealing portrait of both the man and the musician **A Life in Letters** Wolfgang Amadeus Mozart,2007-03-27 A selection of Mozart's letters translated into English complete with notes linking commentary and chronology Mozart Jan Swafford,2020-12-08 From the acclaimed composer and biographer Jan Swafford comes the definitive biography of one of the most lauded musical geniuses in history Wolfgang Amadeus Mozart At the earliest ages it was apparent that Wolfgang Mozart's singular imagination was at work in every direction He hated to be bored and hated to be idle and through his life he responded to these threats with a repertoire of antidotes mental and physical Whether in his rabidly obscene mode or not Mozart was always hilarious He went at every piece of his life and perhaps most notably his social life with tremendous gusto His circle of friends and patrons was wide encompassing anyone who appealed to his boundless appetites for music and all things pleasurable and fun Mozart was known to be an inexplicable force of nature who could rise from a luminous improvisation at the keyboard to a leap over the furniture He was forever drumming on things tapping his feet jabbering away but who could grasp your hand and look at you with a profound searching and melancholy look in his blue eyes Even in company there was often an air about Mozart of being not quite there It was as if he lived onstage and off simultaneously a character in life's tragicomedy but also outside of it watching studying gathering material for the fabric of his art Like Jan Swafford's biographies Beethoven and Johannes Brahms Mozart is the complete exhumation of a genius in his life and ours a man who would enrich the world with his talent for centuries to come and who would immeasurably shape classical music As Swafford reveals it's nearly impossible to understand classical music's origins and indeed its evolutions as well as the Baroque period without studying the man himself Wolfgang Amadeus Mozart Charles River Charles River Editors,2017-11-10 Analyzes the themes and progression of Mozart's most famous works comparing and contrasting them to each other and other composers great works Includes pictures of important people and places in Mozart's life Includes a bibliography for further reading Includes a list of Mozart's works It is a mistake to think that the practice of my art has become easy to me I assure you dear friend no one has given so much care to the study of composition as I There is scarcely a famous master in music whose works I have not frequently and diligently studied Mozart Wolfgang Amadeus Mozart 1756-1791 baptized Johannes Chrysostom Wolfgangus Theophilus Mozart is widely considered to be the culminating figure of the Classical Period in music which spanned much of the 18th to early 19th centuries As such he is remembered as one of Western Civilization's most prodigious and spontaneous natural talents on par with Leonardo da Vinci and Johann

Sebastian Bach Mozart once called music my life and indeed few were as naturally gifted at it Mozart s memory and genius for music allowed him to compose lengthy works even full length operas without transferring them to paper until he had fully visualized and retained them He regarded copying as a tedious task and this caused no small amount of consternation among performers in particular the orchestra some of whom received their parts minutes before curtain This was said to be the case for the premiere of Don Giovanni where Mozart was furiously scrawling and handing out parts to the overture with the audience in attendance Surprisingly these entire works sometimes hundreds of pages not penned until they were complete in his mind usually arrived to the manuscript without a single blemish or change of heart Mozart s eccentricities are remembered centuries after his death to the point that much of his life illnesses and death have been mythologized and today a lot of his legacy has been shaped by the manner in which his personality has been depicted in biographical works like Amadeus In addition to a large and consistently high level body of work Mozart represents for some the real beginning of the German lineage to the 20th century although Ludwig Beethoven greatly under Mozart s influence created much of that transition s reality Three of Mozart s operas are continually in the top 10 works performed around the world his piano concerti and symphonies are all in the standard repertoire save for some of the earliest and his choral works are treasures of the West The bulk of his reputation was not garnered by breaking with tradition and destroying it but rather by fulfilling it with a greater beauty and naturalness than was possible for any other artist of the time Mozart was perhaps the world s greatest master of the modern melody coming onto the scene after centuries of rule laden pedantic and convoluted procedures dominated by the Catholic Church and he certainly possessed one of the most astonishing levels of intelligence in European history Wolfgang Amadeus Mozart The Life and Music of the Great Composer comprehensively analyzes the themes and revolutionary advancements of Mozart s music looking at his most famous works and comparing and contrasting them Along with pictures of important people places and events you will learn about Mozart and his music like never before in no time at all **Mozart** Marcus Weeks,2007 An introduction to the life and music of the composer and musician Wolfgang Amadeus Mozart [What to Listen for in Mozart](#) Robert Harris,2002-06-07 From Simon Schuster What to Listen for in Mozart is Robert Harris essential introduction to the world s most popular composer An introduction to the music of Wolfgang Amadeus Mozart explores the essentials of his work examining his place in the aristocratic society of the late eighteenth century and discusses his life and death **The Biography Book** Daniel S.
