Arie Peddemors, Leo Samama

Mozart In De Tempel Raakvlakken Tuben Componist En Vrijmetselarij:

Mozart and Masonry Paul Nettl, 2023-07-11 A noted musicologist looks at the eighteenth century composer's connection to Freemasonry and its profound influence on his music Speculative masonry was a pervasive intellectual force in eighteenth century European society Like many of his colleagues as well as his father before him Wolfgang Amadeus Mozart joined a Masonic lodge in 1784 The philosophy and symbolism of the Masons would be a major source of inspiration for his compositions from then on This book provides an overview of Mozart's relationship to the fraternity and a detailed account of the numerous pieces he wrote specifically for Lodge events or ritual as well as the many pieces adapted by others for Lodge use It also includes an in depth explanation of Mozart's opera The Magic Flute and its Masonic themes and imagery

Mozart and Masonry Paul Nettl, 2018-11-11 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Mozart the Freemason Jacques Henry, 2006-08-28 An exploration of Mozart's strong ties to Freemasonry and how its principles profoundly shaped his musical work Reveals how Mozart structured his music on Masonic ritual and ceremony to provide a musical lexicon of Masonic symbols Shows that Freemasonry plays the same role in Mozart's work as Lutheran Christianity plays in that of Bach Thanks to recently discovered documents we now have a fuller picture of the esoteric influences on the life and work of Wolfgang Amadeus Mozart Musicologist Jacques Henry shows that the Masonic influence on Mozart goes beyond those pieces such as The Magic Flute that fulfilled a ritual purpose for the composer His works actually provide a complete musical lexicon of Masonic symbols inspired by the principles of the craft and the spirit of the Masonic quest Mozart constructed his Masonic compositions by creating auditory correspondences to the symbols present in the rituals choosing keys and tempos that transpose their content into harmony His understanding of the use of symbol allowed him to create music that would lead the listener into a harmony that transcended earthly existence A number of musicologists believe that the place of the Masonic spiritual vision in Mozart's work is comparable to that held by Lutheran Christianity in the work of Johann Sebastian Bach Mozart wed his deep understanding of music to the esoteric wisdom he gained as a Freemason He shows that when we lose ourselves in the expression of pure harmony it is the same as the symbol being lost in what it symbolizes Jacques Henry provides a rigorous and original analysis of Mozart's works that reveals their inner meaning as shaped by the composer's profound embrace of the spiritual principles of Freemasonry
