

MOZART

Studies of the Autograph Scores

ALAN TYSON

“This elegantly written and beautifully presented book is, in sum, the most important contribution to Mozart scholarship for many years and must set us thinking afresh about the man and the music.”

— Stanley Sadie, *Encore*

Mozart Studies Of The Autograph Scores

Simon P. Keefe

Mozart Studies Of The Autograph Scores:

Mozart Alan Tyson,1987 The results and implications of Tyson s work on Mozart have had a profound impact on virtually every aspect of research on this composer This book assembles his major articles previously scattered through magazines journals and festschrifts plus two unpublished pieces into a treasure trove for musicologists and music lovers *Mozart*

Alan Tyson,1987 **Mozart** Wolfgang Amadeus Mozart,19?? Review of 'Mozart - Studies of the Autograph Scores' by Alan Tyson Alec Hyatt King,1989 Wolfgang Amadè Mozart Stanley Sadie,1996 This volume is a collection based on the

Royal Musical Association s Mozart Conference of 1991 the principal scholarly event in the English speaking world in commemoration of the bicentenary It includes essays placing Mozart in the context in Salzburg and Vienna in which he worked explaining aspects of his life and work hitherto obscure essays interpreting his instrumental music and a substantial series of studies on different aspects of his operas from Lucio Silla to La clemenza di Tito with particular stress on the creative processes in the Da Ponte operas Mozart Studies 2 Simon P. Keefe,2015-09-10 Essays by leading Mozart

scholars explore the composer s popular works biography and reception appealing to scholars and Mozart lovers alike

Mozart Stanley Sadie,2007-11-15 Few people these days would question Mozart s rating as the most popular of all classical composers Yet there exists no substantial up to date English language study of the man and his works In this new study of Mozart s early years Stanley Sadie aims to fill this gap in the form of a traditional biography on a straightforward chronological basis The volume covers the period up to 1781 the year of Idomeneo and Mozart s settling in Vienna Individual works are discussed in sequence and related to the events of his life Stanley Sadie draws substantially on the family correspondence quoting the letters and discussing what they tell us about Mozart and his world and his relationships with his family and his professional colleagues Also included is a discussion of all aspects of Mozart s life and his music relating them to the environment in which he worked social economic and cultural as well as musical Much new material connected with Mozart has come to light in recent years There have been discoveries of musical sources and new ways of studying known ones Such finds and methods have changed our view of the chronology of many works and they often have significant biographical ramifications Understanding of the context for Mozart s music and indeed his life has broadened immensely Stanley Sadie s biography digests and interprets this corpus of new information

Mozart the Performer Dorian Bandy,2023-12-05 An innovative study of the ways performance influenced Mozart s compositional style We know Mozart as one of history s greatest composers But his contemporaries revered him as a multi instrumentalist a dazzling improviser and the foremost keyboard virtuoso of his time When he composed it was often with a single aim in mind to set the stage quite literally for compelling and captivating performances He wrote piano concertos not with an eye to posterity but to give himself a repertoire with which to flaunt his keyboard wizardry before an awestruck public The same was true of his sonatas string quartets symphonies and operas all of which were painstakingly crafted to produce specific effects on those who

played or heard them amusing stirring and ravishing colleagues and consumers alike Mozart the Performer brings to life this elusive side of Mozart's musicianship Dorian Bandy traces the influence of showmanship on Mozart's style showing through detailed analysis and imaginative historical investigation how he conceived his works as a series of dramatic scripts Mozart the Performer is a book for anyone who wishes to engage more deeply with Mozart's artistry and legacy and understand why centuries later his music still captivates us *Mozart's Piano Sonatas* John Irving, 1997-04-17 An examination of Mozart's piano sonatas showing them to be a microcosm of the composer's changing style *Understanding Mozart's Piano Sonatas* John Irving, 2016-02-24 Mozart's piano sonatas are among the most familiar of his works and stand alongside those of Haydn and Beethoven as staples of the pianist's repertoire In this study John Irving looks at a wide selection of contextual situations for Mozart's sonatas focusing on the variety of ways in which they assume identities and achieve meanings In particular the book seeks to establish the provisionality of the sonatas' notated texts suggesting that the texts are not so much identifiers as possibilities and that their identity resides in the usage Close attention is paid to reception matters analytical approaches organology the role of autograph manuscripts early editions and editors and aspects of historical performance practice all of which go beyond the texts in opening windows onto Mozart's sonatas Treating the sonatas collectively as a repertoire rather than as individual works the book surveys broad thematic issues such as the role of historical writing about music in defining a generic space for Mozart's sonatas their construction within pedagogical traditions the significance of sound as opposed to sight in these works and in particular their sound on fortepianos of the later eighteenth century and the creative role of the performer in their representation beyond the frame of the text Drawing together and synthesizing this wealth of material Irving provides an invaluable reference source for those already familiar with this repertoire *A Conductor's Guide to Choral-orchestral Works, Classical Period: Haydn and Mozart* Jonathan D. Green, 2002 A Conductor's Guide to the Choral Orchestral Works of the Classical Period Part I Haydn and Mozart is the fourth volume in Jonathan Green's innovative study of the vast body of choral orchestral repertoire A treasure trove for conductors of choir and orchestras in this volume all of the masses oratorios cantatas litanies vespers and minor sacred works of Haydn and Mozart are carefully examined For each work the author has compiled the text source duration date of composition date and place of premiere location of manuscript materials commercially available editions a selected discography a bibliography and a brief history of the work Most importantly the performance concerns for the choir orchestra and soloists of each work are evaluated and described This will prove to be an invaluable programming aid for conductors and a touchstone for anyone embarking on research into this music *The Creative Process in Music from Mozart to Kurtág* William Kinderman, 2012-10-18 In this intriguing study William Kinderman opens the door to the composer's workshop investigating not just the final outcome but the process of creative endeavour in music Focusing on the stages of composition Kinderman maintains that the most rigorous basis for the study of artistic creativity comes not from anecdotal or autobiographical reports but from original handwritten sketches

drafts revised manuscripts and corrected proof sheets He explores works of major composers from the eighteenth century to the present from Mozart's piano music and Beethoven's Piano Trio in F to Kurtág's Kafka Fragments and Hommage à R. Sch. Other chapters examine Robert Schumann's Fantasie in C, Mahler's Fifth Symphony and Bartók's Dance Suite Revealing the diversity of sources, rejected passages and movements, fragmentary unfinished works and aborted projects that were absorbed into finished compositions The Creative Process in Music from Mozart to Kurtág illustrates the wealth of insight that can be gained through studying the creative process Blackwells *Mozart* Simon P. Keefe, 2018-10-24 This volume of essays on Wolfgang Amadeus Mozart reflects scholarly advances made over the last thirty years The studies are broad and focused demonstrating a large number of viewpoints, methodologies and orientations and the material spans a wide range of subject areas including biography, vocal music, instrumental music and performance Written by leading researchers from Europe and North America, these previously published articles and book chapters are representative of both the most frequently discussed and debated issues in Mozart studies and the challenging, exciting nature of Mozart scholarship in general The volume is essential reading for researchers, students and scholars of Mozart's music **Mozart's Piano Concertos** Neal Zaslaw, 1996 A celebration and exploration of a monumental achievement **The Ashgate Research Companion to Henry Purcell** Rebecca Herissone, 2016-04-01 The Ashgate Research Companion to Henry Purcell provides a comprehensive and authoritative review of current research into Purcell and the environment of Restoration music with contributions from leading experts in the field Seen from the perspective of modern interdisciplinary approaches to scholarship, the companion allows the reader to develop a rounded view of the environment in which Purcell lived, the people with whom he worked, the social conditions that influenced his activities and the ways in which the modern perception of him has been affected by reception of his music after his death In this sense, the contributions do not privilege the individual over the environment; rather, they use the modern reader's familiarity with Purcell's music as a gateway into the broader Restoration world Topics include a reassessment of our understanding of Purcell's sources and the transmission of his music, new ways of approaching the study of his creative methods, performance practice, the multi-faceted theatre environment in which his work was focused in the last five years of his life, the importance of the political and social contexts of late seventeenth-century England and the ways in which the performance history and reception of his music have influenced modern appreciation of the composer The book will be essential reading for anyone studying the music and culture of the seventeenth century *Mozart in Context* Simon P. Keefe, 2018-12-20 The vibrant intellectual, social and political climate of mid-eighteenth-century Europe presented opportunities and challenges for artists and musicians alike This book focuses on Mozart, the man and musician, as he responds to different aspects of that world It reveals his views on music, aesthetics and other matters, on places in Austria and across Europe that shaped his life, on career contexts and environments including patronage, activities as an impresario, publishing, theatrical culture and financial matters, on engagement with performers and

performance focusing on Mozart's experiences as a practicing musician and on reception and legacy from his own time through to the present day. Probing diverse Mozartian contexts in a variety of ways, the contributors reflect the vitality of existing scholarship and point towards areas primed for further study. This volume is essential reading for students and scholars of late eighteenth century music and for Mozart aficionados and music lovers in general.

Choral-Orchestral Repertoire Jonathan D. Green, David W. Oertel, 2019-12-05 *Choral-Orchestral Repertoire: A Conductor's Guide Omnibus Edition* offers an expansive compilation of choral orchestral works from 1600 to the present. Synthesizing Jonathan D. Green's earlier six volumes on this repertoire, this edition updates and adds to the over 750 oratorios, cantatas, choral symphonies, masses, secular works for large and small ensembles, and numerous settings of liturgical and biblical texts for a wide variety of vocal and instrumental combinations. Each entry includes a brief biographical sketch of the composer, approximate duration, text sources, performing forces, available editions, and locations of manuscript materials, as well as descriptive commentary, a discography, and a bibliography. Unique to this edition are practitioner's evaluations of the performance issues presented in each score. These include the range, tessitura, and nature of each solo role and a determination of the difficulty of the choral and orchestral portions of each composition. There is also a description of the specific challenges, staffing, and rehearsal expectations related to the performance of each work. *Choral-Orchestral Repertoire* is an essential resource for conductors and students of conducting as they search for repertoire appropriate to their needs and the abilities of their ensembles.

Mozart: The 'Haydn' Quartets John Irving, 1998-01-08 The six string quartets dedicated to his friend Joseph Haydn represent a turning point in Mozart's compositional development. In addition to providing a full synopsis of each quartet, this book examines the music in relation to Mozart's earlier quartets, considers the genesis of the six Haydn quartets through close examination of the autograph revisions, and looks at contemporary eighteenth century analytical models. John Irving also charts the reception of the quartets, drawing upon a broad range of sources: Mozart's letters and diary entries, early newspaper reports, harmony, compositional textbooks, contemporary criticism, and early biographies.

The Global Reach of the Fandango in Music, Song and Dance K. Meira Goldberg, Antoni Pizà, 2017-01-06 The fandango, emerging in the early eighteenth century Black Atlantic as a dance and music craze across Spain and the Americas, came to comprise genres as diverse as Mexican son jarocho, the salon and concert fandangos of Mozart and Scarlatti, and the Andalusian fandangos central to flamenco. From the celebrations of humble folk to the theaters of the European elite, with boisterous castanets, strumming strings, flirtatious sensuality, and dexterous footwork, the fandango became a conduit for the syncretism of music, dance, and people of diverse Spanish, Afro-Latin, Gitano, and even Amerindian origins. Once a symbol of Spanish Empire, it came to signify freedom of movement and of expression, given powerful new voice in the twenty-first century by Mexican immigrant communities. What is the full array of the fandango? The superb essays gathered in this collection lay the foundational stone for further exploration.

The Cambridge Companion to Mozart Simon P. Keefe, 2003-05-22 The

Cambridge Companion to Mozart paints a rounded yet focussed picture of one of the most revered artists of all time Bringing the most recent scholarship into the public arena this volume bridges the gap between scholarly and popular images of the composer enhancing the readers appreciation of Mozart and his extraordinary output regardless of their prior knowledge of the music Part I situates Mozart in the context of late eighteenth century musical environments and aesthetic trends that played a pivotal role in his artistic development and examines his methods of composition Part II surveys Mozart s works in all of the genres in which he excelled and Part III looks at the reception of the composer and his music since his death Part IV offers insight into Mozart s career as a performer as well as theoretical and practical perspectives on historically informed performances of his music

This is likewise one of the factors by obtaining the soft documents of this **Mozart Studies Of The Autograph Scores** by online. You might not require more become old to spend to go to the books commencement as with ease as search for them.
