Video Hound's Golden Movie Retriever, 1991 David J Weiner, Thomson Gale, 1991

Enemy Feminisms Sophie Lewis, 2025-02-18 From the author of Abolish the Family a provocative compendium of the feminisms we love to dismiss and making the case for the bold liberatory feminist politics we'll need to stand against fascism nationalism femmephobia and cisness In recent years white feminism and girlboss feminism have taken a justified beating We know that leaning in won't make our jobs any more tolerable and that white women have proven to be at best unreliable allies But in a time of rising fascism ceaseless attacks on reproductive justice and violent transphobia we need to reckon with what Western feminism has wrought if we have any hope of building the feminist world we need Sophie Lewis offers an unflinching tour of enemy feminisms from 19th century imperial feminists and police officers to 20th century KKK feminists and pornophobes to today's anti-abortion and TERF feminists Enemy feminisms exist Feminism is not an inherent political good Only when we acknowledge that can we finally reckon with the ways these feminisms have pushed us toward counterproductive and even violent ends And only then can we finally engage in feminist strategizing that is truly antifascist At once a left transfeminist battlecry against cisness a decolonial takedown of nationalist womanhoods and a sex radical retort to femmephobia in all its guises Enemy Feminisms is above all a fierce brilliant love letter to feminism
