El español hablado en Guadalajara Patricia Córdova Abundis,Daniel Barragán Trejo,2021-11-30 A cinco años de haber iniciado el proyecto del Corpus sociolingüístico del habla de Guadalajara hemos concluido la transcripción y terceras revisiones de las 72 grabaciones representativas de hombres y mujeres de tres niveles de instrucción y de tres grupos generacionales según la metodología del Proyecto de Estudios Sociolingüísticos del Español de España y de América PRESEEA coordinado por Francisco Moreno Fernández con el apoyo de Ana María Cesteros Mancera en la coordinación técnica. El presente volumen se compone de cinco partes. En la primera El estudio del habla de Guadalajara Antecedentes abordamos los corpus sobre el habla de la ciudad que han antecedido al presente. Previo al puntual recorrido sobre los diversos ejercicios para capturar el habla de nuestra ciudad nos hemos concedido una licencia histórica al presentar una visita sobre el sentido y el gozo de retratar el entorno cultural de Guadalajara con verdad y belleza. En la segunda parte PRESEEA Guadalajara hacemos referencia a algunas particularidades de la metodología PRESEEA con que se realizó el presente trabajo. Le siguen datos demográficos que ya habíamos presentado en Viven para contarla el habla de Guadalajara 2018 aunque actualizados con el censo realizado en el año 2020 por el Instituto Nacional de Estadística y Geografía. En la tercera cuarta y quinta parte se desglosan los tres grupos de hablantes.

It argues that some marked forms differ from unmarked forms in that they encode modal evaluations of the at issue meaning. Two epistemic evaluations that can be shown to be encoded by intonation in Spanish are obviousness and mirativity which present the at issue meaning as expected and unexpected respectively. An empirical investigation via a production experiment finds that they are associated with distinct intonational features under constant focus scope with stances of dis agreement showing an impact on obvious declaratives. Wh exclamatives are found not to differ significantly in intonational marking from neutral declaratives showing that they need not be miratives. Moreover we find that intonational marking on different discourse particles in natural dialogue correlates with their meaning contribution without being fully determined by it. In part these findings quantitatively confirm previous qualitative findings on the meaning of intonational configurations in Madrid Spanish. But they also add new insights on the role intonation plays in the negotiation of commitments and expectations between interlocutors **En Activo: Practical Business Spanish** Esther Santamaría Iglesias, Helen Jones, 2008-06-03 En Activo is a contemporary course which provides students with a structured development of written and spoken business language skills focusing on real business people and situations from all over the Spanish speaking world. The book consists of twenty chapters that incorporate contextual information on the business environment of Spain and Latin America. Role plays, illustrative dialogues, dedicated written exercises, relevant grammar instruction, practical communicative exercises, up to date practical advice, model items of written and spoken business protocol and links to numerous carefully selected and integrated websites. Each chapter is structured as follows: Le Presento (a introduction of the central individual and their working life), Escuche por favor (extensive listening exercises and accompanying activities), Recuerde que (grammar revision and communicative exercises), Para saber más (deepens knowledge about Spanish and Latin American business culture and etiquette). As se hace (hands on section practising business situations and day to day tasks), Sabe navegar (practices web research and web etiquette). Each fifth chapter is a revision chapter which puts the acquired knowledge in practice via discussion groups, presentations and debates. An audio CD containing all interviews and listening comprehension exercises is available separately. At the end of this course the student will have a sound knowledge of the Spanish speaking business world and the language skills required to put this knowledge in practice **Traducción alemán-español** Silvia Gamero Pérez, 2005 Mediante una amplia variedad de actividades organizadas por objetivos de aprendizaje la autora pretende facilitar al lector el aprendizaje de las habilidades indispensables para abordar la traducción alemana-española.
