*Mr. Dalloway* Robin Lippincott, 1999 A rich augmentation of Virginia Woolf's classic novel *Mrs Dalloway* with a surprising twist (Re-)mapping London Vanessa Guignery, 2008 *Screening Woolf* Earl G. Ingersoll, 2016-12-06 As the subtitle indicates this book has three major concerns The first and most important concern is an examination of the film adaptations of Woolf's novels *To the Lighthouse* *Orlando* and *Mrs Dalloway* in the order the films were released This is the heart of the matter a fairly conventional effort to acknowledge film reviews as well as the criticism of academicians in film or literature as a starting point for a fresh view of these three film adaptations Since many film specialists prefer that no film ever be adapted from literary fiction and many literature specialists have similarly wished that their favorite novels had never been filmed the effort to mediate the two sides can be challenging Of the three films *To the Lighthouse* is the least successful tending toward the old Masterpiece Theater mode of attempting to be faithful to the source text to use the term of the film theorist Robert Stam but missing the essence of the novel Director Sally Potter's *Orlando* is cinematically the most venturesome and attractive although some Woolf readers condemn Potter's erasure of Woolf's intent to celebrate her affair with Vita Sackville West whose son Nigel Nicolson called Woolf's *Orlando* the longest and most charming love letter in literature *Mrs Dalloway* tends toward the Merchant Ivory style of treating literary masterworks indeed the film credits include a debt of gratitude to the producer-director partnership and is generally carried by the star power of Vanessa Redgrave although it is difficult to imagine her having a crush on another young woman even at eighteen The book's second concern is Woolf's interest in what she would call the cinema As a member of Bloomsbury she saw and participated in the discussion of the cinema especially avant garde films which she considered to be more the future of cinema than film adaptations upon which she heaped great scorn for their ravenous if not rapacious consumption of vulnerable literary fiction such as Leo Tolstoy's *Anna Karenina* Woolf specialists such as Leslie Hankins proclaim her one of the earliest and most significant British film theorists for the brilliant essay *The Cinema 1925* as film was just beginning to establish itself as art and not merely popular entertainment The third concern is a complex effort to explore the David Hare Stephen Daldry film adaptation of Michael Cunningham's Pulitzer Prize winning novel *The Hours* an homage to *Mrs Dalloway* in which Virginia Woolf has a starring role as portrayed by Oscar winner Nicole Kidman The film and Kidman's prosthetic nose produced a violent division among the Woolfians who either commended its bringing legions of new readers to *Mrs Dalloway* and potentially to Woolf *Mrs Dalloway* becoming the best seller it could not have been in her lifetime or were outraged by the film's diminishment of probably the most important female British novelist of the 20th century Even Nobel Laureate Doris Lessing spoke out against the travesty of a novelist she considered a foremother of later 20th century writers **The Selected Works of Virginia Woolf** Virginia Woolf, 2007 The delicate artistry and lyrical prose of Virginia Woolf's novels have established her as a writer of sensitivity and profound talent This title collects selected works of Woolf including *To the*

Michael H. Whitworth, 2009-04-23 Political and social change during Woolf s lifetime led her to address the role of the state and the individual Michael H Whitworth shows how ideas and images from contemporary novelists philosophers theorists and scientists fuelled her writing and how critics film makers and novelists have reinterpreted her work for later generations

**Rewriting/Reprising** Georges Letissier, 2009-10-02 This volume comprises sixteen essays preceded by an introductory chapter focusing on the diverse modalities of textual and more widely artistic transfer Whereas the first Rewriting Reprising volume coord by C Maisonnat J Paccaud Huguet its subversive potential is perceptible notably through its many attempts at emancipating the genre from the ideological fetters of gender Over the past two decades Victorian literature and culture has become an inescapable field of investigations to any study on intertextuality in the English speaking world In a second part diversity has been preferred to any single specific angle to approach the Victorian neo Victorian tropism The purpose is to provide as complete a spectrum as is reasonably possible in such a volume The practice of rewriting in the Victorian age is thus studied alongside contemporary appropriations of the Victorian canon The question is raised of whether literary fetishism may not result in a form of counterfeit classicism while the more challenging neo Victorian rewritings would make a claim for the need to choose one s literary heritage and ancestors This is where the post colonial agenda comes in Precisely the third part investigates the question of rewriting reprising as a way of writing back The myth of Frankenstein s creature bent on wreaking vengeance on his creator is of course seminal as it offers a myth of transgression which in its turn becomes a foundation myth Not only are post colonial responses to their disclaimed parent texts highly theory informed but they also evince an awareness of such contemporary issues which are direct consequences of the colonial past In the last section of this volume the scope of what comes within the range of intertextuality per se is widened to cover artistic dialogism In the exchanges between theatrical texts reprise may be construed as a metaphor standing for the pleasure inherent in the process

of recreation The interaction between embedded paintings and the embedding canvas offers yet another variation on the reprise motif as does the meta aesthetic discourse of the critic on the work of art What begins as mere repetition is soon colored by the personal inflections of the interpreter In operatic performances updating a classical text to make it suitable to contemporary audiences and in close harmony with the role assigned to music is liable to spur on the creativity of recreation

*The Voyage Out* Virginia Woolf, 1920 In *The Voyage Out* one of Woolf's wittiest socially satirical novels Rachel Vinrace embarks for South America on her father's ship and is launched on a course of self-discovery in a modern version of the mythic voyage Lorna Sage's Introduction and Explanatory Notes offer guidance to the reader new to Woolf and illuminate Woolf's presence not identifiable in the heroine but in the social satire lyricism and patterning of consciousness in one woman's rite of passage

**The Voyage Out** Virginia Woolf, 2001 Woolf's first novel is a haunting book full of light and shadow It takes Mr and Mrs Ambrose and their niece Rachel on a sea voyage from London to a resort on the South American coast It is a strange tragic inspired book whose scene is a South American land not found on any map and reached by a boat which would not float on any sea an American land whose spiritual boundaries touch Xanadu and Atlantis E M Forster
