**Walter Scott: Autobiographical Writings** Walter Scott, 2022-05-17 In *Walter Scott Autobiographical Writings*, Scott delves deeply into his own life experiences, blending personal narrative with the rich historical tapestry of 19th-century Scotland. The book showcases Scott's mastery of prose, characterized by vivid imagery and a keen sense of place as he reflects on his formative years, literary ambitions, and the socio-political climate that shaped his epoch. Written with an informal yet erudite style, these writings serve as an invaluable lens through which to explore the intersection between his life and works, presenting readers with insights that illuminate his literary achievements and historical significance. Walter Scott, a pivotal figure in the Romantic movement, is often hailed as the father of the historical novel. His upbringing in a rural Scottish community imbued him with a profound appreciation for folklore and history, elements that permeate his oeuvre. These autobiographical writings stem from Scott's desire to contextualize his narratives, showcasing his personal struggle and triumph as he carved out a literary identity amidst the backdrop of his evolving nation. This collection is highly recommended for readers seeking a deeper understanding of Scott's influence on literature and history. It resonates not only as an autobiography but also as a critical contribution to the understanding of Romantic philosophy, making it essential for scholars, students, and admirers of literature looking to grasp the essence of Scott's monumental legacy. **Britain's**

**Retreat from East of Suez** Saki Dockrill, 2002-07-09 This book, based on recently declassified documents in Britain and the USA, is the first detailed account of Britain's East of Suez decision, which was taken by the Harold Wilson Government in 1967-68. Contrary to received opinion, the author argues that the decision was not taken hastily as a result of the November 1967 devaluation. Nor is there any hard evidence to support the notion that there existed a Pound Defence deal with the USA.

Despite Washington's pressure to maintain Britain's East of Suez role the decision was taken by the Labour Government on the basis of a long term effort to re-examine Britain's world role since 1959 and it marked the end of an era for postwar Britain. *The Epigrammatists* Henry Philip Dodd, 1870. *Dearest Isa* Robert Browning, 2014-08-19. Robert Browning's friendship for Isabella Blagden was almost as remarkable as was his love for Elizabeth Barrett. After Elizabeth's death June 1861 Browning went to England to educate their son but he hoped eventually to return to Italy principally so that he might be near his friend Isa. He asked her to write to him once a month on the twelfth promising to answer her letter on the nineteenth. The fulfillment of this obligation resulted in a correspondence which is remarkable from the standpoint of continuity. Most collections of letters suffer from their fragmentary form there are no continuing threads of interest which hold them together. Not so the letters which Browning wrote to Miss Blagden. They are not in the great English letter writing tradition being obviously written for Isa rather than for posterity but they are filled with the most intimate and interesting sort of gossip and informal exchanges of ideas which give them a character all their own. One hundred and fifty four letters from Browning to Isabella Blagden are known to be in existence all of them are included in the present volume together with copious explanatory notes and an illuminating introduction. Edward C McAleer has approached every detail of his editorial task with thoroughness imagination and skill. His notes will add immeasurably to the pleasure of reading the letters in addition to making a substantial contribution to the world's knowledge of Browning and his associates.
