PRESIDENT! Yahweh Yodhhewawhe, 2011-05-02 On Sunday evening of the 1st of May in the year 2011 a hero was born His name is Barack

Hussein Obama II President of these United States of America We shall see how we came to such a great day when we could rejoice again no not because of a confused man s death whose name is not worth mentioning We have come to a great day in our land because we want to see success and the greatest success is when one enters into an unknown arena and dispossesses of anyone who threatens the lives of others not just in the United States of America but all throughout our planet A blessed and most loved man has entered into the scene Can we say that he truly is a great strategist and he understood the difficulty of the job he took upon himself Yes truly he is our Commander in Chief You can say that the world did not understand how to view him for as people we sometimes have a tendency to look at a color Hence we did not grasp his ability to see beyond colors

DEAR MR. PRESIDENT BELIEVE Beverly Cardozo,2011-03-26 Since the recession and after losing her job the author decided to take charge of her life made some compelling changes She hates to lose at any opportunity ahead of her with her struggles of traveling different places to look for work moving from job to job it seems impossible to survive This prepared her to do anything in her power to take risk in order to survive in this economy It is impossible not to read this book to become the winner at anything and to guide us through the dark and dismal time this country is coping with such as an economic breakthrough losing all we have worked so hard to achieve Taking charge of her life was a challenge in itself but understanding the power of her mindset she moved on to a road of a different path How to be prosperous again one must be resilient and be ready to accept that attaching oneself emotionally to material gain is not only destructive to your health but it will destroy the power of thinking A motivational book must read for today s Americans to overcome fear and adversity so you can attain your goal taking charge and taking back your prosperity Dear Mr. President Beverly Cardozo,2010-05 The Bush administration left this country in a state of economic recession and a grim tour of American History The American people are struggling to survive by reinventing ourselves through a sweeping historical event Barack Obama is trying to restore America by promising change to make America regain its dignity by bailing out huge corporations and financial institutions with his stimulus plans Dear Mr President a letter written in form of a book addressing president Obama of his uncertainty leadership and what he is trying to achieve for the American people This book is based solely on my beliefs opinions and how Americans have fallen along the wayside We need to take back America because we have the power Obama needs to restore our faith and trust in the government again and that is no easy task because politicians have to be willing to say things that have true meaning This is a much bigger plan that you bargained for and I hope America will be strong again To do this we must be a community willing to look out for each other helping those that are down and giving a pathway to success Dear Mr. President Dwight Young,Brian Williams,2007 Selected letters to presidents with contextual commentary **Public Papers of the Presidents of the United States** United States. Volume 8 Truman, Harry S.,1966-01-01 Public Papers of the Presidents of the United States Go West Mr. President Michael F. Blake,2020-06-01 In 1903 Theodore Roosevelt planned a tour of the mid West and Western states It was dubbed the Great Loop Tour being careful not to call it a campaign tour although he intended to seek re election the following year Theodore was adamant that his speeches be devoid of any partisan rhetoric nor would he meet solely with Republican office holders in the various cities and towns he planned to visit He would happily shake hands with a Democratic mayor or Senator just as he would a Republican Theodore s speeches which he wrote himself covered subjects of good citizenship a square deal for every man a strong navy and the positive aspects of the recent irrigation bill he signed into law Then there were his speeches relating to conservation of the land forests rivers and wildlife Nowhere did these subjects become more important to him than when he visited Yellowstone the Grand Canyon and Yosemite While he was still three years away from having the law that would knight him as the Conservation President Theodore was already making his mark on preserving the country s resources **Hunting the President** Mel Ayton,2014-04-14 In American history four U S Presidents have been murdered at the hands of an assassin In each case the assassinations changed the course of American history But most historians have overlooked or downplayed the many threats modern presidents have faced and survived Author Mel Ayton sets the record straight in his new book Hunting the President Threats Plots and Assassination Attempts From FDR to Obama telling the sensational story of largely forgotten or never before revealed malicious attempts to slay America s leaders Supported by court records newspaper archives government reports FBI files and transcripts of interviews from presidential libraries Hunting the President reveals How an armed would be assassin stalked President Roosevelt and spent ten days waiting across the street from the White House for his chance to shoot him How the Secret Service foiled a plot by a Cuban immigrant who told coworkers he was going to shoot LBJ from a window overlooking the president s motorcade route How a deranged man broke into Reagan s California home and attempted to strangle the former president before he was subdued by Secret Service agents In early 1992 a mentally deranged man stalking Bush turned up at the wrong presidential venue for his planned assassination attempt The relationships presidents held with their protectors and the effect it had on the Secret Service s mission Hunting the President opens the vault of stories about how many of our recent Presidents have come within a hair s breadth of assassination leaving America s fate in the balance Most of these stories have remained buried until now **Public Papers of the Presidents of the United States: Ronald Reagan, 1987** Reagan, Ronald,1989-01-01 Public Papers of the Presidents of the United States **Message of the President of the United States on Economy and Efficiency in the Government Service** United States. President Willard M. Oliver, Nancy E. Marion, 2010-08-05 This book offers an analysis of every American presidential assassination and various attempted assassinations examining the events surrounding each event and the people involved. The assassinations and attempted assassinations of American presidents were pivotal events that reverberated throughout the nation even in cases where the murder was botched. The individuals behind each plot are often fascinating studies in obsession and distorted perception of reality like President James Garfield's assassin who spent an extra dollar on the gun he chose for the act simply because it would look better in a museum display after the event. For the first time under one cover this text offers a concise study of every presidential assassination attempt and rumor. Each chapter focuses on a single American assassination providing an analysis of the president, the assassin, and the events that shaped their arrival at that place in time. The chapter then describes the assassination or attempt itself and the long-term impacts of the crime. Accounts of the more contemporary incidents involving Presidents John F. Kennedy, Richard Nixon, Jimmy Carter, Ronald Reagan, George H. W. Bush, Bill Clinton, and George W. Bush especially demonstrate the evolution of the monumental task of protecting the U.S. president in a free and open society. *Listen Up, Mr. President* Helen Thomas, Craig Crawford, 2009-10-06 Helen Thomas has covered the administrations of ten presidents in a career spanning nearly sixty years. She is known for her famous press conference closing line "Thank you, Mr. President," but here she trades deference for directness. Thomas and veteran journalist Craig Crawford hold nothing back as they use former occupants of the White House to provide a witty history-rich lesson plan of what it takes to be a good president. Combining sharp observation and dozens of examples from the first presidency through the forty-fourth, the authors outline the qualities, attitudes, and political and personal choices that make for the most successful leaders and the least. Calvin Coolidge, who hired the first professional speechwriter in the White House, illuminates the importance of choosing words wisely. William Howard Taft, notorious for being so fat he broke his White House bathtub, shows how not to cultivate a strong public image. John F. Kennedy, who could handle the press corps and their questions with aplomb, shows how to establish a rapport with the press and open oneself up to the public. Ronald Reagan, who acknowledged the Iran Contra affair in a television address, demonstrates how telling hard truths can earn forgiveness and even public trust. By gleaned lessons from past leaders, Thomas and Crawford not only highlight those that future presidents should follow but also pinpoint what Americans should look for and expect in their president. Part history lesson, part presidential primer, *Listen Up, Mr. President* is smart, entertaining, and exceedingly edifying. *The President and American Capitalism since 1945* Mark H. Rose, Roger Biles, 2017-11-14 The book examines the development of the U.S. presidency since 1945 and describes the many ways, some of which are unknown or greatly underappreciated, in which the president's actions affect the daily lives of the American people. **Public Papers of the Presidents of the United States, Jimmy Carter, 1978, Book 2**, Spine title reads: Public Papers of the Presidents Jimmy Carter 1978. Contains public messages and statements of the President of the United States released by the White House from June 30–December 31, 1978. Also includes appendices and an index. Item
