well as with his critics on the left and representatives of the Dalits He also explores another key issue in Gandhi's life and legacy his ideas about and attitudes toward women Despite inconsistencies and limitations and failures in his personal life Gandhi has become a beacon for posterity The uncompromising honesty of his politics and moral activism has inspired such figures as Jayaprakash Narayan Medha Patkar Martin Luther King Jr Nelson Mandela and Petra Kelly and influenced a series of new social movements by environmentalists antiwar campaigners feminists and human rights activists among others dedicated to the principle of a more just world The Palgrave Handbook of New Directions in Kashmir Studies Haley Duschinski, Mona Bhan, Cabeiri deBergh Robinson, 2023-06-01 The Palgrave Handbook of New Directions in Kashmir Studies provides a comprehensive interdisciplinary and transregional perspective on the Kashmir dispute Spanning South and Central Asia Kashmir has been at the center of geopolitical conflicts and rivalries among India Pakistan and China for decades with members of heterogeneous local communities negotiating the complexities of regional state formations national power assertions and geopolitical competitions Taken together the chapters in this handbook examine diverse people's struggles to establish processes of democratic accountability in relation to the colonial era state consolidations postcolonial military occupations interstate wars intrastate armed conflicts and cold war and post cold war politics that have shaped and transformed social and political identities in the region Contributors chart out varied and bold new directions by attending to local constellations of situated knowledges and practices through which people living in different parts of the disputed region make sense of the conditions and contingencies of their political lives The handbook further initiates a dialogue on the ways in which state power and border regimes have shaped scholarship and undermined the pursuit of shared intellectual and political projects across physical and epistemological boundaries *Animosity at Bay* Pallavi Raghavan, 2020 A fresh unconventional look at the early post partition years suggesting that cooperation rather than conflict was the order of the day between India and Pakistan **The Art of Freedom** Nico Slate, 2024-07-15 Kamaladevi Chattopadhyay 1903-1988 was a prominent socialist anticolonial and antiracist activist champion of women's rights and advocate for the arts and crafts Defying the borders of gender nation and race her efforts spanned social movements and played a leading role in the creation of modern India and the development of the Global South In *The Art of Freedom* Nico Slate showcases new archival materials to document Kamaladevi's campaign to become the first woman elected to provincial office her confrontation with Gandhi that helped open the salt protests of 1930 to women her leadership of the All India Women's Conference and the Congress Socialist Party her pioneering work with refugees during the Partition of India in 1947 the major impact she had on the arts in postcolonial India and her own career on the stage and screen Slate also draws upon underexplored details from her personal life providing new context for her experiences as a child widow her remarriage to the mercurial actor poet Harin Chattopadhyay and her divorce among the first civil divorces in modern India Taken as a whole Kamaladevi's life offers a uniquely revealing vantage point on the making of modern India a vantage point that centers the interconnections between

Pothen,2012-01-30 New Delhi was purpose built to trumpet the supremacy of the British Raj and inaugurated in 1931 Instead it came to represent a fading imperial dream in the two decades that followed In the heyday of the British Raj strict social and racial hierarchies governed the social life of the city's ruling elites And the frivolity of New Delhi's high society was kept in check by a faithful adherence to etiquette and protocol in everyday life For example the sixteen button glove at a formal viceregal dinner party was of great importance as a means of maintaining the authority of the Raj But the 1930s and 1940s were a period of transition The political shifts associated with India's journey to self government echoed in the social codes of conduct adopted by the Indian elites of New Delhi and undermining the Raj's pomp became a legitimate means of challenging its authority Closely examining the role of social ritual interaction and behaviour in the shaping of the city and its elite groups *Glittering Decades* tells the story of New Delhi and its privileged inhabitants between 1931 and 1952      *The Oxford Encyclopedia of Women in World History* Bonnie G.
