Journalist and historian Jennet Conant restores Maggie's rightful place in history as a woman who paved the way for the next generation of journalists and one of the greatest war correspondents of her time. Encyclopedia of Media and Propaganda in Wartime America Martin J. Manning, Clarence R. Wyatt, 2010-12-20 This fascinating compilation of reference entries documents the unique relationship between mass media propaganda and the U.S. military, a relationship that began in the period before the American Revolution and continues to this day, sometimes cooperative, sometimes combative and always complex. The *Encyclopedia of Media and Propaganda in Wartime America* brings together a group of distinguished scholars to explore how war has been reported and interpreted by the media in the United States and what effects those reports and interpretations have had on the people at home and on the battlefield. Covering press-U.S. military relationships from the early North American colonial wars to the present wars in Iraq and Afghanistan, this two-volume encyclopedia focuses on the ways in which government and military leaders have used the media to support their actions and the ways in which the media has been used by other forces with different views and agendas. The volumes highlight major events and important military, political and cultural players, offering fresh perspectives on all of America's conflicts. Bringing these wars together in one source allows readers to see how media affected the conflicts individually but also understand how the use of the various forms of media—print, radio, television, film and electronic—have developed and changed over the years. *A Cruel Theatre of Self-Immolations* Grzegorz Ziolkowski, 2020-02-13 *A Cruel Theatre of Self-Immolations* investigates contemporary protest self-burnings and their echoes across culture. The book provides a conceptual frame for the phenomenon and an annotated comprehensive timeline of suicide protests by fire, supplemented with notes on artworks inspired by or devoted to individual cases. The core of the publication consists of six case studies of these ultimate acts, augmented with analyses and interpretations hailing from the visual arts, film, theatre, architecture and literature. By examining responses to these events within an interdisciplinary frame, Ziolkowski highlights the phenomenon's global reach and creates a broad yet in-depth exploration of the problems that most often prompt these self-burnings, such as religious discrimination and harassment, war and its horrors, the brutality and indoctrination of authoritarian regimes and the apathy they produce, as well as the exploitation of the so-called subalterns and their exclusion from mainstream economic systems. Of interest to scholars from an array of fields, from theatre and performance to visual art to religion and politics, *A Cruel Theatre of Self-Immolations* offers a unique look at voluntary demonstrative and radical performances of shock and subversion. **Overthrow** Stephen Kinzer, 2007-02-06 Stephen Kinzer's *Overthrow* provides a fast-paced narrative history of the coups, revolutions and invasions by which the United States has toppled fourteen foreign governments, not always to its own benefit. Regime change did not begin with the administration of George W. Bush but has been an integral part of U.S. foreign policy for more than one hundred years. Starting with the overthrow of the Hawaiian monarchy in 1893 and continuing through the Spanish American

War and the Cold War and into our own time the United States has not hesitated to overthrow governments that stood in the way of its political and economic goals The invasion of Iraq in 2003 is the latest though perhaps not the last example of the dangers inherent in these operations In *Overthrow* Stephen Kinzer tells the stories of the audacious politicians spies military commanders and business executives who took it upon themselves to depose monarchs presidents and prime ministers He also shows that the U S government has often pursued these operations without understanding the countries involved as a result many of them have had disastrous long term consequences In a compelling and provocative history that takes readers to fourteen countries including Cuba Iran South Vietnam Chile and Iraq Kinzer surveys modern American history from a new and often surprising perspective Detailed passionate and convincing with the pace and grip of a good thriller Anatol Lieven *The New York Times Book Review* **War and Press Freedom** Jeffery A. Smith, 1999-02-25 War and Press Freedom The Problem of Prerogative Power is a groundbreaking and provocative study of one of the most perplexing civil liberties issues in American history What authority does or should the government have to control press coverage and commentary in wartime First Amendment scholar Jeffery A Smith shows convincingly that no such extraordinary power exists under the Constitution and that officials have had to rely on claiming the existence of an autocratic higher law of survival Smith carefully surveys the development of statutory restrictions and military regulations for the news media from the ratification of the Bill of Rights in 1791 through the Gulf War of 1991 He concludes that the armed forces can justify refusal to divulge a narrow range of defense secrets but that imposing other restrictions is unwise unnecessary and unconstitutional In any event as electronic communication becomes almost impossible to constrain soldiers and journalists must learn how to respect each other's obligations in a democratic system Once Upon a Distant War William Prochnau, 2019-11-20 Once Upon a Distance War tells the stories of such young Vietnam war correspondents as Neil Sheehan Peter Arnett and David Halberstam providing a riveting chronicle of high adventure and brutal slapstick gallantry and cynicism as well as a vital addition to the history they shaped Prochnau tells a Vietnam story we haven't heard before Complex witty and humane Tobias Wolff of photos On Their Own Joyce Hoffmann, 2008-06-24 Over three hundred women both print and broadcast journalists were accredited to chronicle America's activities in Vietnam Many of those women won esteemed prizes for their reporting including the Pulitzer the Overseas Press Club Award the George Polk Award the National Book Award and the Bancroft Prize for History Tragically several lost their lives covering the war while others were wounded or taken prisoner In this gripping narrative veteran journalist Joyce Hoffmann tells the important yet largely unknown story of a central group of these female journalists including Dickey Chapelle Gloria Emerson Kate Webb and others Each has a unique and deeply compelling tale to tell and vivid portraits of their personal lives and professional triumphs are woven into the controversial details of America's twenty year entanglement in Southeast Asia **Vietnam**, 2013-10-01 This collection of images from the Associated Press Saigon bureau is the ultimate photographic record of the drama and tragedy of the Vietnam War To cover

the Vietnam War the Associated Press gathered an extraordinary group of superb photojournalists in its Saigon bureau creating one of the great photographic legacies of the 20th century Collected here are images that tell the story of the war that left a deep and lasting impression on American life These are pictures that both recorded and made history Author and journalist Pete Hamill who reported from Vietnam in 1965 celebrates the achievement of these courageous photojournalists in a moving introductory essay **A Time for War** Robert D. Schulzinger,1997 Eminent historian Robert D Schulzinger combines the newly available documentary evidence both in public and private archives to produce an ambitious masterful account of three decades of war in Vietnam *Defining Moments in Journalism* Nancy J. Woodhull,Robert W.

Snyder,2018-02-06 Most great transformations are not apparent as we live through them Only in hindsight do individual moments acquire layers of meaning that give them great significance Looking back is not something that comes naturally to journalists immersed as they are in breaking events and relentless deadlines But there is still good reason for journalists scholars and people who care about journalism to think about the critical episodes in its recent evolution In *Defining Moments in Journalism* such authors vividly describe episodes of this kind Some of the chapters and contributors include *The Lessons of Little Rock* by Harry S Ashmore *Vietnam and War Reporting* by Peter Arnett *Photo journalists Visionaries Who Have Changed Our Vision* by Jane M Rosett *The Weight of Watergate* by Ellen Hume *Women Sportswriters Business as Usual* by Mary Schmitt *The Connie Chung Phenomenon* by Somini Sengupta and *Covering Politics Is There a Female Difference* by Judy Woodruff The years since the Great Depression and World War II have seen vast changes in America and also in its journalism Journalists relationship to power and authority is more complex the press corps has become more diverse the technology of news reporting is almost unrecognizably different from that of fifty years ago and economic reorganization of the media has bundled news and entertainment organizations into conglomerates of extraordinary size *Defining Moments in Journalism* is a fascinating read for communications scholars and professionals historians and political scientists **The**
