Rethinking Home Economics Women And The History Of A Profession:

Rethinking Home Economics Sarah J. Stage, Virginia B. Vincenti, 2018-07-05 Until recently historians tended to dismiss home economics as little more than a conspiracy to keep women in the kitchen This landmark volume initiates collaboration among home economists family and consumer science professionals and women s historians What knits the essays together is a willingness to revisit the subject of home economics with neither indictment nor apology The volume includes significant new work that places home economics in the twentieth century within the context of the development of women s professions *Rethinking Home Economics* documents the evolution of a profession from the home economics movement launched by Ellen Richards in the early twentieth century to the modern field renamed Family and Consumer Sciences in 1994 The essays in this volume show the range of activities pursued under the rubric of home economics from dietetics and parenting teaching and cooperative extension work to test kitchen and product development Exploration of the ways in which gender race and class influenced women s options in colleges and universities hospitals business and industry as well as government has provided a greater understanding of the obstacles women encountered and the strategies they used to gain legitimacy as the field developed *Rethinking Home Economics* Sarah Stage, 1997 *Remaking Home Economics* Sharon Y. Nickols, Gwen Kay, 2015 An interdisciplinary effort of scholars from history women s studies and family and consumer sciences *Remaking Home Economics* covers the field s history of opening career opportunities for women and responding to domestic and social issues Calls to bring back home economics miss the point that it never went away say Sharon Y Nickols and Gwen Kay home economics has been remaking itself in study and practice for more than a century These new essays relevant for a variety of fields history women s studies STEM and family and consumer sciences itself take both current and historical perspectives on defining issues including home economics philosophy social responsibility and public outreach food and clothing gender and race in career settings and challenges to the field s identity and continuity Home economics history offers a rich case study for exploring common ground between the broader culture and this highly gendered profession This volume describes the resourcefulness of past scholars and professionals who negotiated with cultural and institutional constraints to produce their work as well as the innovations of contemporary practitioners who continue to change the profession including its name and identity The widespread urge to reclaim domestic skills along with a continual need for fresh ways to address obesity elder abuse household debt and other national problems affirms the field s vitality and relevance This volume will foster dialogue both inside and outside the academy about the changes that have remade and are remaking family and consumer sciences

The Family in America Joseph M. Hawes, Elizabeth F. Shores, 2002-05-22 An incisive multidisciplinary look at the American family over the past 200 years written by respected scholars and researchers *Family in America* offers two powerful antidotes to popular misconceptions about American family life historical perspective and scientific objectivity When we look back at our early history we discover that the idealized 1950s family characterized by a rising birthrate a

stable divorce rate and a declining age of marriage was a historical aberration out of line with long term historical trends Working mothers we learn are not a 20th century invention most families throughout American history have needed more than one breadwinner In the exciting new scholarship described here readers will learn precisely what is new in American family life and what is not and acquire the perspective they need to appreciate both the genuine improvements and the losses that come with change

«**Eighth Sister No More**» Paul P. Marthers,2010 When founded in 1911 Connecticut College for Women was a pioneering women s college that sought to prepare the progressive era s new woman to be self sufficient Despite a path breaking emphasis on preparation for work in the new fields opening to women Connecticut College and its peers have been overlooked by historians of women s higher education This book makes the case for the significance of Connecticut College s birth and evolution and contextualizes the college in the history of women s education Eighth Sister No More examines Connecticut College for Women s founding mission and vision revealing how its grassroots founding to provide educational opportunity for women was altered by coeducation how the college has been shaped by changes in thinking about women s roles and alterations in curricular emphasis and the role local community ties played at the college s point of origin and during the recent presidency of Claire Gaudiani the only alumna to lead the college Examining Connecticut College s founding in the context of its evolution illustrates how founding mission and vision inform the way colleges describe what they are and do and whether there are essential elements of founding mission and vision that must be remembered or preserved Drawing on archival research oral history interviews and seminal works on higher education history and women s history Eighth Sister No More provides an illuminating view into the liberal arts segment of American higher education

Scientists , Gender and Technology Nina Lerman, Ruth Oldenziel, Arwen P. Mohun, 2003-10-15 McGraw Joy Parr Simon Fraser University *Things American* Jeffrey Trask, 2011-11-29 American art museums of the Gilded Age were established as civic institutions intended to provide civilizing influences to an urban public but the parochial worldview of their founders limited their democratic potential Instead critics have derided nineteenth century museums as temples of spiritual uplift far removed from the daily experiences and concerns of common people But in the early twentieth century a new generation of cultural leaders revolutionized ideas about art institutions by insisting that their collections and galleries serve the general public *Things American Art Museums and Civic Culture in the Progressive Era* tells the story of the civic reformers and arts professionals who brought museums from the realm of exclusivity into the progressive fold of libraries schools and settlement houses Jeffrey Trask's history focuses on New York's Metropolitan Museum of Art which stood at the center of this movement to preserve artifacts from the American past for social change and Americanization Metropolitan trustee Robert de Forest and pioneering museum professional Henry Watson Kent influenced a wide network of fellow reformers and cultural institutions Drawing on the teachings of John Dewey and close study of museum developments in Germany and Great Britain they expanded audiences changed access policies and broadened the scope of what museums collect and display They believed that tasteful urban and domestic environments contributed to good citizenship and recognized the economic advantages of improving American industrial production through design education Trask follows the influence of these people and ideas through the 1920s and 1930s as the Met opened its innovative American Wing while simultaneously promoting modern industrial art *Things American* is not only the first critical history of the Metropolitan Museum The book also places museums in the context of the cultural politics of the progressive movement illustrating the limits of progressive ideas of democratic reform as well as the boldness of vision about cultural capital promoted by museums and other cultural institutions

Housework and Housewives in American Advertising Jessamyn Neuhaus, 2011-11-07 An analysis of how since the end of the 19th century advertising agencies and their housework product clients utilized a remarkably consistent

depiction of housewives and housework illustrating that although Second Wave feminism successfully called into question the housewife stereotype homemaking has remained an American feminine ideal Newcomb College, 1886-2006 Susan Tucker, Beth Willinger, 2012-05-07 Newcomb College 1886 2006 shares the rich history and tradition of the college through a diverse and multidisciplinary collection of essays Early chapters focus on the life of Josephine Louise Newcomb and her desire to memorialize her daughter Sophie as well as the development of student culture in the Progressive Era Several essays explore the staples of a Newcomb education from its acclaimed pottery and junior year abroad programs to lesser known but trailblazing work in physical education and chemistry Concluding biographical and autobiographical chapters recount the lives of distinguished alumnae and the personal memories of Newcomb's influence on New Orleans Touching on three centuries the book concludes in 2006 when Tulane University closed Newcomb College and Paul Tulane College the arts and sciences college for men and united the two as Newcomb Tulane College This absorbing collection offers a scholarly history and affectionate tribute to a Newcomb education *British and American School Stories, 1910-1960* Nancy G. Rosoff, Stephanie Spencer, 2019-02-25 This book examines school and college fiction for girls in Britain and the United States written in the first half of the twentieth century to explore the formation and ideologies of feminine identity Nancy G Rosoff and Stephanie Spencer develop a transnational framework that recognises how both constructed and essential femininities transcend national boundaries The book discusses the significance and performance of female friendship across time and place which is central to the development of the genre and how it functioned as an important means of informal education Stories by Jessie Graham Flower Pauline Lester Alice Ross Colver Elinor Brent Dyer and Dorita Fairlie Bruce are set within their historical context and then used to explore aspects of sociability authority responsibility domesticity and possibility The distinctiveness of this book stems from the historical analysis of these sources which have so far primarily been treated by literary scholars within their national context Winner of the History of Education Society Anne Bloomfield Prize for the best book on history of education published in English 2017 19 Girlhood in America Miriam Forman-Brunell, 2001-06-08 This groundbreaking reference work presents more than 100 articles by 98 high profile interdisciplinary scholars covering all aspects of girls roles in American society past and present In this comprehensive readable two volume encyclopedia experts from a variety of disciplines contribute pieces to the puzzle of what it means and what it has meant over the last 400 years to be a girl in America The portrait that emerges reveals deep differences in girls experiences depending on socioeconomic context religious and ethnic traditions family life schools institutions and the messages of consumer and popular culture Girls have been commodified idealized trivialized eroticized and shaped by the powerful forces of popular culture from Little Women to Barbie Yet girls are also powerful co creators of the culture that shapes them often cleverly subverting it to their own purposes From Pocahontas to punk rockers girls have been an integral if overlooked and undervalued part of American culture
