Russia Reaction And Revolution:

Reaction and Revolution Michael Lynch,2005 Provides both a narrative and analysis of the background course and effects of the 1917 revolution Beginning with an overview of Imperial Russia and the problems and challenges it faced this book goes on to look at the growth of revolutionary movements which would eventually lead to the October Revolution

Access to History: Reaction and Revolution: Russia 1894-1924 Third edition Michael Lynch,2005-05-27 The Access to History series is the most popular and trusted series for AS and A level history students The third edition of this best selling title provides both a narrative and analysis of the background course and effects of the 1917 revolution Beginning with an overview of Imperial Russia and the problems and challenges it faced it goes on to look at the growth of revolutionary movements which would eventually lead to the October Revolution It then examines how the Bolsheviks consolidated their power under Lenin Throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined Summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips for each examination board provide the opportunity to develop exam skills

Access to History: Reaction and Revolution: Russia 1894-1924 Fourth Edition Michael Lynch,2015-04-24 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including Edexcel Russia in Revolution 1894 1924 **Reaction and Revolution** Michael Lynch,2015 Give your students the best chance of success with this tried and tested series combination of in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A Level History students Reaction and Revolution Russia 1894 1924 Fourth Edition supports the content and assessment requirements of the 2015 Edexcel A Level History specification Contains authoritative and engaging content including the rule of Nicholas II the February and October Revolutions and the consolidation of Bolshevik power Includes thought provoking A Brief History of Russia Michael Kort,2008 Serves as a guide to the history and culture of Russia This book details the social economic and political changes and crises that the people of Russia have had to endure It includes a chronology bibliography and suggested readings It also covers the conquest and rule of Russia by the Mongol Golden Horde as well as the reign of terror **Russia's Revolution from Above, 1985-2000** Gordon Hahn,2018-04-27 The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the

last decades of the twentieth century The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland Hungary or Latin America It was not primarily the result of social modernization the rise of a new middle class or of national liberation movements in the non Russian union republics Instead as Gordon Hahn argues the Russian transformation was a bureaucrat led state based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990 91 to dismantle the institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB and military were under RSFSR control In Hahn s account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia s Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars

Russia John H. Jensen,1977 **Reaction, Revolution and The Birth of Nazism**

Nick Shepley,2015-12-07 By the end of the First World War Germany was in a state of anarchy as rival political forces battled to determine her fate Since Germany s birth in 1871 the ideas behind the revolution the broke out in 1918 socialism communism anarchism had been countered by a growing reactionary nationalism racism and anti Semitism and it would be in the crucible of war that these conflicting beliefs would finally clash This ebook tells the story of the German Revolution of 1918 an often overlooked event that had consequences every bit as far reaching as its Russian counterpart in 1917 It is the first part in a series that will look at the German Century Explaining History is a series of ebook titles dedicated to making 20th Century history accessible for all readers ideal for enthusiasts students and readers who want to know more

Reaction & Revolutions Michael Lynch,2000 This second edition aims to provide both a narrative and an analysis of the background course and effects of the 1917 revolution in Russia Beginning with an examination of Tsardom the text describes the growth of revolutionary movements analyzes the failure of government to modernize Russia and concludes with a study and assessment of the impact of Bolshevism between 1917 and 1924 The book also incorporates the evidence relating to the Russian Revolution that has come to light since the collapse of the USSR in the early 1990s Features include study guides exercises advice on tackling differentiated exam questions points to consider and key issues and dates The text is designed for A AS level students and undergraduates

The Proletarian Revolution in Russia Vladimir Il'ich Lenin,Leon

Trotsky, 1918 **Revolutionary Russia, 1917** Christopher J. Ward, John M. Thompson, 2025-04-25 The Russian Revolution of 1917 was a defining moment in world history setting the stage for political upheaval and ideological conflict that shaped the modern world From the fall of the Romanovs to the rise of Bolshevik rule the revolution's effects extended far beyond Russia's borders influencing movements and governments worldwide This concise and thought provoking book provides a clear narrative of the revolution while critically examining its causes and complexities Through insightful analysis Christopher Ward and John Thompson encourage readers to explore the key events and lasting consequences of 1917 making it an essential resource for understanding one of history's most pivotal moments *Revolution and Reform in Russia and Iran* Ghoncheh Tazmini, 2012-03-30 The Russian Revolutions of 1917 and the Iranian Revolution of 1979 are two examples of dramatic sudden and extraordinary political upheaval that significantly altered the nature of the state and society in the modern age Here Ghoncheh Tazmini provides an unprecedented comparative study of these two major revolutions of the twentieth century which although removed from each other both spatially and temporally have striking similarities Examining the roots events and impact of these two defining upheavals Tazmini analyses how they resemble each other stressing the continuity of the dilemma of modernisation for the Romanov Pahlavi Communist and Islamist rulers alike This book is a significant contribution to both historical and contemporary debates concerning Russian and Iranian politics and to the discourse on the origins and consequences of modernisation and revolution themselves *War & Revolution in Asiatic Russia* Morgan Philips Price, 1918 **Security in Shared Neighbourhoods** Licinia Simão, 2016-02-26 This edited volume addresses the foreign policy approaches demonstrated by the European Union EU Russia and Turkey towards their shared neighbourhood These three geopolitical players promote active foreign and security policies towards the Black and Caspian Seas the Mediterranean and the Middle East and determine stability in these regions **Role Theory and Russian Foreign Policy** Damian Strycharz, 2022-04-27 Despite the increased interest in Russia and its international behaviour current analyses leave much unexplained Damian Strycharz fills this gap in the literature by analysing leaders' perceptions and the interactions between internal and external factors shaping foreign policy decisions Challenging existing interpretations of Russian foreign policy and advancing our understanding on how role dynamics occur in non democracies Strycharz examines Russia's reactions to the 2003 4 colour revolutions in Georgia and Ukraine the Five Day War in Georgia and the Euromaidan Revolution He argues that divergent reactions to these upheavals result from a profound change in the leadership perceptions of Russia's international responsibilities Consequently a shift in the understanding of Russia's international duties and departure from the Western partner role resulted in more assertive foreign policy behaviour exemplified by the intervention in Georgia and the annexation of Crimea The book demonstrates that processes of foreign policy formation in Russia are more complex and include more actors than commonly assumed Role Theory and Russian Foreign Policy is an ideal resource for scholars and researchers of international relations foreign policy and post Soviet

politics *Reassessing Security in the South Caucasus* Annie Jafalian, 2016-04-08 Lying on the periphery of Europe Russia Turkey and Iran and also being of interest to the United States the South Caucasus is receiving growing attention among decision makers and scholars of international relations From a European perspective the region is now forming a neighbouring area at the border of the Black Sea as well as a corridor of oil and gas imports whose stability has become part of European security itself As such this volume reassesses security in the South Caucasus It makes it possible to update analysis on security interests perceptions and policies at national regional and international levels through cross national studies Aimed at highlighting long term defence and security trends in the region contributors re examine their relevance and enduring impact They also identify changing dynamics under recent geopolitical and political developments in and around the region such as the enlargements of NATO the August 2008 Russia Georgia war the creation of the EU Eastern Partnership or Presidential elections One of this volume s distinct contributions is that chapters have been written by experts from inside and around the region i e Armenia Georgia Russia and Turkey with other important contributions provided by authors from France and Canada having extensive experience in the area Students and scholars of post Soviet states Eurasian geopolitics and European Security will find this volume enlightening **The Revolution of 1905 and Russia's Jews** Stefani Hoffman, Ezra Mendelsohn, 2008-03-26 In this multidisciplinary volume leading historians provide new understanding of a time that sent shockwaves through Jewish communities in and beyond the Russian Empire and transformed the way Jews thought about the politics of ethnic and national identity **Joining the Fray** Zachary C. Shirkey, 2016-05-06 National leaders often worry that civil wars might spread but also seem to have little grasp on which civil wars will in fact draw in other states An ability to understand which civil wars are most likely to draw in outside powers and when this is likely to happen has important policy implications as well as simply answering a scholarly question Joining the Fray takes existing explanations about which outside states are likely to intervene militarily in civil wars and adds to them explanations about when states join and why Building on his earlier volume *Is this a Private Fight or Can Anybody Join* Zachary C Shirkey looks at how the decision to join a civil war can be intuitively understood as follows given that remaining neutral was wise when a war began something must change in order for a country to change its beliefs about the benefits of fighting and join the war This book studies what these changes are focusing in particular on revealed information and commitment problems *Handbook on the Politics of Small States* Godfrey Baldacchino, Anders Wivel, 2020-03-28 Comprehensive and timely this Handbook identifies the key characteristics challenges and opportunities involved in the politics of small states across the globe today Acknowledging the historical legacies behind these states the chapters unpack the costs and benefits of different political models for small states **Selected Articles on Russia** , 1918
