Russia Speaks An Oral History From The Revolution To The Present:

Russia Speaks Richard Lourie,1991 Weaves personal narratives into a Tolstoyan epic of Russia in the twentieth century

Soviet Scientists Remember Maria A. Rogacheva,2019-11-21 Maria Rogacheva's *Soviet Scientists Remember* gives voice to one of the most prominent and educated groups in the late USSR scientists Lifting the veil of secrecy that covered scientists during the Cold War this book brings together six first person accounts of residents of the formerly closed scientific town of Chernogolovka In their interviews scientists talk about growing up in Stalin's Russia and surviving the Great Patriotic War their decision to join the scientific intelligentsia and the outstanding opportunities that were available to them in the heyday of the Cold War They reflect on their daily lives in a privileged scientific community and their relationship with the Soviet state and the Communist Party *Soviet Scientists Remember* sheds light on how ordinary people experienced the transformation of Soviet society after Stalin's death as well as its tumultuous transition to the post Soviet era in the 1990s

A History Of Russia Volume 2 Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

Russia's Sputnik Generation Donald J. Raleigh,2006-06-02 Russia's *Sputnik Generation* presents the life stories of eight 1967 graduates of School No 42 in the Russian city of Saratov Born in 1949-50 these four men and four women belong to the first generation conceived during the Soviet Union's return to normality following World War II Well educated articulate and loosely networked even today they were first graders the year the USSR launched Sputnik and grew up in a country that increasingly distanced itself from the excesses of Stalinism Reaching middle age during the Gorbachev Revolution they negotiated the transition to a Russian style market economy and remain active productive members of society in Russia and the diaspora In candid interviews with Donald J Raleigh these Soviet baby boomers talk about the historical times in which they grew up but also about their everyday experiences their family backgrounds childhood pastimes favorite books movies and music and influential people in their lives These personal testimonies shed valuable light on Soviet childhood and adolescence on the reasons and course of perestroika and on the wrenching transition that has taken place since the collapse of the Soviet Union in 1991

A Global Encyclopedia of Historical Writing, Volume 2 D.R. Woolf,2022-09-30 First published in 1998 Including a wide range of information and recommended for academic libraries this encyclopedia covers historiography and historians from around the world and will be a useful reference to students researchers scholars librarians and the general public who are interested in the writing of history Volume II covers entries from K to Z

The Russian Revolution and Civil War 1917-1921 Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods

in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state *Such Freedom, If Only Musical* Peter J Schmelz, 2009-03-04 Following Stalin's death in 1953 during the period now known as the Thaw Nikita Khrushchev opened up greater freedoms in cultural and intellectual life A broad group of intellectuals and artists in Soviet Russia were able to take advantage of this and in no realm of the arts was this perhaps more true than in music Students at Soviet conservatories were at last able to use various channels many of questionable legality to acquire and hear music that had previously been forbidden and visiting performers and composers brought young Soviets new sounds and new compositions In the 1960s composers such as Andrey Volkonsky Edison Denisov Alfred Schnittke Arvo Pärt Sofia Gubaidulina and Valentin Silvestrov experimented with a wide variety of then new and unfamiliar techniques ranging from serialism to aleatory devices and audiences eager to escape the music of predictable sameness typical to socialist realism were attracted to performances of their new and unfamiliar creations This unofficial music by young Soviet composers inhabited the gray space between legal and illegal *Such Freedom If Only Musical* traces the changing compositional styles and politically charged reception of this music and brings to life the paradoxical freedoms and sense of resistance or opposition that it suggested to Soviet listeners Author Peter J Schmelz draws upon interviews conducted with many of the most important composers and performers of the musical Thaw and supplements this first hand testimony with careful archival research and detailed musical analyses The first book to explore this period in detail *Such Freedom If Only Musical* will appeal to musicologists and theorists interested in post war arts movements the Cold War and Soviet music as well as historians of Russian culture and society *Sakharov: A Biography* Richard Lourie, 2019-08-09 Seemingly shy Andrei Sakharov was in fact a man of three great passions His passion for physics ultimately led him to create the Soviet H Bomb making the USSR a super power But he rejected all the position and prestige his inventions had brought him in the name of a greater passion for justice And yielding nothing to these two passions was his passion for human rights activist Elena Bonner their love story one of the great romances of our time This book tells the story of the man his passions and the time and place where they all played out As Richard Lourie's new subtle and revealing biography of Sakharov demonstrates Sakharov ranks with Nelson Mandela as a person who helped guide his country to democracy changing himself in the process One of the strengths of Lourie's biography is his description and analysis of how this transition occurred a fascinating account of Sakharov Lourie's analysis of Sakharov's complicated political journey seems

authentic and immensely revealing Loren Graham *The New York Times* A vivid portrait of Sakharov this moral and intellectual giant Lourie has written a highly intelligent and exceptionally readable book He not only captures his protagonist admirably but exhibits a fine feel for the social and political backdrop as well as for the peculiar mixture of fearful servility and courageous generosity of the Russian people Among other things he vividly brings to life how the Communist regime constrained scientists sometimes even arresting and murdering them while those who survived persevered in their work to achieve remarkable results Aleksa Djilas *Commentary Magazine* Lourie does full justice to a life that could not be more engrossing The socially introverted son of Moscow intelligentsia Andrei Sakharov became a star physics pupil then chief architect of the Soviet Union's first thermonuclear device and later on a dissident and target of KGB ire and finally the moral conscience of a democratically awakening Russia The evolution from a politically passive scientist to a lonely figure holding sidewalk vigils outside kangaroo courtrooms is almost unfathomable for a non Russian Lourie however makes it comprehensible not least by painting with an artist's spare deft strokes this transcendent figure into the history of his day Robert Legvold *Foreign Affairs* Richard Lourie is ideally placed to write the first full biography of this remarkable man He was able to interview Sakharov and many of his colleagues He has translated Sakharov's memoirs and often uses direct speech drawn from them to take us behind the scenes without giving rise to the usual suspicion of novelistic invention This makes for an engagingly readable book Lourie's appraisal of Sakharov as a man is scrupulously balanced with as much emphasis on his obstinacy as on his compassion The book conveys both the elation of scientific work the intense love between Sakharov and his second wife and the bewildering nature of human courage Elaine Feinstein *The Telegraph* The inventor of the Soviet H bomb Sakharov was in the forefront of the post war breakthrough in thermonuclear physics that led to the creation of atomic energy Yet he also stood heroically at times in the vanguard of the movement for human rights in the Soviet Union Richard Lourie tells both these stories in this first full length biography of the physicist and dissident Lourie has benefited from the recent publication of the KGB files on Sakharov He also knew the man himself whose *Memoirs* he helped to smuggle out of Russia to the West where they were published in Lourie's translation a year after Sakharov's death in 1989 Sakharov's widow Elena Bonner has helped Lourie's research which adds a welcome new perspective on the last 20 years of his eventful life when husband and wife were subjected to a bullying campaign of threats and slander by the KGB in a vain attempt to silence them Orlando Figes *The Telegraph* A solid factual and interpretive study Sakharov is an important account of one scientist's courage and his quest for a humane world at peace Herbert Mitgang *Chicago Tribune* This first biography of the renowned physicist Soviet dissident and Nobel Peace Prize winner weaves the details of Sakharov's life together with the history of the Soviet Union which barely outlasted him Lourie describes Sakharov's upbringing in a liberal family and his rise through the Soviet science program during the 1930s and 40s Lourie's vivid accounts of Sakharov's meetings with Stalin and KGB chief Beria his role in the intelligentsia his marriages and his cramped apartments offer a textured picture of Soviet

life during the Cold War Lourie's intelligent engaging biography will be appreciated by those interested in Russian and Cold War history Publishers Weekly The American Bibliography of Slavic and East European Studies Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology The Forsaken Tim Tzouliadis, 2008 Tzouliadis presents this remarkable piece of forgotten history the story of how thousands of Americans were lured to Soviet Russia by the promise of jobs and better lives only to meet a tragic and until now forgotten end Soviet Baby Boomers Donald J. Raleigh, 2013-09-19 Soviet Baby Boomers traces the collapse of the Soviet Union and the transformation of Russia into a modern highly literate urban society through the life stories of the country's first post World War II Cold War generation Putin Richard Lourie, 2017-07-18 An electrifying and timely book by leading Russian expert Richard Lourie that explores Putin's failures and whether Trump's election gives Putin extraordinarily dangerous opportunities in our mad new world A master chronicler of modern Russia Drawing on his own expertise Lourie paints a convincing portrait of a ruthless authoritarian leader headed toward failure This book serves as an essential primer on Putin and by extension Russia Publishers Weekly For reasons that are made clear in this book Putin's Russia will collapse just as Imperial Russia did in 1917 and as Soviet Russia did in 1991 The only questions are when how violently and with how much peril for the world The U S election complicates everything including Putin's next land grab Exploitations of the Arctic Cyber espionage Putin and China and many more crucial topics Putin His Downfall and Russia's Coming Crash is an essential read for everybody bewildered and dismayed by the new world order When Sonia Met Boris Anna Shternshis, 2017-01-16 Soviet Jews lived through a record number of traumatic events the Great Terror World War II the Holocaust the Famine of 1947 the Doctors Plot the antisemitic policies of the postwar period and the collapse of the Soviet Union But like millions of other Soviet citizens they married raised children and built careers pursuing life as best as they could in a profoundly hostile environment One of the first scholars to record and analyze oral testimonies of Soviet Jews Anna Shternshis unearths their everyday life and the difficult choices that they were forced to make as a repressed minority living in a totalitarian regime Drawing on nearly 500 interviews with Soviet citizens who were adults by the 1940s When Sonia Met Boris describes both indirect Soviet control mechanisms such as housing policies and unwritten quotas in educational institutions and personal strategies to overcome ignore or even take advantage of those limitations The interviews reveal how ethnicity was rapidly transformed into a negative characteristic almost a disability for Soviet Jewry in the postwar period Ultimately Shternshis shows after decades living in a repressive nominally atheistic state these Jews did manage to retain a complex sense of Jewish identity but one that fully disassociates Jewishness from Judaism and instead associates it with secular society prioritizing chess over Talmud classical music over Hasidic tunes Gracefully weaving together poignant stories intimate reflections and witty anecdotes When Sonia Met Boris traces the unusual

contours of contemporary Russian Jewish identity back to its roots **Oral History** ,1990 [A Hatred for Tulips](#) Richard Lourie,2007-08-07 People who don't have secrets imagine them as dark and hidden It's just the opposite Secrets are bright They light you up Like the bare lightbulb left on in a cell day and night they give you no rest So thinks Joop the narrator of this brief and bitter tale whose secret is like no other He has kept that secret for more than sixty years but now his brother whom he has not seen since the end of the war has suddenly shown up at his door Having grown up in North America with only the vaguest memories of World War II Joop's brother has returned to Amsterdam to find out what his childhood in Holland had been like But what he discovers is much more than he bargained for he is startled and dismayed to learn of his own role in the betrayal of Anne Frank Transporting readers through the agonizing Nazi takeover of World War II Joop recounts his role as a boy desiring to feed his starving family He figures out a way to provide for them but in doing so he sets in motion a chain of events that will horrify the entire world Just as he did in the internationally acclaimed *The Autobiography of Joseph Stalin* here Richard Lourie takes us into not only a person's mind a time and a place but into the treacherous currents of history that sweep lives away This gripping fictionalized account of the man who betrayed Anne Frank will not soon be forgotten [Literature Connections to World History 712](#) Lynda G. Adamson,1998-06-15 Identifying thousands of historical fiction novels biographies history trade books CD ROMs and videotapes these books help you locate resources on world history for students Each is divided into two sections In the first part titles are listed according to grade levels within specific geographic areas and time periods They are further organized by product type Both books cover world history from Prehistory and the Ancient World to 54 B C to the modern era Other chapters include Roman Empire to A D 476 Europe and the British Isles Africa and South Africa Australia New Zealand Pacific Islands and Antarctica Canada China India Tibet and Burma Israel and Arab Countries Japan Vietnam Korea Cambodia and Thailand and South and Central America and the Caribbean The second section has an annotated bibliography that describes each title and includes publication information and awards The focus is on books published since 1990 and all have received at l **The Second World War** Antony Beevor,2012-06-05 A masterful and comprehensive chronicle of World War II by internationally bestselling historian Antony Beevor Over the past two decades Antony Beevor has established himself as one of the world's premier historians of WWII His multi award winning books have included *Stalingrad* and *The Fall of Berlin 1945* Now in his newest and most ambitious book he turns his focus to one of the bloodiest and most tragic events of the twentieth century the Second World War In this searing narrative that takes us from Hitler's invasion of Poland on September 1st 1939 to V J day on August 14 1945 and the war's aftermath Beevor describes the conflict and its global reach one that included every major power The result is a dramatic and breathtaking single volume history that provides a remarkably intimate account of the war that more than any other still commands attention and an audience Thrillingly written and brilliantly researched Beevor's grand and provocative account is destined to become the definitive work on this complex tragic and endlessly fascinating period in world history

and confirms once more that he is a military historian of the first rank **A History of Russia: Since 1855** Walter Moss,2002 *Endgame 1944* Jonathan Dimbleby,2024-05-23 THE INSTANT SUNDAY TIMES BESTSELLER This book is his best yet Dimbleby's work is in a different league told with such skill and judgment Dominic Sandbrook Sunday Times A gripping and authoritative account of the year that sealed the fate of the Nazis from the bestselling historian June 1944 In Operation Bagration more than two million Red Army soldiers facing 500 000 German soldiers finally avenged their defeat in Operation Barbarossa in 1941 The same month saw the Allies triumph on the beaches of Normandy but despite the myths that remain it was the events on the Eastern Front that sealed Hitler's fate and destroyed Nazism In his new book bestselling historian Jonathan Dimbleby describes and analyses this momentous year covering the military political and diplomatic story in his evocative style Drawing on previously untranslated German Russian and Polish sources we see how sophisticated new forms of deception and ruthless Partisan warfare shifted the Soviets fortunes how their triumphs effectively gave Stalin authority to occupy Eastern Europe and how it was the events of 1944 that enabled Stalin to dictate the terms of the post war settlement laying the foundations for the Cold War Mr Dimbleby is a sure footed guide to the labyrinthine military operations along a front line that extended nearly 2 000 miles from the Baltic to the Black Sea Wall Street Journal Terrific a tour de force Sir Richard Evans Military history at its very best Keith Lowe Sunday Time Bestseller June 2024 **Joop** Richard Lourie,2008-10-14 In modern day Amsterdam an elderly man named Joop describes his desperate efforts to feed his starving family during World War II and reveals how his struggle to provide for them set in motion a horrifying chain of events

Decoding **Russia Speaks An Oral History From The Revolution To The Present**: Revealing the Captivating Potential of Verbal Expression
