**Women's Lives and Livelihoods in Post-Soviet Uzbekistan** Zulfiya Tursunova,2014-06-05 Women in Uzbekistan have been labeled as victims of patriarchy and submissive voiceless bodies who lack agency and decision making power They are also often symbolized as preservers of rituals and culture and also the victims of socio economic transformations During the

years of land tenure changes from collectivization to de collectivization World War II and the five year plan economy women played a vital role in pursuing a diverse range of livelihood opportunities to sustain their families and communities But what kind of livelihood activities do women pursue in rural areas in Uzbekistan What do they think about themselves Do they exercise agency What are their values desires dreams and inspirations in the post Soviet period in Uzbekistan Women s Lives and Livelihoods in Post Soviet Uzbekistan presents women s voices and their experiences of carrying out livelihood activities such as farming trading baking sewing building greenhouses and establishing furniture workshops In a major contribution to the study of post Soviet transformations Zulfiya Tursunova demonstrates how women exercise multi dimensional empowerment by joining social and economic saving networks such as gap and chernaya kassa These networks represent a collective movement and action against economic dependency of women on men and the state micro loan bank system The networks that do not require external donor interventions have been able to empower women for social justice knowledge redistribution of resources and conflict resolution in ways that are vital to community development Tursunova provides accounts of such ceremonies as mavlud ihson Bibi Seshanba and Mushkul Kushod These ceremonies show the ways the conflict resolution practices of women are woven into their everyday life and function autonomously from the hierarchical elite driven Women s Committees and state court systems established in the Soviet times Many local healers and otins religious teachers use their discursive knowledge based on Islam Sufism shamanism and animism to challenge and transform women s subordination abuse and other practices that impinge on women s needs and rights These female religious leaders through different ceremonial practices create space for raising the critical consciousness of women and transform the social order for maintaining peace in the communities Soviet Life ,1982 Independent and Weekly Review ,1917 **Self and Story in Russian History** Laura Engelstein,Stephanie Sandler,2018-08-06 Russians have often been characterized as people with souls rather than selves **Self and Story in Russian History** challenges the portrayal of the Russian character as selfless self effacing or self torturing by exploring the texts through which Russians have defined themselves as private persons and shaped their relation to the cultural community The stories of self under consideration here reflect the perspectives of men and women from the last two hundred years ranging from westernized nobles to simple peasants from such famous people as Tolstoy Dostoyevsky Akhmatova and Nicholas II to lowly religious sectarians Fifteen distinguished historians and literary scholars situate the narratives of self in their historical context and show how since the eighteenth century Russians have used expressive genres including diaries novels medical case studies films letters and theater to make political and moral statements The first book to examine the narration of self as idea and ideal in Russia this vital work contemplates the shifting historical manifestations of identity the strategies of self creation and the diversity of narrative forms Its authors establish that there is a history of the individual in Russian culture roughly analogous to the one associated with the West **The Century** ,1915 **Empire** D. C. B. Lieven,2002-01-01 Focusing on the Tsarist and Soviet empires of

Kliuchevskii,2016-09-16 This work by the great 19th century historian is available once again in an acclaimed 1968 translation that conveys the beauty of Kliuchevsky s language and the power of his ideas In this volume Kliuchevsky untangles the confused events of the Time of Troubles and the emergence of the Romanov dynasty and develops his interpretation of the century as prologue to the Petrine reforms He dramatically underlines the cultural divide between old Russia and the emergent autocracy and the strangely ambivalent relationship between Russia
