

Russia The Post War Years

Patrick Vollmar

Russia The Post War Years:

A History of Postwar Russia Roger Pethybridge, 2021-11-29 First Published in 1966 A History of Postwar Russia covers sixteen years of Soviet history from the closing stages of the Second World War 1945 until the Twenty second Soviet Party Congress 1961 dealing with both domestic and foreign policy and their influence on each other It aims at giving the overall shape of Soviet history in these years The author argues that in Soviet society each sector of activity must be viewed in relation to the whole so that the monolithic pattern of totalitarian politics can be appreciated More than any other major power the Soviet Union did not submit easily to compartmentalized study since every branch of Soviet life was carefully trimmed to grow towards the Communist aim This book is an essential read for scholars and researchers of Soviet history Soviet politics European history Russian history and comparative politics US Foreign Policy Towards Russia in the

Post-Cold War Era David Parker, 2019-06-07 This book discusses how the ideas expectations and mind sets that formed within different US foreign policy making institutions during the Cold War have continued to influence US foreign policy making vis vis Russia in the post Cold War era with detrimental consequences for US Russia relations It analyses what these ideas expectations and mind sets are explores how they have influenced US foreign policy towards Russia as ideational legacies including the ideas that Russia is untrustworthy has to be contained and that in some aspects the relationship is necessarily adversarial and outlines the consequences for US Russian relations It considers these ideational legacies in depth in relation to NATO enlargement democracy promotion and arms control and sets the subject in its wider context where other factors such as increasingly assertive Russian foreign policy impact on the relationship It concludes by demonstrating how tension and mistrust have continued to grow during the Trump administration and considers the future for US Russian relations

Economic Phenomena Before and After War Slavko Secerov, 2013-11-05 Economic Phenomena before and after War is the result of the author s search for a scientific explanation of modern wars by means of economic statistical data in the statistics of consumption production and natural growth of population The theory discussed assumes that a state of war in modern communities is dependent on the general economic equilibrium which becomes more and more unstable as industrialization progresses A state of war indicates a turning point in the action of balancing forces it moves the economic forces in an opposite direction and is therefore a means for stabilizing the general economic equilibrium **Military**

Masculinity and Postwar Recovery in the Soviet Union Erica L. Fraser, 2019-04-08 Catastrophic wartime casualties and postwar discomfort with the successes of women who had served in combat roles combined to shatter prewar ideals about what service meant for Soviet masculine identity The soldier had to be re imagined and resold to a public that had just emerged from the Second World War and a younger generation suspicious of state control In doing so Soviet military culture wrote women out and attempted to re establish soldiering as the premier form of masculinity in society Military Masculinity and Postwar Recovery in the Soviet Union combines textual and visual analysis as well as archival research to highlight the

multiple narratives that contributed to rebuilding military identities Each chapter visits a particular site of this reconstruction including debates about conscription and evasion appropriate role models for cadets misogynist military imagery in cartoons the fraught militarized workplaces of nuclear physicists and the first cohort of cosmonauts who represented the completion of the project to rebuild militarized masculinity *Russia at War, 1941-1945* Alexander Werth, 2017-03-14 In 1941 Russian born British journalist Alexander Werth observed the unfolding of the Soviet German conflict with his own eyes What followed was the widely acclaimed book *Russia at War* first printed in 1964 At once a history of facts a collection of interviews and a document of the human condition *Russia at War* is a stunning modern classic that chronicles the savagery and struggles on Russian soil during the most incredible military conflict in modern history As a behind the scenes eyewitness to the pivotal shattering events as they occurred Werth chronicles with vivid detail the hardships of everyday citizens massive military operations and the political movements toward diplomacy as the world tried to reckon with what they had created Despite its sheer historical scope Werth tells the story of a country at war in startlingly human terms drawing from his daily interviews and conversations with generals soldiers peasants and other working class civilians The result is a unique and expansive work with immeasurable breadth and depth built on lucid and engaging prose that captures every aspect of a terrible moment in human history Now newly updated with a foreword by Soviet historian Nicolas Werth the son of Alexander Werth this new edition of *Russia at War* continues to be indispensable World War II journalism and the definitive historical authority on the Soviet German war *World War II & the Post-War Years, Grades 4 - 7* Maria Backus, 2002-09-01 Provide challenging activities that enable students to explore history geography and social studies topics Activities include word searches fact or opinion creative writing and more Answer keys time lines and suggested reading lists are included *A History Of Russia Volume 2* Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world *Superpowers in the Post-Cold War Era* K. Aldred, Martin A. Smith, 1999-07-05 This book explores the question of where power lies in the post Cold War world The authors identify and discuss the factors which make the United States the world leader in the 1990s and consider the strengths and weaknesses of countries which may be on the way to becoming leaders in Europe Russia and the EU and Asia Japan and China *India-Russia Post Cold War Relations* Chandra Rekha, 2017-04-28 Post Cold War international relations have undeniably been a litmus test for the bilateral relations between India and Russia With the emergence of a new international system the foreign policies of both countries vacillated to explore new avenues of partnerships with other international players an opportunity that otherwise proved effective to a large extent National

priorities and the geo political architecture remodelled by the US thus compelled New Delhi and Moscow to pursue a foreign policy that moved away from serving the interests of each other While defining the trends in the bilateral relations between the two countries the strategic community has questioned whether the relationship can remain as special and strategic as it had been in the past Are both countries still as relevant to one another as they once were As the constant debate revolves around these questions the two entities have however indicated a certain level of distinguishing characteristics in order to address the complexities and challenges in the partnership and have acknowledged that their relationship is not only special but also indispensable What has also continued to remain undamaged and an integral part of the bilateral relations is mutual trust understanding and concern thus resulting in maturity and pragmatism irrespective of the uncertainties that the two countries face It is in this context that the new stage in the bilateral relations between the two countries requires a thorough assessment It stands to reason that with the developments that are taking place in the current international milieu there is a need for India and Russia to reemphasise their strong strategic partnership goodwill and diplomatic trust that have stood the test of time This book undertakes a serious assessment of the strategic partnership in the contemporary international set up The seven chapters of the book attempt to address the myriad challenges through detailed analyses and evaluation of the partnership between India and Russia in various spheres including the political defence economic nuclear energy science and technology security and strategic engagement Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

A History of the World from the 20th to the 21st Century John Ashley Soames Grenville, 2005 Provides a comprehensive survey of the key events and personalities of this period

Turkish Foreign Policy in the Post-cold War Period Nasuh Uslu, 2004 The framework of Turkish foreign policy The defense aspect of Turkish foreign policy The Western connection of Turkish foreign policy The Eastern connection of Turkish foreign policy The Middle Eastern connection of Turkish foreign policy The Greek and Balkan connection of Turkish foreign policy The general appraisal of Turkish foreign policy Conclusion the direction of Turkish foreign policy

Memory and Power in Post-War Europe Jan-Werner Müller, 2002-08-29 How has memory collective and individual influenced European politics after the Second World War and after 1989 in particular How has the past been used in domestic struggles for power and how have historical lessons been applied in foreign policy While there is now a burgeoning field of social and cultural memory studies mostly focused on commemorations and monuments this volume is the first to examine the connection between memory and politics directly It investigates how memory is officially recast personally reworked and often violently re instilled after wars and above all the ways memory shapes present power constellations The chapters combine theoretical innovation in their approach to the study of memory with deeply historical empirically based case studies of major European countries The volume concludes with reflections on the ethics of memory and the politics of truth justice and forgetting after 1945 and 1989

Late Stalinist Russia Juliane Fürst, 2006-09-27 With cutting edge research and contributions from top

scholars the late Stalinist period is thoroughly explored in this impressive work It explores a wide range of aspects of late Stalinist society focusing on the experience of the Soviet people and their interaction with ideology state policy and national and international politics Trade Promotion Series ,1925

Comparing Post War Japanese and Finnish Economies and Societies Yasushi Tanaka,Toshiaki Tamaki,Jari Ojala,Jari Eloranta,2014-11-13 This book compares two countries with striking parallels in economic and political outcomes yet with some distinct features in terms of institutional structures relative size and culture Therefore this book forms a fruitful platform for the study of the similarities and differences in the economic and societal development of Japan and Finland Despite their geographic distance from one another and the aforementioned differences both countries experienced rather similar economic and societal development patterns after the Second World War The study of these societies both individually and through commonalities will provide a unique perspective on the emergence of modern economies and institutions The book provides comprehensive coverage on issues such as welfare state formation and society security and military spending education system industrial development international trade governmental economic policies energy solutions and bubbles and their collapse thus issues typical for these countries as well as most modern states studied from a longitudinal perspective The book aims to answer a fundamental question in social science Why do there seem to be common trends and developmental paths among countries differing in size culture and economic structure This book will provide insights for those seeking to decipher how the developments in their own countries came about and where they may be headed to

Pollution and Atmosphere in Post-Soviet Russia Lars Rowe,2020-12-10 This study addresses the many initiatives to decrease industrial pollution emitting from the Pechenganikel plant in the northwestern corner of Russia during the final years of the Soviet Union and examines the wider implications for the state of pollution control in the Arctic today By examining the efforts of Soviet industry and government agencies Finnish and Swedish officials and Norwegian environmental authorities to curb industrial pollution in the region this book offers an environmental history of the Arctic as well as a transnational geopolitical history

US Military Strategy and the Cold War Endgame Stephen J. Cimbala,2014-01-14 At the end of the Cold War security concerns are more about regional and civil conflicts than nuclear or Eurasian global wars Stephen Cimbala argues that deterrence characteristics of the pre Cold War period will in the 21st century again become normative

This is likewise one of the factors by obtaining the soft documents of this **Russia The Post War Years** by online. You might not require more times to spend to go to the book foundation as without difficulty as search for them.
