Antayferov (and others.),1930 *Rural Adaptation in Russia* Stephen K. Wegren,2022-05-19 The current dominant approach to Russian peasant behaviour emphasizes rural resistance to reform in broad terms and to the introduction of market forces in particular Bringing together some of the finest scholars on rural Russia this groundbreaking volume examines this

perception with an analysis of both historical and contemporary patterns of rural adaptation in Russia Four articles included analyze peasant responses in the post Soviet era and focus on the relationship between poverty and rural adaptation the social origins of private farmers in southern Russia and Ukraine response patterns by large farms formerly collective and state farms household adaptation using a standardized set of criteria This fascinating book gives an illuminating picture of the ways in which peasants respond to new environmental conditions and stimuli created by reform The substantive material included draws on fieldwork and survey data collected from rural Russia from the Stolypin reforms in the pre Soviet era and collectivisation of agriculture during the 1930s in the Soviet era This book was previously as a special issue of The Journal of Peasant Studies *The Restoration of Agriculture in the Famine Area of Russia* Russian S.F.S.R.,1922 **Land Reform in**

Russia, 1906-1917 Judith Pallot,1999-05-20 Since the collapse of the USSR there has been a growing interest in the Stolypin Land Reform as a possible model for post Communist agrarian development Using recent theoretical and empirical advances in Anglo American research Dr Pallot examines how peasants throughout Russia received interpreted and acted upon the government s attempts to persuade them to quit the commune and set up independent farms She shows how a majority of peasants failed to interpret the Reform in the way its authors had expected with outcomes that varied both temporally and geographically The result challenges existing texts which either concentrate on the policy side of the Reform or if they engage with its results use aggregated official statistics which this text argues are unreliable indicators of the pre revolutionary peasants reception of the Reform *Russian Agriculture During the War* Alexis N. Antsiferov,1968 *Rural Russia Under the Old Regime* Geroid T. Robinson,1967-08-01 Geroid Tanquary Robinson founder and first director of the Russian Institute at Columbia University Chief of the U S S R Division Research and Analysis Branch U S Office of Strategic Services 1941-45 holder of the Medal of Freedom has produced a book that is by general consensus supreme in its field The work makes a major contribution to the understanding of the struggle of the peasantry with the old landlords and the Imperial Government and consequently offers an illuminating approach to the struggle between the Communist Government and the most stubborn and massive domestic force this Government has faced the peasant opposition **The Blackwell**

Encyclopedia of the Russian Revolution Harold Shukman,1994-12-05 This single volume is an authoritative and accessible guide to the background and progress of the Revolution written by a team of over forty specialist contributors Beginning with the radical movements of the mid nineteenth century the Encyclopedia covers the development of the revolutionary movement created by the intelligentsia the condition of the peasants that of the working class and of the army the role of the Tsarist secret police the agents provocateurs the revolutionaries own underground A substantial section is devoted to the emergence of liberation movements among the national minorities of the borderlands The Encyclopedia also considers the formation of Soviet institutions and examines too the emergence of revolutionary culture well before 1917 the avant garde in art and theatre and the relationship to the revolution of three major Russian writers Blok Gorky and

Mayakovsky **Russia in the Age of Modernisation and Revolution 1881 - 1917** H. Rogger, 2014-07-30 Hans Rogger's study of Russia under the last two Tsars takes as its starting point what the Russians themselves saw as the central issue confronting their nation the relationship between state and society and its effects on politics economics and class in these critical years *Reinterpreting Revolutionary Russia* I. Thatcher, 2006-08-04 This is a stimulating and highly original collection of essays from a team of internationally renowned experts The contributors reinterpret key issues and debates including political social cultural and international aspects of the Russian revolution stretching from the late imperial period into the early Soviet state Modernisation in Russia since 1900 Markku Kangaspuro, Jeremy Smith, 2006-12-27

Modernisation has been a constant theme in Russian history at least since Peter the Great launched a series of initiatives aimed at closing the economic technical and cultural gap between Russia and the more advanced countries of Europe All of the leaders of the Soviet Union and post Soviet Russia have been intensely aware of this gap and have pursued a number of strategies some more successful than others in order to modernise the country But it would be wrong to view modernisation as a unilinear process which was the exclusive preserve of the state Modernisation has had profound effects on Russian society and the attitudes of different social groups have been crucial to the success and failure of modernisation This volume examines the broad theme of modernisation in late imperial Soviet and post Soviet Russia both through general overviews of particular topics and specific case studies of modernisation projects and their impact Modernisation is seen not just as an economic policy but as a cultural and social phenomenon reflected through such diverse themes as ideology welfare education gender relations transport political reform and the Internet The result is the most up to date and comprehensive survey of modernisation in Russia available which highlights both one of the perennial problems and the challenges and prospects for contemporary Russia
