Do you find traditional textbooks complicated and need something new? It's undeniable Russian can be quite a challenging language to learn. Finding the right teacher, reading materials, or even peers to study with can be incredibly difficult, and we're fully aware of this. This is why we've created another Russian Short Stories for Beginners to ensure that young and old students at the entry level of learning can have yet another chance to polish their Russian tongue and survive to tell the tale. Twenty easy-to-read, entertaining, and interesting stories await inside, along with the best tools to help you practice once you're done reading each tale. Our book will ensure you not only can read something that will expand your knowledge on Russian but that you will understand and be able to pick it apart piece by piece in your quest for learning. How Russian Short Stories for Beginners Vol 2 works: Each story will contain important lessons that are needed to learn the Russian language: nouns, pronouns, future tense, traveling terms, and more, involving an interesting and entertaining story with realistic dialogues and day-to-day situations. The summaries follow a synopsis in Russian and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance. Finally, you'll be provided with a set of tricky questions in Russian, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any; we will provide them immediately after, but no cheating! Do you think you can handle it? If the answer is yes, then you're definitely on your way to becoming a fluent Russian speaker, and we'll certainly help make that dream come true. So look no further. INTRODUCTION Conceive the joy of a lover of nature who leaving the art galleries wanders out among the trees and wild flowers and birds that the pictures of the galleries have sentimentalised It is some such joy that the man who truly loves the noblest in letters feels when tasting for the first time the simple delights of Russian literature French and English and German authors too occasionally offer works of lofty simple naturalness but the very keynote to the whole of Russian literature is simplicity naturalness veraciousness Another essentially Russian trait is the quite unaffected conception that the lowly are on a plane of equality with the so called upper classes When the Englishman Dickens wrote with his profound pity and understanding of the poor there was yet a bit of remoteness perhaps even a bit of caricature in his treatment of them He showed their sufferings to the rest of the world with a Behold how the other half lives The Russian writes of the poor as it were from within as one of them with no eye to theatrical effect upon the well to do There is no insistence upon peculiar virtues or vices The poor are portrayed just as they are as human beings like the rest of us A democratic spirit is reflected

breathing a broad humanity a true universality an unstudied generosity that proceed not from the intellectual conviction that to understand all is to forgive all but from an instinctive feeling that no man has the right to set himself up as a judge over another that one can only observe and record In 1834 two short stories appeared The Queen of Spades by Pushkin and The Cloak by Gogol The first was a finishing off of the old outgoing style of romanticism the other was the beginning of the new the characteristically Russian style We read Pushkin's Queen of Spades the first story in the volume and the likelihood is we shall enjoy it greatly But why is it Russian we ask The answer is It is not Russian It might have been printed in an American magazine over the name of John Brown But now take the very next story in the volume The Cloak Ah you exclaim a genuine Russian story Surely You cannot palm it off on me over the name of Jones or Smith Why Because The Cloak for the first time strikes that truly Russian note of deep sympathy with the disinherited It is not yet wholly free from artificiality and so is not yet typical of the purely realistic fiction that reached its perfected development in Turgenev and Tolstoy Though Pushkin heads the list of those writers who made the literature of their country world famous he was still a romanticist in the universal literary fashion of his day However he already gave strong indication of the peculiarly Russian genius for naturalness or realism and was a true Russian in his simplicity of style In no sense an innovator but taking the cue for his poetry from Byron and for his prose from the romanticism current at that period he was not in advance of his age He had a revolutionary streak in his nature as his Ode to Liberty and other bits of verse and his intimacy with the Decembrist rebels show But his youthful fire soon died down and he found it possible to accommodate himself to the life of a Russian high functionary and courtier under the severe despot Nicholas I though to be sure he always hated that life For all his flirting with revolutionarism he never displayed great originality or depth of thought He was simply an extraordinarily gifted author a perfect versifier a wondrous lyrist and a delicious raconteur endowed with a grace ease and power of expression that delighted even the exacting artistic sense of Turgenev To him aptly applies the dictum of Socrates Not by wisdom do the poets write poetry but by a sort of genius and inspiration I do not mean to convey that as a thinker Pushkin is to be despised Nevertheless it is true that he would occupy a lower position in literature did his reputation depend upon his contributions to thought and not upon his value as an artist
