Mediating Post-Socialist Femininities Nadia Kaneva, 2017-10-02 Twenty five years after the fall of the Berlin Wall this collection of essays examines the ways in which popular media re-construct ideas and ideals of femininity in the post socialist cultural space The authors explore a comprehensive range of questions including How have post socialist women engaged with media as media producers and consumers as well as objects of media representation What are the consequences of the commodification of femininity in the post socialist context How does the female body serve as a battleground for the enactment and renegotiation of gendered identities and ideologies How can we understand and theorize post socialist women's activist movements In seeking answers to such questions this volume highlights the need to reconsider feminism as a political and theoretical project with many faces It bridges research on the mediation of post socialist femininities with broader concerns about the transnational trajectories of feminism today This book was originally published as a special issue of *Feminist Media Studies*

The Kalmyks Elza-Bair Mataskovna Gouchinova, 2013-01-11 The Kalmyks are in a unique position among the

peoples of Europe in several respects most conspicuously as being the only Buddhist people group in Europe Until recently they had been a nomadic people grazing their flocks and herds in the steppe lands north of the Caspian Sea between the Volga river and the Caucasus mountains Nowadays with Russia's transition to a post Communist state the relatively young President of Kalmykia stands out as being a self made millionaire who has helped put his region on the map not only by promoting economic ties with Japan and the West but also by hosting an international chess Olympiad This practical guide written by a Kalmyk anthropologist provides a comprehensive introduction to the Kalmyk people The wide ranging chapters give an overview of the Kalmyks focusing on many facets of the Kalmyk culture including language use the traditional nomadic economy and dwellings Kalmyk family and gender relationships rites of passage food and clothing folk crafts Kalmyk religion and the role of folklore and epic in Kalmyk culture The Kalmyks provides an original and fascinating perspective on little known Asiatic people whose history and culture have become intertwined with that of Europe *Approaches to Teaching the Works of Anton Chekhov* Michael C. Germany's international espionage ring during World War II. Lahousen had kept a diary in the United States, Britain, France, and other countries; his agents often citizens of these countries. Lahousen believed Germans lacked the spontaneity that made for expert spies. He carried out some of the war's most daring missions. In his diary, Lahousen named names and described espionage activities in detail. He wrote of Hermann Lang in the United States, a German American who provided the Nazis with blueprints of U.S. military machinery; of Robey Leibbrandt, the young African Olympic Boxer; of beautiful Vera, a bilingual mistress of an Abwehr agent; and many others. Their astounding stories, along with that of the master spy Lahousen, appear documented and unabridged in these pages. No fictional spy novel can compare with the drama and excitement of the authentic espionage missions revealed here. Full of fascinating and astounding tales. *Library Journal*, *Gripping*, *Springfield Republican*. A painstaking and convincing record of the daily world of espionage. *Saturday Review*. *Nostalgia, Anxiety, Politics: Media and Performing Arts in Egypt, Central-Eastern Europe, and Russia*. Tetyana Dzyadevych, 2025-01-07. This volume shows that the cultural production of nostalgia is a major tool for structuring feelings of resentment and anxiety. The current volume is concerned with collective nostalgia as it has been elicited, channeled, and weaponized by media production agents. The book aims to analyze how the performing arts and media—music, cinema, TV, etc.—generate and shape the feeling of collective nostalgia. It shows how the cultural production of nostalgia reflects distinct social and political contexts and serves particular political purposes. The collective monograph prioritizes cases from the post-Soviet context. However, the authors do not argue that the collapse of the socialist bloc in general and the USSR in particular has established some unique nostalgic precedent. The book claims that mechanisms of producing nostalgia and marshaling it for political purposes are broadly similar in most modern or postmodern settings. It is not our intent to demonize Russia, nor do we want Russia to be our dominant frame of reference, even if in most of our cases here, *nolens volens*, appeared first in Russia-centric post-Soviet discourse. The Russian bloc has been placed in the second part of the book in order to give primacy to non-Russian subjects.
