

Russian Military Power Policy

Michael P. Gerace

Russian Military Power Policy:

The Russian Military Steven E. Miller, Dmitri Trenin, 2004-08-27 Russian military capacity remains a major consideration for global security even in the post Soviet era This book assesses today s Russian military and analyzes its possible future direction The contributors experts on the subject from both Russia and the West consider not only how Russia has built its military capacity but also the policies and doctrines that have shaped Russia s defense posture They discuss such topics as the downsizing of the Russian military Russia s use of military power in regional conflicts and the management of Russia s nuclear weapons For more than a decade Russian leaders have struggled to formulate security and defense policies that protect Russia s borders and project Russia s influence The contributors to *The Russian Military* find that the choices Russian leaders have made have been significantly influenced by the military reforms Russia has attempted to implement since the collapse of the Soviet Union The protracted and intense debate over military reform has been and will continue to be decisive in shaping Russian military capacity

Russian Security and Air Power, 1992-2002 Marcel de Haas, 2013-10-28 First published in 2006 This book analyses the security policy of the Russian Federation internally as well as externally at all levels of strategy It describes military political decision making from Moscow s grand strategy to the use of single fighter aircraft in Chechnya In this analysis Russia s air forces are used as a model for all services of the armed forces

Russian Military Reform, 1992-2002 Anne C. Aldis, Roger N. McDermott, 2004-11-23 Military reform has featured prominently on the agenda of many countries since the end of the Cold War necessitated a re evaluation of the strategic role of the armed forces and nowhere more publicly than in Russia Not since the 1920s have the Russian Armed Forces undergone such fundamental change President Boris Yeltsin and his successor Vladimir Putin have both grappled with the issue with varying degrees of success An international team of experts here consider the essential features of Russian military reform in the decade since the disintegration of the USSR Fluctuations in the purpose and priorities of the reform process are traced as well as the many factors influencing change Chapters analyse the development of Russia s security policy structural reform of the services the social impact of military service and experience of military conflict in Chechnya Critical evaluations of the impact of social change on the Russian Armed Forces capabilities and expectations complement the analysis of the on going debate *Russian Military Reform 1992 2002* will prove invaluable to all those interested in civil military relationships and international security as well as to students of military theory and practice

Russia's Military Revival Bettina Renz, 2018-04-27 Russian annexation of Crimea and the subsequent air campaign over Syria took the world by surprise The capabilities and efficiency of Moscow s armed forces during both operations signalled to the world that Russia was back in business as a significant military actor on the international stage In this cutting edge study Bettina Renz provides an in depth and comprehensive analysis of Russia s military revival under Putin s leadership Whilst the West must adjust to the reality of a modernised and increasingly powerful Russian military she argues that the renaissance of Russian military might and its

implications for the balance of global power can only be fully understood within a wider historical context Assessing developments in Russian Great Power thinking military capabilities Russian strategic thought and views on the use of force throughout the post Soviet era the book shows that rather than signifying a sudden Russian military resurgence recent developments are consistent with longstanding trends in Russian military strategy and foreign policy **Russian Military Reform** Carolina Vendil Pallin,2008-08-29 This book examines reform of the Russian military since the end of the Cold War It argues that Putin s policies of bolstering central control has left untouched many key problems including infighting between different forces lack of transparency over defence spending and absence of consensus on the main threats **Russian Foreign Policy in the Twenty-first Century and the Shadow of the Past** Robert Legvold,2007 Because the turbulent trajectory of Russia s foreign policy since the collapse of the Soviet Union echoes previous moments of social and political transformation history offers a special vantage point from which to judge the current course of events In this book a mix of leading historians and political scientists examines the foreign policy of contemporary Russia over four centuries of history The authors explain the impact of empire and its loss the interweaving of domestic and foreign impulses long standing approaches to national security and the effect of globalization over time Contributors focus on the underlying patterns that have marked Russian foreign policy and that persist today These patterns are driven by the country s political makeup geographical circumstances economic strivings unsettled position in the larger international setting and above all its tortured effort to resolve issues of national identity The argument here is not that the Russia of Putin and his successors must remain trapped by these historical patterns but that history allows for an assessment of how much or how little has changed in Russia s approach to the outside world and creates a foundation for identifying what must change if Russia is to evolve A truly unique collection this volume utilizes history to shed crucial light on Russia s complex occasionally inscrutable relationship with the world In so doing it raises the broader issue of the relationship of history to the study of contemporary foreign policy and how these two enterprises might be better joined *Military Power, Conflict and Trade* Michael P. Gerace,2004-06-01 Wherever international commerce flows in world politics military power often flows with it sometimes as a protector of commerce sometimes as its promoters and sometimes as a tool of aggression against it How are military power and international trade related Do military power and commerce expand together or does military power decline as commerce and perhaps interdependence increases Does this relationship vary across countries and if so how *Power Conflict and Trade* is a study of the relationship between military power and international commerce among the Great Powers prior to World War I After building an argument for a direct relationship between military power and commerce one grounded in a mercantilist view of state power and exploring their numerous connections the book estimates models of the relationship among the Great Powers and explores a great deal of their commercial and military data all of which is situated in the context of their mutual rivalries Another question investigated is whether the peacetime conflicts and rivalries of the Great

Powers affected their trade relations adversely There is strong support for the argument that military power and commerce move together in world politics though there is evidence for an inverse relationship as well

The International Politics of Eurasia: v. 5: State Building and Military Power in Russia and the New States of Eurasia S. Frederick Starr, Karen Dawisha, 2024-11-01 This ambitious ten volume series develops a comprehensive analysis of the evolving world role of the post Soviet successor states Each volume considers a different factor influencing the relationship between internal politics and international relations in Russia and in the western and southern tiers of newly independent states The collapse of the Soviet Union and the discrediting of Marxism Leninism as a source of political legitimacy have prompted a search for fresh principles of political organization that will shape the nature of political culture in all the post Soviet countries This volume looks at military power and state building

The International Politics of Eurasia: v. 5: State Building and Military Power in Russia and the New States of Eurasia Bruce Parrott, 2016-09-16 First Published in 1996 This ambitious ten volume series develops a comprehensive analysis of the evolving world role of the post Soviet successor states Each volume considers a different factor influencing the relationship between internal politics and international relations in Russia and in the western and southern tiers of newly independent states The contributors were chosen not only for their recognized expertise but also to ensure a stimulating diversity of perspectives and a dynamic mix of approaches This book is the fifth in a projected series of ten volumes produced by the Russian Littoral Project

[Russian Defense Reform](#) Irina Viktorovna Isakova, 2006

Russian Military Politics and Russia's 2010 Defense Doctrine Stephen Blank, Army War College (U.S.). Strategic Studies Institute, 2011 This work presents three papers to illuminate the political struggles among the government and the military in Russia to forge a new defense doctrine and ultimately the 2010 doctrine itself No analysis of Russian defense or security policy is complete without the understanding and analysis provided here

The Russian Armed Forces in Transition Roger N. McDermott, Bertil Nygren, Carolina Vendil Pallin, 2012-03-15 Although the role of the military in Russia has changed significantly since Soviet times it continues to exert great influence on Russian politics economy and society This book presents a comprehensive overview of current developments related to Russia's military sector It considers recent military reforms personnel issues the defence industry and procurement the defence economy changes in civil military relations and the continuing huge economic significance of Russia's military industrial complex It explores difficulties currently faced by the Russian military including problems of recruitment and leadership analyses Russian security policy including in relation to Europe and more widely and discusses the lessons learned by the Russian military as a result of the recent war in Georgia The book argues that reform attempts have often been thwarted by bureaucracy economy strategy manpower weapon systems and leadership The book concludes by assessing likely future developments

Global Governance Edward A. Kolodziej, 2021-11-29 How do we prevent the next pandemic Will governments successfully tackle climate change Will they find ways to close the gap between the haves and have nots and to

eliminate poverty Which solution democratic or authoritarian will determine the global governance of a flawed nation state system This unique contribution to global studies advances a multidisciplinary theory that the governments of all human societies are the tenuous outcome of the competing solutions to the Imperatives of Order Welfare and Legitimacy OWL The OWL paradigm provides a common framework to evaluate the contrasting responses of the liberal democratic Chinese and Russian solutions to global governance Underscored is the volume's contention that global governance is the overriding issue confronting nation states and the diverse and divided peoples of what is now a global society for the first time in the evolution of the species The volume addresses a wide spectrum of audiences united in their shared resolve that the democracies prevail in a projected century long struggle between democratic and authoritarian regimes to determine global governance Scholars teachers students elected officials policy analysts media professionals and engaged citizens who make self government work will profit from this visionary and provocative study Routledge Handbook of Russian Foreign Policy Andrei Tsygankov, 2018-03-20 Providing a comprehensive overview of Russia's foreign policy directions this handbook brings together an international team of scholars to develop a complex treatment of Russia's foreign policy The chapters draw from numerous theoretical traditions by incorporating ideas of domestic institutions considerations of national security and international recognition as sources of the nation's foreign policy Covering critically important subjects such as Russia's military interventions in Ukraine and Syria the handbook is divided into four key parts Part I explores the social and material conditions in which Russia's foreign policy is formed and implemented Part II investigates tools and actors that participate in policy making including diplomacy military media and others Part III provides an overview of Russia's directions towards the United States Europe Asia the Middle East Eurasia and the Arctic Part IV addresses the issue of Russia's participation in global governance and multiple international organizations as well as the Kremlin's efforts to build new organizations and formats that suit Russia's objectives The Routledge Handbook of Russian Foreign Policy is an invaluable resource to students and scholars of Russian Politics and International Relations as well as World Politics more generally Vladimir Putin and Russia's Imperial Revival David E. McNabb, 2017-07-05 Discerning the early stages of the rebirth of a new Russian empire from the ashes of the Soviet Union Vladimir Putin and Russia's Imperial Revival argues that Russia's recent overtly aggressive actions and foreign policy doctrines have signaled a renewal of the Cold War At the least Russia's actions represent the potential for renewal This book explains these developments in a historical context The book begins by describing Russia's initial policy of rapprochement after the collapse of the Soviet Union and its development into a foreign policy of threatened or actual armed aggression It identifies today's Russia as a nation determined to re-establish itself as a political and military force As a prominent figure in the development and continuation of its current foreign policy Vladimir Putin plays a central role in the topics covered Previous literature often treats Putin as an individual phenomenon examining his connections to corruption or the secret police but here David E McNabb examines him as the latest in a long history of

Russian despots who followed similar expansionist policies He details some of the tactics Putin uses to instill fear and dominate political policies of republics newly independent from Russia These tactics include the use of energy as a weapon cyber terrorism and military support for ethnic Russian separatists in other sovereign nations most recently exemplified by Russia's annexation of Crimea from Ukraine via armed invasion In an attempt to demystify Russia's re emergence as an international political force Vladimir Putin and Russia's Imperial Revival grounds its analyses in history It explores as far back as the establishment of the first Russian empire and regards Putin as a leader determined to establish a fifth imperial incarnation It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events

American Defense Policy Miriam Krieger, Lynne Chandler Garcia, John Riley, Will Atkins, 2021-08-10 A vital text for understanding the twenty first century battlefield and the shifting force structure this book prepares students to think critically about the rapidly changing world they'll inherit American Defense Policy first published in 1965 under the leadership of Brent Scowcroft has been a mainstay in courses on political science international relations military affairs and American national security for more than 50 years This updated and thoroughly revised ninth edition which contains about 30% all new content considers questions of continuity and change in America's defense policy in the face of a global climate beset by geopolitical tensions rapid technological change and terrorist violence The book is organized into three parts Part I examines the theories and strategies that shape America's approach to security policy Part II dives inside the defense policy process exploring the evolution of contemporary civil military relations the changing character of the profession of arms and the issues and debates in the budgeting organizing and equipping process Part III examines how purpose and process translate into American defense policy This invaluable and prudent text remains a classic introduction to the vital security issues the United States has faced throughout its history It breaks new ground as a thoughtful and comprehensive starting point to understand American defense policy and its role in the world today Contributors Gordon Adams John R Allen Will Atkins Deborah D Avant Michael Barnett Sally Baron Jeff J S Black Jessica Blankshain Hal Brands Ben Buchanan Dale C Copeland Everett Carl Dolman Jeffrey Donnithorne Daniel W Drezner Colin Dueck Eric Edelman Martha Finnemore Lawrence Freedman Francis Fukuyama Michael D Gambone Lynne Chandler Garcia Bishop Garrison Erik Gartzke Mauro Gilli Robert Gilpin T X Hammes Michael C Horowitz G John Ikenberry Bruce D Jones Tim Kane Cheryl A Kearney David Kilcullen Michael P Kreuzer Miriam Krieger Seth Lazar Keir A Lieber Conway Lin Jon R Lindsay Austin Long Joseph S Lupa Jr Megan H MacKenzie Mike J Mazarr Senator John McCain Daniel H McCauley Michael E McInerney Christopher D Miller James N Miller John A Nagl Henry R Nau Ren e de Nevers Joseph S Nye Jr Michael E O Hanlon Mancur Olson Jr Sue Payton Daryl G Press Thomas Rid John Riley David Sacko Brandon D Smith James M Smith Don M Snider Sir Hew Strachan Michael Wesley Richard Zeckhauser

The Russian Armed Forces at the Dawn of the Millennium, 2000 This anthology is an outgrowth of a conference titled The Russian Armed Forces at the Dawn of the Millennium held at the

Collins Center of the Army War College's Center for Strategic Leadership from 7 through 9 February 2000. The genesis for the conference was the realization by several members of the staff of the Collins Center and Army War College faculty that the U.S.-led NATO operation in Kosovo resulted in a significant shift of Russian views on the United States and NATO. The conference also complemented our general objective of examining the changing environment in which the United States, including its armed forces, finds itself. The conference brought together over 50 individuals from academia and the policy and intelligence communities to examine the current state of the Russian military. Focusing primarily on the socio-political dimension of the military but not ignoring the military technical dimension, the presentations delivered during the conference looked at Russia's domestic environment, the state of the military, perceived threats, and Russia's capacity to generate responses to those threats. Russian Military Power Policy Introduction

In today's digital age, the availability of Russian Military Power Policy books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russian Military Power Policy books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russian Military Power Policy books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russian Military Power Policy versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Russian Military Power Policy books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russian Military Power Policy books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another

popular platform for Russian Military Power Policy books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Russian Military Power Policy books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Russian Military Power Policy books and manuals for download and embark on your journey of knowledge?

FAQs About Russian Military Power Policy Books

1. Where can I buy Russian Military Power Policy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
