Kay, 2000-02-02 Grassroots Russian women s organizations faced multiple challenges in the early 1990s Like their members they were confronted with both potentially hostile attitudes and numerous practical difficulties Post Soviet ideologies of gender difference produced a gender climate which was particularly unsympathetic to female activism in support of other women This book presents a detailed study of grassroots Russian women s organizations in 1991-96 against the background of a careful analysis of gender relations and attitudes to women s place in post Soviet Russian society Russia and its Other(s) on Film S. Art and Answerability: the work that would become Mikhail Bakhtin's literary manifesto was first published in *Den Iskusstva* The Day of the Art on September 13, 1919. Mikhail Bakhtin's Heritage in Literature, Arts and Psychology celebrates one hundred years of Bakhtin's heritage. This unique book examines the heritage of Mikhail Bakhtin in a variety of disciplines. To articulate the enduring relevance and heritage of the varied works of Bakhtin, sixteen scholars from eight countries have come together, and each has brought his/her unique perspective to the subject. Bakhtin's work in aesthetics, moral philosophy, linguistics, psychology, carnival, cognition, contextualism, and the history and theory of the novel are present here as understood by a wide variety of distinguished scholars.

Documentary John Ellis, 2011-07-20

Digital technologies have transformed documentary for both filmmakers and audiences. *Documentary: Witness and Self Revelation* takes an audience-centred approach to documentary, arguing that everyday experiences of what it feels like to film and to be filmed have developed a new sophistication and skepticism in today's viewers. The book argues that documentary has developed a new third phase of its century-long history: films now tend to document the encounters between filmmakers and the filmed. But what do we really know about those encounters? The author's extensive experience of documentary production practice also enables him to examine technological changes in detail. Innovations in technology can seem to offer greater realism but can at the same time frustrate attempts to achieve it. John Ellis therefore proposes the idea of Slow Film as an antidote to the problems of increasing speed brought about by easy digital editing. This book is ideal for students studying film, media studies, and visual culture.

**A Modern History of Russian Childhood** Elizabeth White, 2020-02-20

A Modern History of Russian Childhood examines the changes and continuities in ideas about Russian childhood from the 18th to the 21st century. It looks at how children were thought about and treated in Russian and Soviet culture, as well as how the radical social, political, and economic changes across the period affected children. It explains how and why childhood became a key concept both in Late Imperial Russia and in the Soviet Union, and looks at similarities and differences to models of childhood elsewhere. Focusing mainly on children in families, telling us much about Russian and Soviet family life in the process. Elizabeth White combines theoretical ideas about childhood with examples of real lived experiences of children to provide a comprehensive overview of the subject. The book also offers a comprehensive synthesis of a wide range of secondary sources in English and Russian, whilst utilizing various textual primary sources as part of the discussion. This book is key reading for anyone wanting to understand the social and cultural history of Russia as well as the history of childhood in the modern world.

*Autobiographies* Michele Russo,2020-09-07 Among the many examples of Russian American migr literature a number of less known authors moved to the USA following their predecessors transnational and plurilingual experiences The bilingual and sometimes trilingual expressions in their works written in English invite a contrastive analysis of their transition from their source language Russian to their target language English This book explores the linguistic structure of the autobiographies of four Russian American writers Cournos Nabokov Berberova and Shteyngart bringing into focus the linguistic geology of their texts as they record their passage from a Russian world to an English one These linguistic passages are examined from both a synchronic and a diachronic perspective by dwelling on the geographies of the migr's itineraries as well as on the process of linguistic transformation that such itineraries generated By analyzing these writers geographic and linguistic routes this volume engages the reader in a metalinguistic discourse and highlights the influence of these first plurilingual experiments on modern theories concerning linguistic globalization *Masquerade* Melissa de la Cruz,2009-08-07 Schuyler
