Stevenson, 1983 **Roman Strigillated Sarcophagi** Janet Huskinson, 2015-11-05 This is the first full study of Roman strigillated sarcophagi which are the largest group of decorated marble sarcophagi to survive in the city of Rome Characterized by panels of carved fluting hence the description strigillated after the curved strigil used by Roman bathers to scrape off oil and limited figure scenes they were produced from the mid second to the early fifth century AD and thus cover a critical period in Rome from empire to early Christianity Roman Strigillated Sarcophagi focuses on their rich potential as an historical source for exploring the social and cultural life of the city in the later empire The first part of the volume examines aspects of their manufacture use and viewing emphasizing distinctive features The second part looks at the figured representations carved on the sarcophagi and at their social significance and creativity concentrating on how their various arrangements allowed viewers to develop their own interpretations The subjects represented by the figures and the flexibility with which they might be read provide invaluable insights into how Romans thought about life and death during these changing times The final part of the volume surveys how later societies responded to Roman strigillated sarcophagi From as early as the fifth century AD their distinctive decoration and allusions to the Roman past made them especially attractive for reuse in particular contemporary contexts notably for elite burials and the decoration of prominent buildings The motif of curved fluting was also adopted and adapted it decorated neo classical memorials to Captain Cook Napoleon's sister in law Christine Boyer and Penelope Boothby and its use continues into this century well over one and a half millennia since it first decorated Roman sarcophagi Tombs, Burials, and Commemoration in Corinth's Northern Cemetery Kathleen Warner Slane, 2017-05-31 Rescue excavations were carried out along the terrace north of Ancient Corinth by Henry Robinson the director of the Corinth Excavations and the American School of Classical Studies at Athens on behalf of the Greek Archaeological Service in 1961 and 1962 They revealed 70 tile graves limestone sarcophagi and cremation burials the last are rare in Corinth before the Julian colony and seven chamber tombs also rare before the Roman period The burials ranged in date from the 5th century B C to the 6th century A D and about 240 skeletons were preserved for study This volume publishes the results of these excavations and examines the evidence for changing burial practices in the Greek city Roman colony and Christian town Documented are single graves and deposits the Robinson Painted Tomb two more hypogea and four built chamber tombs Ethne Barnes describes the human skeletal remains and David Reese discusses the animal bones found in the North Terrace tombs The author further explores the architecture of the chamber tombs as well as cemeteries burial practices and funeral customs in ancient Corinth One appendix addresses a Roman chamber tomb at nearby Hexamilia excavated in 1937 the second by David Jordan the lead tablets from a chamber tomb and its well Concordances grave index

Mysterious Wisdom Rachel Campbell-Johnston,2011-01-01 A devotee of the great visionary William Blake Samuel Palmer became the lynchpin of the first British art movement Leading a band of fellow artists the brotherhood of Ancients out of London to the village of Shoreham in Kent he set out to create a new rural ideal His paintings of slumbering shepherds and tumbling blossoms of mystical cornfields and bright sickle moons capture a world in which landscape and politics religion and culture all meet They reflect the concerns of the nineteenth century which his life spanned In his day like his mentor Blake Samuel Palmer was much neglected He did not attempt the grand dramas of J M W Turner or follow John Constable s profoundly naturalistic path But he belongs in their pantheon of great British Romantics as much for the numinous visions that are embodied in his loveliest paintings as for the vagaries of a life story in which he so often failed If English tradition had ever encompassed the making of icons they would not have been so different from Palmer s enchanted landscapes Mysterious Wisdom offers for the first time in more than thirty five years a vivid and intimate portrait of Palmer who over the course of the past century has become

increasingly treasured as one of the most extraordinarily talented and quirkily eccentric figures of the British art world or as the art historian Kenneth Clark believed an English Van Gogh *Drawing and Reinventing Landscape* Diana Balmori,2014-05-19 How to tackle representation in landscape design Representation is a hot topic in landscape architecture While computerization has been a catalyst for change across many fields in design no other design field has experienced such drastic reinvention as has landscape architecture As the world urbanizes rapidly and our relationship with nature changes it is vitally important that landscape designers adopt innovative forms of representation whether digital analog or hybrid In this book author Diana Balmori explores notions of representation in the discipline at large and across time She takes readers from landscape design s roots in seventeenth century France and eighteenth century England through to modern attempts at representation made by contemporary landscape artists Addresses a central topic in the discipline of landscape architecture Features historic works and those by leading contemporary practitioners such as Bernard Lassus Richard Haag Stig L Andersson Lawrence Halprin and Patricia Johanson Written by a renowned practitioner and educator Features 150 full color images *Drawing and Reinventing Landscape* AD Primer is an informative investigation of beauty in landscape design offering inspiring creative perspectives for students and professionals **The Costume Technician's Handbook** Rosemary Ingham,Liz Covey,2024-03-11 Since its first publication in 1980 *The Costume Technician's Handbook* has established itself as an indispensable resource in classrooms and costume shops Ingham and Covey draw on decades of hands on experience to provide the most complete guide to developing costumes that are personally distinctive and artistically expressive No other book covers the same breadth of necessary topics for every aspect of costuming from the basics of setting up a costume shop to managing one and everything in between *Great British Journeys* Nicholas Crane,2010-12-16 Intrepid presenter Nicholas Crane investigates eight epic journeys following in the footsteps of our greatest indigenous explorers Nick presents eight of the most interesting traveller chroniclers to have explored and reported on the state of the nation From Gerald of Wales who embarked on a seven week journey around the wild perimeter of Wales in March 1188 to HV Morton the journalist and travel writer who crossed the length and breadth of England by car in the 1920s Others include Celia Fiennes who started her many journeys around Britain on horseback in the late 1600s at the age of 20 Tudor antiquarian John Leland Daniel Defoe William Cobbett Thomas Pennant and William Gilpin who travelled through the north of England by boat in 1770 *Painting with Monet* Harmon Siegel,2024-04-16 A major reassessment of the methods and meaning of impressionism At pivotal moments in his career Claude Monet would go out with a fellow artist plant his easel beside his friend s and paint the same scene *Painting with Monet* closely examines pairs of such works showing how attention to this practice raises tantalizing new questions about Monet s art and about impressionism as a movement Is impressionist painting an objective attempt to capture reality as it really is Or is it a subjective expression of the artist s unique way of perceiving things How can artists create a movement without conformity extinguishing individuality Harmon Siegel reveals how Monet

explored problems like these in concrete practical ways while painting alongside his teachers Eugène Boudin and Johan Barthold Jongkind his friends Frédéric Bazille and Pierre Auguste Renoir and his hero Édouard Manet At a time of major cultural upheavals these artists asked how we can know reality beyond our personal perception Siegel provides new insights into the aesthetic philosophical and ethical stakes for these painters as they responded to a rapidly changing society Beautifully illustrated *Painting with Monet* sheds critical light on how Monet and his fellow impressionists painting side by side professed their capacity to know the world and affirmed their belief in what Siegel calls the reality of others

A Fire in His Soul Miles J. Unger, 2025-03-04 The fascinating story of Vincent van Gogh's two groundbreaking years in Paris where he transformed himself from a provincial unknown into one of the world's great visionary artists Vincent Van Gogh arrived in the French capital on the last day of February 1886 a month short of his thirty third birthday He was a man beaten down by life half starved and nearly broken psychologically He was saved by his brother Theo who provided him with room board and most crucially emotional support while he attempted to master the difficult craft of painting Thus far Vincent's crude scenes of peasant life rendered in murky shades of brown and gray were both hackneyed and amateurish Theo a successful art dealer at a prestigious Parisian firm dismissed them as gloomy unappealing and worst of all unmarketable By the time Vincent left Paris almost exactly two years later he'd transformed himself into one of the most original artists of the age turning out works of hallucinatory intensity in vivid hues and stamped with his own distinctive personality *A Fire in His Soul* chronicles this remarkable transformation It's a tale filled with tragedy and triumph personal anguish and creative fulfillment as Vincent through sheer force of will reinvents himself as a painter of unparalleled expressive power Along the way the reader will discover an unfamiliar Van Gogh not the solitary genius of the popular imagination shunned by an uncomprehending world and conjuring masterpieces from the depths of his lonely soul In Paris he was at the center of a community of like minded seekers Here Van Gogh was able to engage in a lively dialogue with fellow artists almost as daring as he was expanding his notion of what art could and should be It was in the cafes and studios of Montmartre and in the grand galleries of the Louvre and Luxembourg that Van Gogh received his artistic education a crash course that at first disoriented him but ultimately sparked his creative breakthrough Working alongside such legendary figures as Gauguin Toulouse Lautrec Seurat and Signac he found his voice and launched an artistic revolution
