*Rusty's House* Rene Cloke, Rh Value Publishing, 1989-11-07 Follow the adventures of Rusty the Rabbit and his friends as they work play and help each other      *Children'S Campfire Stories and Thoughts* Robert S. Weil, 2013-04-29 Many years ago my family and I would make trips to the mountain campsites for our vacation We found and generally used the campsite in the high country of Yosemite It was named Camp White Wolf There were several other campsites but this was one where there were individual sites large enough to set up our large tent There was what must have been a water runoff nearby although usually dry when we were there At the site there was a picnic table and a rock lined pit for a campfire After we had set up our tent at our campsite we would take walks to see and enjoy the beauty of the comfortable woods The clean cool air felt so very good on our faces The four children had their pleasure in climbing among the huge boulders They would make games among themselves Sometimes they would investigate the many different insects or small animals that they would see I carried a notepad with me I would tell them to draw a picture of what they saw Later we would then check the books we had at home to find out about what they had seen Every year there would be something different One time there was an eagle soaring among the trees not having to flap its wings using the mountains updraft to stay aloft In the city where we lived there were few of these wondrous sights Back at our campsite we would set up a campfire carefully in the evenings The fire pit was arranged so that the fires would be slightly below ground with rocks arranged to contain the fire There was also a place on the picnic table for setting up our propane stove for warming a meal Then we would gather around this campfire and I would begin to relate stories that I knew the children would love to hear I would make up these stories with certain moral parts that would give them a meaning to life The children seemed to love to hear these stories I enjoyed having their undivided attention Later after we returned home in the city I would take time to write down these stories from the campfire I would have a different story each year I dedicated each different story to one of the children They enjoyed having their very own story I would tell the children to then draw a picture of what they thought the animal or insect might look like a picture that came from their own mind then compare their pictures with those of the others and talk about the differences they might see in the pictures They seemed to enjoy these exercises      *The Best of the Best American Mystery Stories* Otto Penzler, 2014-04-22 Twenty great whodunnits from the first decade of this series edited by the award winning editor and founder of the Mysterious Press This anthology collects the top twenty stories from the first decade 1997 2006 of *The Best American Mystery Stories* selected and introduced by Otto Penzler Contributors include Russell Banks Jeffrey Deaver Louise Erdrich Brendan DuBois Dennis Lehane Elmore Leonard Lou Manfredo Ed McBain Joyce Carol Oates Scott Turow and many others      **Olympus, and the House of Tchrlok** D. R. Spires, 2016-06-14 The work is grouped into four books the first three starting approx Five thousand years ago and the last on a critical day bringing them and the characters all together into one work Opening with *A Book of Traxis* I introduce an ancient imperial race of creatures from the adjacent Cygnus Arm of the

Milky Way Galaxy across from the Crab Nebula where a girl is graduating from a technical school For her finals project she develops a device that more or less creates a temporary copy of life forms past and present depending upon data input The device is seen as a minor accomplishment one which could be used to confirm or refute Traxian history books but little more The ruler of Traxis finds the device intriguing and likely one she might be able to employ in combat to probe a far distant enemy prior to invasion Her chosen target world is Telmut 3 which humanity refers to as Earth In A Book of Earth we find odd occurrences with fabled beings from the remote past somehow being reborn if indeed they were ever born before Among the returning entities are a number of Greek heroes such as Herikles crossing the streets of New York City and impish Pan roaming the wilderness of Pennsylvania and Ohio filching food from farms where he eventually meets a mermaid Through astronomical observations Prof von Kreiger of Cornell University is able to deduce the impending invasion but can see little the people of Earth might do to prevent the implied conflict With A Book of Gods we have the return of the Greek pantheon and a new god Herikles great grandfather Perseus the first king of Mycen complete with the glory of Pegasus sent upon a quest to find his wife Andromeda the first queen of Mycen The gods being gods realize the approach of the Traxian armada and set preparations to meet force with divinity Finally in A Book of Khaos the enemy is met and conflict is well more than expected There is a minor twist in the story here as a major defender of Earth Aphrodite discovers the truth regarding the rebirth of Olympus tracing events to the machine aboard the Traxian mothership Fearing annihilation for herself and her amazing family she approaches the Traxian ruler in search of salvation Except for a few minor additions for the glossary I was informed by a reader some years ago this might be nice for the cartoon raised generation who may not be well versed in Thomas Bulfinch s mythology text books and some rewriting truncation actually of published lyrics and the addition of a few poignant chapter quotations the manuscript is complete with the ending left a bit open for a possible sequel *The Ghost Goes to the Dogs* Cleo Coyle,2023-05-02 A stray dog leads bookseller Penelope McClure and her gumshoe ghost on a chase for a clever killer in this brand new entry in the utterly charming Mystery Scene Haunted Bookshop Mysteries from New York Times bestselling author Cleo Coyle Pet Mystery Week brings brisk business to Penelope s Rhode Island bookshop but a real mystery comes barking at her door when a lost dog turns up in a panic Pen and her son Spencer follow the furry fugitive to a wooded area where the dog s owner lies unconscious Mrs Cunningham is a warm hearted widow who volunteers at the animal shelter and runs Buy the Book s pet lovers book club Why would anyone shoot such a sweet soul The police believe it s an accident a shot by a careless deer hunter but Pen remains skeptical To straighten out this doggone mess she whistles for the ghost of PI Jack Shepard an expert in hounding as well as haunting Jack has a dog story of his own a case from the 1940s that may help Pen sniff out clues to her present predicament Yet even with Jack s hard boiled help Pen may not be able to stop the killer from striking again or letting this whole case go to the dogs **"You Bet Not Cry"** Rufus Lee Brown,2015-12-28 The book is straight forward It is a true story as told to me by my mother who is alive but not well She is
