Justice Department's Organized Crime and Racketeering Section urged the department to entice mobsters into breaking their code of silence with promises of protection and relocation. But as high ranking mob figures came into the program Shur discovered that keeping his witnesses alive in the face of death threats involved more than eradicating old identities and creating new ones. It also meant cutting off families from their pasts and giving new identities to wives and children as well as to mob girlfriends and mistresses. It meant getting late night phone calls from protected witnesses unable to cope with their new lives. It meant arranging funerals providing financial support and in one instance even helping a mobster's wife get breast implants. And all too often it meant odds that a protected witness would return to what he knew best: crime. In this book Shur gives a you are there account of infamous witnesses from Joseph Valachi to Sammy the Bull Gravano to Fat Vinnie Teresa, of the lengths the program goes to to keep its charges safe and of cases that went very wrong and occasionally even protected those who went on to kill again. He describes the agony endured by innocent people who found themselves in the wrong place at the wrong time and ended up in a program tailored to criminals. And along with Shur's war stories WITSEC draws on the haunting words of one mob wife who vividly describes her life of lies, secrecy and loss inside the program. A powerful true story of the inner workings of one of the most effective and controversial weapons in the war against organized crime and the inner workings of organized crime itself and more recently against Colombian drug dealers, outlaw motorcycle gang members, white collar con men and international terrorists, this book takes us into a tense, dangerous twilight world carefully hidden in plain sight where the family living next door might not be who they say they are. The Night Watch Benjamin Scarlato, 2003-05-07. The most rebellious book of the 21st Century. Turning a cold shoulder towards contemporary mainstream art, this foxfire of art sings to a harmony that will forever be remembered. The Night Watch is about ancient astronauts tangling the world, bringing fury into this planet. The plot takes place after the world began opening into Atlantis during its down fall, this just being the start of the trek to understand humanity and to cease the complex wars of one's haunted imagination, one's haunted destiny into another. The Seven Wonders of the Ancient World is to be the setting for this complicated epic adventure. This leads to an unmentioned man named Leonardo. **Power, Politics, and Organizational Change** David A. Buchanan, Richard J. Badham, 2020-05-11. Organization politics can be seen as a game in which players compete for different kinds of territory such as status, power and influence. In Power, Politics and Organizational Change David Buchanan and Richard Badham ask: What's the relevance of politics to change and innovation? What kind of game is this? What if any are the rules? How is the game played? What ethical issues arise? Should one play this game to win and if so how? How can you develop political expertise? The third edition has been thoroughly updated and revised. This includes discussion of current trends heightening the importance of developing political will and skill in a post truth era, the rise of new power, the role of BS, busting the power of storytelling and the politics of speaking up.
