## **Rving Into Canadas Arctic:**

**Evolution of India's Polar Policies** Jawahar Bhagwat, Anurag Bisen, 2025-01-31 The book examines India's involvement in the Polar regions focusing on its historical evolution and current scientific and political efforts. It also offers suggestions for enhancing India's Polar policies which primarily revolve around climate change and scientific research. The book highlights that India's extensive coastline may be at risk due to the effects of global warming caused by the melting of the Arctic and other ice sheets. As a significant international player, India is well set up to have substantial influence on shaping the policies of Arctic nations to promote sustainable development projects as well as play a crucial role in the sustainable development of the Arctic, particularly in light of the geopolitical changes resulting from the Ukraine conflict. This timely book also delves into key topics such as Arctic geopolitics, shipping, and energy security. This analysis will be valuable for policymakers, diplomats, political scientists, academics, and students with an interest in these areas.

**Defending NATO's Northern Flank** Lon Strauss, Njord Wegge, 2023-11-01 This book investigates several aspects of military power and security in the North Atlantic and Arctic regions. NATO's northern flank is a large maritime and littoral theatre where NATO directly borders Russia's Northern Fleet Military Administrative Territory, which is the location of some of Russia's most potent air, sea, and land power capabilities. While military tensions on the northern flank had been relatively low for years, the Ukraine war and increased great power rivalry have altered that dynamic with heightened geopolitical tensions. This has increased the focus on military strategic competition in this northernmost region of the alliance. This book presents new assessments of several aspects of military power and security in the North Atlantic and Arctic regions. With an analysis of the security and political climate in the High North and of developments in Western military strategies, capabilities, doctrines, and operational concepts, the volume seeks to bring together a holistic understanding of the strategic challenges and opportunities facing the North Atlantic states and NATO in this dynamic area of responsibility for the alliance. In doing this, the book provides key insights into the role of branch-specific and joint approaches to power projection and operations in the High North, which also include selected country case studies. This book will be of much interest to students of NATO military studies, security studies, and International Relations.

**Negotiating the Arctic** E.C.H. Keskitalo, 2004-06-01 This work draws upon the history of Arctic development and the view of the Arctic in different states to explain how such a discourse has manifested itself in current broader cooperation across eight states. Analysis based on organizational developments from the late 1970s to the present shows that international region discourse has largely been forwarded through the extensive role of North American, particularly Canadian networks, and deriving from their frontier-based conceptualization of the north.

**Agricultural and Industrial Progress in Canada**, 1929 **Material Cultures in Canada** Thomas Allen, Jennifer Blair, 2015-06-08 *Material Cultures in Canada* presents the vibrant and diverse field of material culture studies in Canadian literary, artistic, and political contexts today. The first of its kind, this collection features sixteen essays by leading scholars in Canada, each of whom

examines a different object of study including the beaver geraniums comics water a musical playlist and the human body The book s three sections focus in turn on objects that are persistently material on things whose materiality blends into the immaterial and on the materials of spaces Contributors highlight some of the most exciting new developments in the field such as the emergence of new materialism affect theory globalization studies and environmental criticism Although the book has a Canadian centre the majority of its contributors consider objects that cross borders or otherwise resist national affiliation This collection will be valuable to readers within and outside of Canada who are interested in material culture studies and in addition will appeal to anyone interested in the central debates taking place in Canadian political and cultural life today such as climate change citizenship shifts in urban and small town life and the persistence of imperialism

*Geology of the Innuitian Orogen and Arctic Platform of Canada and Greenland* H.P. Trettin,1991 Fourteen chapters discuss regional stratigraphy by time intervals from Precambrian to Quaternary while other chapters describe the geography geomorphology tectonics geophysical characteristics and resources of the region A summary chapter includes geologic maps structural cross sections a geotectonic correlation chart a gravity map and a location map for exploration wells in the Arctic Islands and northern Greenland A wealth of additional information is contained on the nine accompanying plates Applied Anthropology in Canada Edward J. Hedican,2008-01-01 Anthropologists are often reluctant to present their work relating to matters of a broad social context to the wider public even though many have much to say about a range of contemporary issues In this second edition of a classic work in the field Edward J Hedican takes stock of Anthropology s research on current indigenous affairs and offers an up to date assessment of Aboriginal issues in Canada from the perspective of applied Anthropology In his central thesis Hedican underlines Anthropology s opportunity to make a significant impact on the way Aboriginal issues are studied perceived and interpreted in Canada He contends that anthropologists must quit lingering on the periphery of debates concerning land claims and race relations and become more actively committed to the public good His study ranges over such challenging topics as advocacy roles in Aboriginal studies the ethics of applied research policy issues in community development the political context of the self government debate and the dilemma of Aboriginal status and identity in Canada Applied Anthropology in Canada is an impassioned call for a revitalized Anthropology one more directly attuned to the practical problems faced by First Nations peoples Hedican s focus on Aboriginal issues gives his work a strong contemporary relevance that bridges the gap between scholarly and public spheres Alaska Natural Gas Transportation System United States. Congress. House. Committee on Interior and Insular Affairs. Subcommittee on Public Lands,1976 *The Rotarian* ,1958-11 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Ghandi to Kurt Vonnegut Jr have written for the magazine **Canadian Defence Policy in Theory and Practice** Thomas Juneau,Philippe Lagassé,Srdjan

Vucetic,2019-09-04 This edited volume provides a comprehensive overview of contemporary debates and issues in Canadian defence policy studies The contributors examine topics including the development of Canadian defence policy and strategic culture North American defence cooperation gender and diversity in the Canadian military and defence procurement and the defence industrial base Emphasizing the process of defence policy making rather than just the outcomes of that process the book focuses on how political and organizational interests impact planning as well as the standard operating procedures that shape Canadian defence policy and practices Oil and Natural Gas from Alaska, Canada, and Mexico--only Limited Help for U.S. United States. have terminated such programs and how states have demonstrated that they have truly terminated their biological weapons programs

Coastal Wetlands Gerardo M.E. Perillo, Eric Wolanski, Donald R. Cahoon, Mark M. Brinson, 2009-01-18 Coastal wetlands are under a great deal of pressure from the dual forces of rising sea level and the intervention of human populations both along the estuary and in the river catchment Direct impacts include the destruction or degradation of wetlands from land reclamation and infrastructures Indirect impacts derive from the discharge of pollutants changes in river flows and sediment supplies land clearing and dam operations As sea level rises coastal wetlands in most areas of the world migrate landward to occupy former uplands The competition of these lands from human development is intensifying making the landward migration impossible in many cases This book provides an understanding of the functioning of coastal ecosystems and the ecological services that they provide and suggestions for their management In this book a CD is included containing color figures of wetlands and estuaries in different parts of the world Includes a CD containing color figures of wetlands and estuaries in different parts of the world

**Political Turmoil in a Tumultuous World** David Carment, Richard Nimijean, 2021-05-22 In the last two years Canadian society has been marked by political and ideological turmoil How does an increasingly divided country engage a world that is itself divided and tumultuous Political instability has been reinforced by international uncertainty the COVID 19 pandemic populism Black Lives Matter and the chaotic final year of the Trump presidency that increased tensions between the West China and Russia Even with a Biden presidency these issues will continue to influence Canada s domestic situation and its ability to engage as an effective global actor Contributors explore issues that cause or reflect these tensions such as Canada s willingness to address pressing crises through multilateralism including the COVID 19 pandemic Can Canada forge its own path in a turbulent world

**First Peoples In Canada** Alan D. McMillan, Eldon Yellowhorn, 2009-12-01 First Peoples in Canada provides an overview of all the Aboriginal groups in Canada Incorporating the latest research in anthropology archaeology ethnography and history this new edition describes traditional ways of life traces cultural changes that resulted from contacts with the Europeans and examines the controversial issues of land claims and self government that now affect Aboriginal societies Most importantly this generously illustrated edition incorporates a Nativist perspective in the analysis of Aboriginal cultures

*The Politics of Canadian Foreign Policy, Fourth Edition* Kim Richard Nossal, Stéphane Roussel, Stéphane Paquin, 2015-12-07 The fourth edition of this widely used text includes updates about the many changes that have occurred in Canadian foreign policy under Stephen Harper and the Conservatives between 2006 and 2015 Subjects discussed include the fading emphasis on internationalism the rise of a new foreign policy agenda that is increasingly shaped by domestic political imperatives and the changing organization of Canada s foreign policy bureaucracy As in previous editions this volume analyzes the deeply political context of how foreign policy is made in Canada Taking a broad historical perspective Kim Nossal St phane Roussel

and Stéphane Paquin provide readers with the key foundations for the study of Canadian foreign policy. They argue that foreign policy is forged in the nexus of politics at three levels: the global, the domestic, and the governmental, and that to understand how and why Canadian foreign policy looks the way it does, one must look at the interplay of all three.
