Rwanda Work Of God Work Of Evil:

Working with Words Stanley Hauerwas, 2011-02-16 The crucial challenge for theology is that when it is read the reader thinks This is true Recognizing claims that are true enables readers to identify an honest expression of life's complexities The trick is to show that theological claims the words that must be used to speak of God are necessary if the theologian is to speak honestly of the complexities of life The worst betrayal of the task of theology comes when the theologian fears that the words he or she must use are not necessary This new collection of essays lectures and sermons by Stanley Hauerwas is focused on the central challenge risk and difficulty of this necessity working with words about God The task of theology is to help us do things with words God is not a word peculiar to theology but if God is a word to be properly used by Christians the word must be disciplined by Christian practice It should therefore not be surprising that like any word we must learn how to say God

Rwanda Brigitte Kehrer, 2004 After the genocide what should be done Here is an attempt to answer that question in the form of a diary written by a European diplomat and development coordinator in Rwanda the Land of a Thousand Hills The author uses the testimonies of survivors describing their trauma and the difficulty of reconciliation between people whose destiny was broken in 1994 Rumour and superstition against a background of the question of the existence of God play an important role in the accounts of daily survival of the very humble the challenge of the struggle to survive despite everything Reconstruction of the society torn apart and the destroyed economy are described The social and economic rehabilitation of a torn society are likely to take ages The situation is still problematic because of persistent regional problems A whole generation may not be sufficient to enable the wounds to heal This is a breathtaking book dealing with contemporary themes of reconciliation through different life stories

Why Gather? Martha Tatarnic, 2022-06-14 As the COVID pandemic began to shut down the world even within the church we found our busy hamster wheel lives grind to a halt In the midst of a global crisis the author found herself in a crisis of vocation wondering whether or not there might be something else she could do with her life other than serve the church The church as a whole began asking questions of a similar and urgent nature Why be together in Jesus name Does any of what we do as the church in gathering in proclaiming in serving in being together in not being together does any of it matter

Honestly Johnnie Moore, 2011-09-01 Johnnie Moore vice president and campus pastor of Liberty University inspires readers with an enthusiastic challenge to live out fully what they say they believe as Christians In his uniquely confessional tone Johnnie takes readers on a journey of belief from the hilltop home of the Dalai Lama to a mass grave of more than 250 000 people in Rwanda He dares to address the doubts and challenges that have turned many well intentioned Christians into hypocrites Like a good pastor Moore helps heal the wounds he opens and he leaves his reader with one curious question What could happen if the world's Christians actually began to live what they say they believe

Truths about Evil, Sin, and the Demonic Byron Belitsos, 2023-04-18 The Problem of Evil and the Predicament of Theodicy As Christians or theists we are moved to share the truth of God's love for humankind But how can we speak of such providential care in a world rife with crime war racism genocide and even ecocide In response to this predicament a theodicy proposes a rational defense of God's goodness that offers consolation to victims and hope to all believers Truths about Evil Sin and the Demonic provides a sweeping history of the discipline of theodicy that focuses on its strategic turning points and its possible future Belitsos argues that because of the atrocities of the last century and the threat of horrendous evils in the coming century we need to marshal the most explanatory elements of all previous theodicies and then drive toward an integrative model based on a creative synthesis The author also turns to a modern revelatory source that supports his argument for such a meta theodicy He concludes by critically engaging with this source and the entire tradition in his call for an apophatically informed integral theodicy

Sharing the Pain of the Bitter Hearts Simone Lindorfer, 2007 This book reflects the fruitful dialogue between two regional contexts including the encounter of different methodologies namely the context of Latin American liberation psychology as inspired by liberation theology and specifically developed in El Salvador by the Jesuit Ignacio Martin Baro and the context of Eastern African women The book

evaluates in four case studies the contribution of liberation psychology in overcoming various forms of gender related violence in Eastern Africa where the author has worked since 1998 as consultant in trauma work The book encourages the critical reflection of current trauma psychology as well as the conceptualisation of a globally oriented practical theology

The Global Impact of Religious Violence Andre Gagne, Spyridon Loumakis, Calogero A. Miceli, 2016-10-25 Acts of terror are everywhere Not one day goes by without hearing about the latest suicide bomb in Baghdad knife stabbing in Germany or shooting spree in France or in the United States A Christian extremist preacher claims that homosexuals deserve to die because he considers their lifestyle to be sinful groups like ISIS perpetrate genocide against religious minorities and call for global jihad against infidels Buddhist monks in Myanmar persecute the Rohingya for fear that the Muslim minority destroy their country and religion All these actions seem to be somehow religiously motivated where the actors claim to act in accordance with their beliefs In the midst of this spiral of violence seen across traditions and geographical locations there is a pressing need to understand why people act as such in the name of their faith The Global Impact of Religious Violence examines why individuals and groups sometimes commit irremediable atrocities and offers some solutions on how to counter religiously inspired violence
