Depiction of Revenge in "S - A Novel about the Balkans" by Slavenka Drakulic Casey Peterson, 2016 **S.** Slavenka Drakulic, 2001-01-01 S may very well be one of the strongest books about war you will ever read The writing is taut precise and masterful The Philadelphia Enquirer Set in 1992 during the height of the Bosnian war S reveals one of the most horrifying aspects of any war the rape and torture of civilian women by occupying forces S is the story of a Bosnian woman in exile who has just given birth to an unwanted child one without a country a name a father or a language Its birth only reminds her of an even more grueling experience being repeatedly raped by Serbian soldiers in the women's room of a prison camp Through a series of flashbacks S relives the unspeakable crimes she has endured and in telling her story timely strangely compelling and ultimately about survival depicts the darkest side of human nature during wartime After the Fall Noemi Marin, 2007 Noemi Marin analyzes famous writers from the area as critical intellectuals and exiles in order to explore the role of rhetoric and identity in writers own experiences during the long history of communism Along with examinations of discursive relationships among power culture and resistance in works by George Konrad Andrei Codrescu and Slavenka Drakulic before and after the fall of communism Marin proposes specific dimensions for a rhetoric of exile pertinent to communist Eastern and Central Europe After the Fall shows how critical works on identity culture and communist history by the writers studied aid in reconstituting a rhetoric of dissidence identity and legitimation in the public discourse of a changing Europe The book offers a unique perspective on the complex contexts of political transition in which competing public discourse on freedom and democracy intersect with totalitarian regimes unsettled societies and issues of resistance *Between History and Personal Narrative* Maria-Sabina Draga Alexandru, Madalina Nicolaescu, Helen Smith, 2014 This collection focuses on a variety of fictional and non fictional East European women's migration narratives multimodal narratives by migrant artists and cyber narratives blogs and personal stories posted on forums The book negotiates the concept of narrative between conventional literary forms digital discourses and the social sciences It brings

together new perspectives on strategies of representation trauma dislocation and gender roles It also claims a place for Eastern Europe on the map of transnational feminism Series Contributions to Transnational Feminism Vol 4 Subject Sociology European Studies Women s Studies Feminist Studies Gender Studies Migration Studies Reading Women's Worlds from Christine de Pizan to Doris Lessing S. Jansen,2011-04-25 In this work Jansen explores a recurring theme in writing by women the dream of finding or creating a private and secluded retreat from the world of men These imagined women s worlds may be very small a single room for example but many women writers are much more ambitious fantasizing about cities even entire countries created for and inhabited exclusively by women This Was Not Our War Swanee Hunt,2004-11-29 Combines Bosnian women s personal testimony about the recent war and its aftermath with Ambassador Hunt s analysis of the U S government s approach to the conflict **The Geopolitics of Memory** James Riding,2019-09-30 In this daring experiment in ethnographic place writing cultural geographer James Riding aims to get at the heart of post conflict Bosnia showing the past alongside the present it created via a series of journeys and through the retelling of memories The juxtaposition between the siege of Sarajevo and supersonic metal the refugee journey and the aid worker travelling in the other direction the desperation and fury to change the present yet being stuck with many of the ethno nationalist politicians and politics of the past it is a journey to Bosnia as it is understood today in popular discourse a war torn place defined by ethnic conflict yet also a journey to deconstruct and reveal more than ancient ethnic hatreds portrayed on television screens across the globe from 1992 to 1995 Heavy with the weight of history on the one hand and an inspirational place with radical emancipatory politics on the other it is only through innovative storytelling that one can attempt to give a sense of what Bosnia itself is like in words for those who have never been and most importantly for those who are from there The Nameless Ones John Connolly,2021-10-26 One of the best thriller writers we have Harlan Coben 1 New York Times bestselling author From the international and instant New York Times bestselling author of The Dirty South the white knuckled Charlie Parker series returns with this heart pounding race to hunt down the deadliest of war criminals In Amsterdam four bodies violently butchered are discovered in a canal house the remains of friends and confidantes of the assassin known only as Louis The men responsible for the murders are Serbian war criminals They believe they can escape retribution by retreating to their homeland They are wrong For Louis has come to Europe to hunt them down five killers to be found and punished before they can vanish into thin air There is just one problem The sixth With John Connolly s trademark dark haunting and beautifully told Booklist prose and breathless twists and turns The Nameless Ones is an unputdownable thriller that will keep you on the edge of your seat **The Columbia Guide to the Literatures of Eastern Europe Since 1945** Harold B. Segel,2003 The Iron Curtain concealed from western eyes a vital group of national and regional writers Marked by not only geographical proximity but also by the shared experience of communism and its collapse the countries of Eastern Europe Poland Hungary Albania Romania Bulgaria and the former states of Yugoslavia

Czechoslovakia and East Germany share literatures that reveal many common themes when examined together Compiled by a leading scholar the guide includes an overview of literary trends in historical context a listing of some 700 authors by country and an A to Z section of articles on the most influential writers The Yugoslav Example Bettina Gruber,2014 The term Yugoslav Wars or often the Balkan conflict refers to a series of wars in the region of former Yugoslavia which were associated with the break up of that state The Yugoslav Wars resulted in an unimaginable number of dead injured and displaced people They also had a devastating impact on the economy and on the environment Most notably in some of the states which emerged from the conflict people still to this day cannot peacefully coexist with one another Beyond the affected region itself the military conflict also had significant implications for Europe and its member states It destroyed the illusion that Europe had overcome war Perhaps these recent wars have given Europe an impetus to draw lessons from them to find out what really needs to be done to build a peaceful Europe A particular characteristic of this publication is that it does not settle for a single precise analysis of the reasons for war and for post war conflicts Rather peace efforts and peace treaties are analyzed by focusing on their function of preventing conflicts or reducing their extent Emphasis is placed on the efforts of national actors as well as on those of actors in civil society to promote peace policies in the international sphere This collection of articles might for the first time clearly display the political challenges of peace in the context of the collapse of Yugoslavia and its subsequent wars It certainly seeks to illustrate what has been learned and what still needs to be learned for the future

The Stranger Next Door Richard Swartz,2013-08-31 The Balkans have been so troubled by violence and misunderstanding that we have the verb balkanize meaning to break up into smaller warring components While some of the region's artists and thinkers have invariably fallen into nationalistic tendencies the twenty two prominent authors

represented here from the erstwhile Yugoslavia and its neighbors Albania and Bulgaria have chosen to attempt to bridge these divides The essays biographical sketches and stories in *The Stranger Next Door* form a project of understanding that picks up where politics fail The English language translation joins editions of the book that appeared concurrently in all of the participating countries
