The Soviet Union and the Politics of Nuclear Weapons in Europe, 1969-87 Jonathan Haslam, 1989-06-30 A comprehensive study of the reasons for the Soviet deployment of the SS 20 missile in the 1970s and the reasons why they agreed to eliminate it in the 1987 INF Treaty In the process Haslam examines the evolution of Soviet foreign and defence policy towards Western Europe in the 1970s and 1980s

The Cold War Jeremy Black, 2015-10-29 The term the Cold War has had many meanings and interpretations since it was originally coined and has been used to analyse everything from comics to pro natalist policies and science fiction to gender politics This range has great value but also poses problems notably by diluting the focus on war of a certain type and by exacerbating a lack of precision in definition and analysis The Cold War A Military History is the first survey of the period to focus on the diplomatic and military confrontation and conflict Jeremy Black begins his overview in 1917 and covers the long Cold War from the 7th November Revolution to the ongoing repercussions and reverberations of the conflict today The book is forward looking as well as retrospective not least in encouraging us to reflect on how much the character of the present world owes to the Cold War The result is a detailed survey that will be invaluable to students and scholars of military and international history

Ideologies in Conflict Chris S. Adams, Jr., 2001-07 The author characterizes this book as a docu story As such it is an exceptionally well researched and skillfully written chronology of the history of Russia the Soviet Union and the cold War The work is unusual and unique It is unusual because unlike most books of an historical nature it is free flowing and not tightly structured It is unique because it is written with considerable input from the author s personal experiences interwoven with perceptions and anecdotal observations The work is Assertive I have no doubt that there was Cold War I fought in it The Author Candid Stalin is an unconscionable dictator but I liked the little son of a bitch Truman Provocative Truman is worthless Stalin and Challenging Why not set a goal just between the two of us let s find a practical way to solve our critical issues Reagan and we can set a specific agenda for how to straighten out Soviet American relations Gorbachev Finally it is Cautionary The world has become in many respects a safer place Unfortunately it is also still a dangerous place fraught with uncertainty Commander in Chief US Strategic Command and The missile force is in the same state of readiness as ten years ago My men and my missiles are always ready General of the Army Igor Sergeyev
