possible significance of a Catholic university      [A Guide to the Sacraments](#) John Macquarrie, 2013-01-26 A highly acclaimed account of the sacramental principle and the seven sacraments of the church      **Christ the Sacrament of the Encounter with God** Edward Schillebeeckx, 1987-06 A reprinting of Schillebeeckx's classic work A standard in understanding the relationship between Christ Sacrament and the Church A positive and constructive ecclesial theology      *Ressourcement Thomism* Romanus Cessario, 2010 The essays in this volume explore three areas in which St Thomas Aquinas's voice has never fallen silent sacred doctrine the relationship of sacraments and metaphysics and the central role of virtue in moral theology      *Idolatry* Moshe Halbertal, Avishai Margalit, 1992 Ranging with authority from the Talmud to Maimonides from Marx to Nietzsche and on to G. E. Moore this account of a subject central to our culture also has much to say about metaphor myth and the application of philosophical analysis to religious concepts and sensibilities      *Sacraments & Sacramentality* Bernard J. Cooke, 1994 Identifies sacramentality as the essence of life how life's meaning reveals and makes present the saving love of God For the author the totality of Jesus' mission is the root of each Christian's ability and calling to transform and sanctify the human experience of living      *Apostolicity Then and Now* John J. Christian traditions baptism eucharist Lord's Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines critical race theory queer theory comparative theology and disability studies

*Recovering the Evangelical Sacrament* Anthony R. Cross, 2012-12-06 The subject of baptism continues to be of considerable interest though it frequently appears within broader studies of sacraments liturgy worship and ecumenical studies and within confessional bounds credobaptist or paedobaptist yet it is rarely discussed by Evangelicals This book however is neither an apologetic for credobaptism nor paedobaptism rather Cross believes that as practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4:5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for a sacramental interpretation of baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post-Christian post Christendom mission setting
