**Confirmation** Timothy R. Gabrielli, 2013-09-24 What are we doing when we confirm teenagers

Why is the religious education of teenagers so perplexing Why is confirmation often a moment of graduation out of parish life Confirmation How a Sacrament of God s Grace Became All about Us tells the story of how confirmation more than any other sacrament has interacted with secular culture to give rise to these kinds of pastoral challenges At the same time confirmation has over the course of the twentieth century become a sacramental stamp of approval for various Catholic renewal movements The cultural shifts of the last century have led to various theological themes for confirmation creating a crisis of meaning today Is confirmation a personal choice for faith or is it the deepening of an ongoing relationship with the Divine Timothy Gabrielli gives us a fresh approach for addressing these pressing questions Scripture Margaret Nutting Ralph,2010-06 Scripture is the Word that nourishes us Scripture Nourished by the Word explores the nature of Scripture Learn more about this in the Catholic Basics series from Loyola Press Catholic Basics A Pastoral Series offers an in depth yet accessible understanding of the fundamentals of the Catholic faith for adults both those active in pastoral ministry and those preparing for ministry The series helps readers explore the Catholic tradition and apply what they have learned to their lives and ministry situations Includes study questions and suggestions for further reading The Life Sciences in Early Modern Philosophy Ohad Nachtomy,Justin E. **Sacred Reality, Digital Simulation** Enrico Beltramini, 2025-07-29 This study explores the relationship between the sacred and the virtual emphasizing the sacred as a divinely dependent consecrated space activated through ritual mediating between the profane and the holy The central argument is that the virtual is fundamentally incompatible with the ritual form a concept developed by Romano Guardini and others including Joseph Ratzinger which holds that the sacred is not merely acknowledged but made present through ritualized actions that require tangible participatory engagement Even if the virtual realm were acknowledged as real and retained both the bodily presence of the faithful and the Divine Presence the rite would still be ineffective Virtuality prevents the proper enactment of the rite rendering it ineffective At its core the ritual form is performative embodied and consecratory It requires physical presence material elements and a structured sequence of gestures symbols and words that together make the divine encounter possible Their absence in virtual spaces disrupts ritual form compromising its sacramental function

**Sacramental Theology** Bruce T. Morrill, 2019-11-18 Throughout the second half of the twentieth century sacramental theology has evolved as a discipline advancing comprehensive theories of sacraments and sacramentality as integral to the Christian faith while also studying the history and theology of the particular rites Now in the twenty first century the need for attention to the actual performance and specific social settings of sacramental worship has become well established This makes the work of sacramental theology necessarily engaged with multiple cross disciplinary theories attentive to particular contexts whether local national or global Still the divine human encounter at the heart of Christian symbol and ritual likewise beckons to philosophical theological reflection The essays in this volume begin with

profound philosophical perspectives on the personal and communal sacramental experience expanding from traditional cosmology to evolutionary and chaos theories of our planetary existence continuing with shifts especially among youth to interreligious and non institutional perspectives consideration of change in popular notions of guilt and social ethical issues in relation to liturgical theology and practice so as finally to return to fundamental theological reflection on human sacramentality and divine revelation
