Athanasius and the Holy Spirit Kevin Douglas Hill, 2016-12-01 Athanasius was one of the first writers to argue for the Holy Spirit's divinity and the majority of his seven dozen works include at least one reference to the Holy Spirit Yet Athanasius is mainly remembered for his Christological writings and role in the so called Arian controversy Only a limited number of studies have looked at his pneumatology and these studies have usually focused on Athanasius's Letters to Serapion on the Holy Spirit ca 359-361 leaving a gap in our understanding of Athanasius's prior pneumatology By exploring the period from Athanasius's election as bishop 328 to the completion of the third Oration against the Arians ca 345 this book seeks to help fill this gap The first part argues that by the mid 330s Athanasius had begun to establish core pneumatological perspectives that he would maintain for the rest of his career Part two examines Athanasius's three Orations giving particular attention to Orations 1-2 Without the pneumatological perspectives that he established in the 330s and 340s Athanasius would not have been prepared for his Letters to Serapion where he took the next steps of confessing the Holy Spirit's divine nature and role in creating the world

Edwards, Markus Vinzent, 2010 Papers presented at the Fifteenth International Conference on Patristic Studies held in Oxford 2007 see also *Studia Patristica* 44 45 46 48 and 49 The successive sets of *Studia Patristica* contain papers delivered at the International Conferences on Patristic Studies which meet for a week once every four years in Oxford they are held under the aegis of the Theology Faculty of the University Members of these conferences come from all over the world and most offer papers These range over the whole field both East and West from the second century to a section on the *Nachleben* of the Fathers The majority are short papers dealing with some small and manageable point they raise and sometimes resolve questions about the authenticity of documents dates of events and such like and some unveil new texts The smaller number of longer papers put such matters into context and indicate wider trends The whole reflects the state of Patristic scholarship and demonstrates the vigour and popularity of the subject *The Apostolic Tradition* Nathan P. Chase, Maxwell E. Johnson, 2025-04-15 Renowned liturgical scholars offer for the first time anywhere English translations and commentary of new witnesses to the Apostolic Tradition In recent years a number of new witnesses to the so called Apostolic Tradition have been discovered or freshly edited for the first time Among them is a new recently discovered Ethiopic version of the Apostolic Tradition contained in the Aksumite Collection edited by Alessandro Bausi Also the Arabic version of the Clementine Octateuch while known for some time has only recently been edited by Martin L. Straeten allowing scholars access to this important witness Each of these witnesses provides valuable insights into the origins and development of the Apostolic Tradition Based on these new witnesses as well as new secondary literature the translations and commentary provided in this book updates and challenges earlier and more recent studies with special regard to liturgical practices In addition English translations of these witnesses are provided for the first time anywhere Revisiting an earlier claim held by J. M. Hanssens SJ this study also argues that the final redaction of the text likely occurred within an Egyptian orbit
