#### Sacred Songs Of Russia:

Russians on Russian Music, 1880-1917, 2003-08-14 This second anthology of Russian writing on Russian music begins in 1880 where the first volume concluded and ends in 1917 It brings the thoughts of leading Russian music critics to an English speaking readership as they react to the Russian music that is new to them during a period when all aspects of musical life were developing rapidly Music criticism had become more sure footed if no less opinionated These reviews demonstrate greater awareness both of music history and of contemporary music abroad The period covers the late careers of Tchaikovsky and Rimsky Korsakov as well as late works by Borodin and Balakirev and the emergence of Mussorgsky s compositions Works by the intervening generation including Arensky Glazunov and Lyadov are also reviewed and the book concludes with coverage of works by the Moscow School including Medtner Rachmaninoff and Skryabin and the early compositions of Stravinsky and Prokoviev History of Music in Russia from Antiquity to 1800, Volume 2 Nikolai Findeizen, 2008-02-07 In its scope and command of primary sources and its generosity of scholarly inquiry Nikolai Findeizen s monumental work published in 1928 and 1929 in Soviet Russia places the origins and development of music in Russia within the context of Russia's cultural and social history Volume 2 of Findeizen's landmark study surveys music in court life during the reigns of Elizabeth I and Catherine II music in Russian domestic and public life in the second half of the 18th century and the variety and vitality of Russian music at the end of the 18th century

Russian Symbolism and Literary Tradition Michael Wachtel, 1994 Michael Wachtel explores here the art and development of Vyacheslav Ivanov 1866 1949 a poet and theorist who articulated a highly influential concept of Symbolism The German writers Goethe and Novalis played a powerful part in Ivanov s vision and were in his mind powerful precursors in a proto Symbolist pantheon Their work not only influenced his writing but also in maintaining the Symbolist creed of unity in art and life altered his world perspective Wachtel in exploring Ivanov's relationship to Goethe and Novalis illuminates the issues that lie at the core of Symbolism the theory of the symbol poetics poetry as theurgy the relationship between literary creation and real life and the theory and practice of translation Russia .1905 Russian Baptists and Orthodoxy, 1960-1990 Constantine Prokhorov, 2014-01-14 Russian Baptists and the Orthodox Church have had a difficult and at times dramatic relationship over the past century and a half However the purpose of this thesis is to examine certain internal connections between these two Christian bodies Despite the evident dissimilarity in theology church practice and traditions there is common ground which has been largely unexplored A number of features inevitably brought them together such as living in the same country over a long period of time sharing a history and national roots responding to the same civic concerns and finally until recently using the same Russian Synodal translation of the Bible This thesis explores first of all the roots of the issue of Orthodox Baptist similarities and dissimilarities in the nineteenth century The remainder of the thesis focuses on 1960 to 1990 There is a chapter analyzing the way in which in significant areas Russian Baptist theology resembled Orthodox thinking This is followed by a

study of church and sacraments which again shows that Russian Baptist approaches had echoes of Orthodoxy The thesis then explores Baptist liturgy showing the Orthodox elements that were present The same connections are then explored in the area of Russian Baptist communal spiritual traditions The examination of the Bible beliefs and behaviour also indicates the extent to which Russian Baptists mirrored Orthodoxy Finally there is an analysis of the popular piety of the Russian Baptists and the way in which they constructed an alternative culture The basic views of Russian Baptists between the 1960s and 1990 have been drawn from periodicals of the Russian Baptist communities and from interviews with pastors presbyters and church members who were part of these communities This often yields insights into primary theology which in relation to many issues differs from official Baptist declarations that tend to stress the more Protestant aspects of Russian Baptist life. The aim of the thesis is to show that in a period in the history of the USSR when the division between the Western world and the Soviet bloc was marked there was a strong Eastern orientation among Russian Baptists. This changed when the USSR came to an end Over a number of years there was mass emigration of Russian Baptists and in addition pro Western thinking gained considerable ground within the Russian Baptist community During the period examined here however it is possible to uncover a great deal of evidence of Russian Baptists participating in Orthodox theology spiritual mentality and culture

Representing Russia's Orient Adalyat Issiyeva, 2021 Building on long forgotten archives and detailed case studies Representing Russia's Orient reveals how complex representations of oriental subjects in nineteenth century Russian art music which often merged elements of East and West contributed to the formation of Russia's national identity Masters of Russian Song: 25 songs by Moussorgsky Kurt Schindler,1917 Russian Court Chapel Choir Carolyn C. Dunlop, 2013-12-19 This detailed account of the Kapella Russian Court Chapel Choir examines the influence it exerted on the development of Russian sacred music The educational importance of the institution has always been overshadowed by the achievements of the St Petersburg Conservatoire Dr Dunlop investigates the consequences of the Kapella s monopoly on music publications The wonderfully rich choral repertoire of the Russian Orthodox Church has until now been unavailable to most English speaking choirs due to the problems of language and accessibility Two volumes of Russian Court Chapel Choir music Galuppi to Vorotnikov and Bakhmetev to Lyapunov are available separately in performing editions They are easily accessible sources of nineteenth century Russian choral pieces by a range of composers in a variety of styles Carolyn Dunlop received a postgraduate degree in Russian language from the University of Strathclyde She was awarded her doctorate in Russian Orthodox Church mu The Oxford Handbook of Music Censorship Patricia Ann Hall, 2018 Addresses censorship as a worldwide issue from its earliest recorded form to the modern day Includes unique case studies of music censorship unfamiliar to Western audiences Documents censorship through a necessarily intersectional lens Oxford University Press

**Russian Composers Abroad** Elena Dubinets,2021-10-05 As waves of composers migrated from Russia in the 20th century they grappled with the complex struggle between their own traditions and those of their adopted homes Russian

Composers Abroad explores the self identity of these migr's especially those who left from the 1970s on and how aspects of their diasporic identities played out in their music Elena Dubinets provides a journey through the complexities of identity formation and cultural production under globalization and migration elucidating sociological perspectives of the post Soviet world that have caused changes in composers outlooks strategies and rankings Russian Composers Abroad is an illuminating study of creative ideas that are often shaped by the exigencies of financing and advancement rather than just by the vision of the creators and the demands of the public Eighteenth-Century Russian Music Marina Ritzarev, 2017-07-05 Little is known outside of Russia about the nation's musical heritage prior to the nineteenth century Western scholarship has tended to view the history of Russian music as not beginning until the end of the eighteenth century Marina Ritzarev s work shows this interpretation to be misguided Starting from an examination of the rich legacy of Russian music up to 1700 she explores the development of music over the course of the eighteenth century a period of especially intense Westernization and secularization The book focuses on what is characteristic and crucial to Russian music during this period rather than seeking to provide a comprehensive survey The musical culture of the time is discussed against the rich background of social political and cultural life tying together many of the phenomena that used to be viewed separately. The book highlights the importance of previously marginalized sectors serf culture choral sacred culture the contribution of foreign musicians the significant influence of Freemasonry the role of Ukrainian and West European cultures and so on as well as casting new light on the well researched topic of Russian opera Much new archival material is introduced and revised biographies of the two leading eighteenth century Russian composers Maxim Berezovsky and Dmitry Bortniansky are provided as well as those of the serf composer Stepan Degtyarev and the Italian Giuseppe Sarti The book places eighteenth century Russian music on the European map and will be of particular importance for the study of European musical cultures remote from such centres as Italy Germany Austria and France Eighteenth century Russian music is organically linked with its past and future and its contributory role in forming the Russian national identity and developing the Russian idiom is clarified Russian Folk-songs Evgeni∏ia∏ Ėduardovna Papri∏t∏s Lineva,1893 The Russian Student ,1928 Music in American Life Jacqueline Edmondson, 2013-10-03 A fascinating exploration of the relationship between American culture and music as defined by musicians scholars and critics from around the world Music has been the cornerstone of popular culture in the United States since the beginning of our nation's history From early immigrants sharing the sounds of their native lands to contemporary artists performing benefit concerts for social causes our country's musical expressions reflect where we as a people have been as well as our hope for the future This four volume encyclopedia examines music s influence on contemporary American life tracing historical connections over time Music in American Life An Encyclopedia of the Songs Styles Stars and Stories That Shaped Our Culture demonstrates the symbiotic relationship between this art form and our society Entries include singers composers lyricists songs musical genres places instruments technologies music in films

music in political realms and music shows on television Nicolas Slonimsky: Russian and Soviet music and composers Nicolas Slonimsky, 2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company France Historical Dictionary of Russian Music Daniel Jaffé, 2022-02-15 Russian music today has a firm hold around the world in the repertoire of opera houses ballet companies and orchestras The music of Pyotr Tchaikovsky Nikolai Rimsky Korsakov Sergey Rachmaninov Sergey Prokofiev and Dmitri Shostakovich is very much today s lingua franca both in the concert hall and on the soundtracks of international blockbusters from Hollywood Meanwhile the innovations of Modest Musorgsky Alexander Borodin and Igor Stravinsky have played their crucial role in the development of Western music influencing the work of virtually every notable composer of the past century Historical Dictionary of Russian Music Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries for each of Russia's major performing organizations and performance venues and on specific genres such as ballet film music symphony and church music This book is an excellent resource for students researchers and anyone wanting to know more about Russian Music Church Music Review and Official Bulletin of the American Guild of Organists, 1906 Music Club Programs from All Nations Arthur Elson,1928 A History of Russian Music Montagu Montagu-Nathan, 1918 Bonded Leather binding
