Sacred Trust Ecology And Spiritual Vision:

A Sacred Trust John Carey,2002 **Ecological Imaginations in the World Religions** Tony Watling,2011-10-20 The field of religion and ecology is an emerging and growing movement that is becoming relevant and influential in the world It seeks to analyse encourage inspire use compare and combine religious traditions to engage and shape environmental issues Tony Watling seeks to ethnographically analyse this important field and its expressions In particular he analyses and compares its explorations of different world religions for ecological themes and the resulting expressions of ecological visions in what he terms religious ecotopias idealized environmentally friendly re imaginings of nature and humanity and correspondingly religion which seek to influence environmental attitudes **Seyyed Hossein Nasr's Ecological Ethics**

Muzzamel Hussain Imran,2023-12-02 The book explores the profound insights of Seyyed Hossein Nasr an Islamic scholar on the ecological crisis and its underlying causes Nasr argues that the dominance of scientism which prioritizes contemporary science as the sole source of knowledge has led to a destructive relationship between humans and nature He proposes that restoring the religious perspective is crucial for finding a lasting solution to the ecological problem The book delves into Nasr s comprehensive body of work covering diverse subjects such as Islamic philosophy Islamic art Islamic science Sufism and the ecological crisis Nasr s approach advocates for a holistic and inclusive philosophy that draws inspiration from the perennial philosophy and the principles of Islam He emphasizes the importance of reconnecting with our spiritual heritage and rediscovering reverence for the natural world The book also discusses the relevance and applicability of Nasr s ideas to non Islamic cultures and societies This is a unique study into the work of an important Islamic scholar and ecologist The key audience includes scholars and researchers interested in Islamic philosophy environmental ethics and the intersection of religion and ecology **Wendell Berry** Jason Peters,2010-06-11 A portrait of one of America s most profound and honest thinkers this book combines biographical sketches personal accounts literary criticism and social commentary to illuminate Berry as he is a complex man of place and community with a depth of domestic intellectual filial and fraternal attributes

Worldly Wonder Mary Evelyn Tucker,2011-04-15 History illustrates the power of religion to bring about change Mary Evelyn Tucker describes how world religions have begun to move from a focus on God human and human human relations to encompass human earth relations She argues that in light of the environmental crisis religion should move from isolated orthodoxy to interrelated dialogue and use its authority for liberation rather than oppression *Seeing God Everywhere*

Barry McDonald,2003-07-30 This anthology combining articles by Buddhist Christian Islamic Jewish and Native American scholar looks at the environmental crisis through a spiritual lens *On the Origin of Beauty* John Griffin,2011-10-01 In the light of the looming ecological crisis facing the world today much of the stunning beauty of the natural world is being lost forever On the Origin of Beauty seeks to confront this crisis through a philosophical enquiry into our perception of natural beauty Through discussions of numerous fields including the philosophy of science environmental ethics rationalism and

Eastern and Western religion Griffin asserts that Beauty itself may be the catalyst needed to save the globe from destruction

The Spirit of Sustainability Willis Jenkins, Whitney Bauman, 2009-11-01 The Spirit of Sustainability helps readers navigate the moral worlds and ethical concepts and social and religious practices related to sustainability In collaboration with the Forum on Religion and Ecology an established network of leading scholars it explores a wide range of topics and perspectives from the promise and problems of approaching sustainability through global and indigenous religions to major theories in philosophy and environmental ethics and professional practices and social movements This volume presents the various goals of sustainability ecological integrity economic health human dignity fairness to the future and social justice and provides a framework for reasoning through many interrelated environmental challenges for both current and future generations

The Sacred Trust Pinchas Stolper, 1996 Rabbi Pinchas Stolper one of our generation s inspirational leaders turns his talented pen to discuss one of life s most delicate areas love dating and marriage With the illumination of the Torah s rich and positive teachings he brings new meaning purpose and elevation to our lives He offers timely insights firmly rooted in timeless teachings This is an important book filled with wisdom sensitivity and sound advice

Religion Hent de Vries, 2008 What do we talk about when we talk about religion Is it an array of empirical facts about historical human civilizations Or is religion what is in essence unpredictable perhaps the very emergence of the new In what ways are the legacies of religion its powers words things and gestures reconfiguring themselves as the elementary forms of life in the twenty first century Given the Latin roots of the word religion and its historical Christian uses what sense if any does it make to talk about religion in other traditions Where might we look for common elements that would enable us to do so Has religion as an overarching concept lost all its currency or does it ineluctably return sometimes in unexpected ways the moment we attempt to do without it This book explores the difficulties and double binds that arise when we ask What is religion Offering a marvelously rich and diverse array of perspectives it begins the task of rethinking religion and religious studies in a contemporary world Opening essays on the question What is religion are followed by clusters exploring the relationships among religion theology and philosophy and the links between religion politics and law Pedagogy is the focus of the following section Religion is then examined in particular contexts from classical times to the present Pentacostal revival leading into an especially rich set of essays on religion materiality and mediatization The final section grapples with the ever changing forms that religion is taking such as spirituality movements and responses to the ecological crisis Featuring the work of leading scholars from a wide array of disciplines traditions and cultures Religion Beyond a Concept will help set the agenda for religious studies for years to come It is the first of five volumes in a collection entitled The Future of the Religious Past the fruit of a major international research initiative funded by the Netherlands Organization for Scientific Research

The British National Bibliography Arthur James Wells, 2002

The Oxford Handbook of Religion and Ecology Roger S. Gottlieb, 2006-11-09 Ecologically oriented visions of God the Sacred the Earth and human beings The proposed handbook

will serve as the definitive overview of these exciting new developments Divided into three main sections the books essays will reflect the three dominant dimensions of the field Part I will explore The Earth Charter, Ecological Integrity and Social Movements Laura Westra, Mirian Vilela, 2014-06-20 The Earth Charter is a declaration of fundamental ethical principles for building a just sustainable and peaceful global society with ecological integrity as a major theme This book provides a series of analyses of ecological integrity as it relates to the Earth Charter social movements and international law for human rights It is shown how the Earth Charter project began as a United Nations initiative but it was carried forward and completed by a global civil society initiative The drafting of the Earth Charter involved the most inclusive and participatory process of its time ever associated with the creation of an international declaration This process is the primary source of its legitimacy as a guiding ethical framework The Earth Charter was finalized and then launched in 2000 and its legitimacy has been further enhanced by its endorsement by over 6 500 organizations including many governments and international organizations In the light of this legitimacy an increasing number of international lawyers recognize that the Earth Charter is acquiring the status of a soft law document The book also shows the strong connection between ecological integrity and social justice particularly in the defence of indigenous people and includes contributions from both the North and the global South specifically from Central and South America Ecological Spirituality O'Murchu, Diarmuid, 2024-03-20 An earth focused spirituality is developed for the ecological needs of the Twenty first century Radical Ecology Carolyn Merchant, 2012-10-02 This is a new edition of the classic examination of major philosophical ethical scientific and economic roots of environmental problems which examines the ways that radical ecologists can transform science and society in order to sustain life on this planet It features a new Introduction from the author a thorough updating of chapters and two entirely new chapters on recent Global Movements and Globalization and the Environment **Visions of a New Earth** Professor Harold Coward, Harold Coward, Daniel C. Maguire, Professor of Theological Ethics Daniel C Maguire, 2000-01-01 Brings together world religion scholars and creative international economists to address the current eco crisis **The Spirit of the Quakers** Geoffrey Durham, 2010-11-16 Who are the Quakers what do they believe and what do they practice The Religious Society of Friends also known as Quakers believes that everyone can have a direct experience of God Quakers express this in a unique form of worship that inspires them to work for change in themselves and in the world In The Spirit of the Quakers Geoffrey Durham himself a Friend explains Quakerism through quotations from writings that cover 350 years from the beginnings of the movement to the present day Peace and equality are major themes in the book but readers will also find thought provoking passages on the importance of action for social change the primacy of truth the value of simplicity the need for a sense of community and much more The quoted texts convey a powerful religious impulse courage in the face of persecution the warmth of human relationships and dedicated perseverance in promoting just causes The extended quotations have been carefully selected from well known Quakers such as George Fox William Penn John Greenleaf

Whittier Elizabeth Fry and John Woolman as well as many contemporary Friends Together with Geoffrey Durham s enlightening and sympathetic introductions to the texts the extracts from these writers form an engaging often moving guide to this accessible and open hearted religious faith
