## **Sacrificing The Self Martyrdom In World Religions:**

*Sacrificing the Self* Margaret Cormack, 2002-07-18 Acts of martyrdom have been found in nearly all the world's major religious traditions. Though considered by devotees to be perhaps the most potent expression of religious faith, dying for one's god is also one of the most difficult concepts for modern observers of religion to understand. This is especially true in the West where martyrdom has all but disappeared and martyrs in other cultures are often viewed skeptically and dismissed as fanatics. This book seeks to foster a greater understanding of these acts of religious devotion by explaining how martyrdom has historically been viewed in the world's major religions. It provides the first sustained cross-cultural examination of this fascinating aspect of religious life. Margaret Cormack begins with an introduction that sets out a definition of martyrdom that serves as the point of departure for the rest of the volume. Then scholars of Christianity, Judaism, Hinduism, and Islam examine martyrdom in specific religious cultures. Spanning 4000 years of history and ranging from Saul in the Hebrew Bible to Sati immolations in present-day India, this book provides a wealth of insight into an often noted but rarely understood cultural phenomenon.

**Martyrdom, Self-Sacrifice, and Self-Immolation** Margo Kitts, 2018-05-01 Suicide in the forms of martyrdom, self-sacrifice, or self-immolation is perennially controversial. Should it rightly be termed suicide? Does religion sanction it? Should it be celebrated or anathematized? At least some idealization of such self-chosen deaths is found in every religious tradition treated in this volume, from ascetic heroes who conquer their passions to save others by dying to righteous warriors who suffer and die valiantly while challenging the status quo. At the same time, there are persistent disputes about the concepts used to justify these deaths, such as altruism, heroism, and religion itself. In this volume, renowned scholars bring their literary and historical expertise to bear on the contested issue of religiously sanctioned suicide. Three examine contemporary movements with disputed classical roots, while eleven look at classical religious literatures which variously laud and disparage figures who invite self-harm to the point of death. Overall, the volume offers an important scholarly corrective to the axiom that religious traditions simply and always embrace life at any cost.

*Political Self-Sacrifice* K. M. Fierke, 2013 This book examines a variety of different forms of political self sacrifice including hunger strikes self burning and non violent martyrdom

*A Fatal Addiction* Thomas Block, 2012 America one of the most religious countries in the world is also the most violent Do God and war define the American spirit as much as apple pie and baseball This unsettling book illustrates how bellicose war like language is used to explain the spiritual quest It explores the violence of God tradition as it exists in all religions including Buddhism and then examines how this dynamic is flipped with political leaders using spiritual and religious language to sell war to the general public Although God and religion have often been used to sell war in the United States this has been especially true since 9 11 After surveying the relationship of war and the spiritual quest in the major world religions this study concludes with an overview of how that dynamic has affected the contemporary American public discourse on war Does this intermingling of war and spirituality prepare the population for the coming of war The institutional blending of the sacred and human aggression appear to be fundamental to human society The second section of the book concentrates on the political language and speeches of American politicians since 2002 following the run up to the Iraq war and its continuation over the past decade showing how this mystical war conflation permeates American society

**Dying to Win** Robert Pape, 2006-07-25 Includes a new Afterword Finalist for the Council on Foreign Relations Arthur Ross Book Award One of the world s foremost authorities on the subject of suicide terrorism the esteemed political scientist Robert Pape has created the first comprehensive database of every suicide terrorist attack in the world from 1980 until today In *Dying to Win* Pape provides a groundbreaking demographic profile of modern suicide terrorist attackers and his findings offer a powerful counterpoint to what we now accept as conventional wisdom on the topic He also examines the early practitioners of this guerrilla tactic including the ancient Jewish Zealots who in A D 66 wished to liberate themselves from Roman occupation the Ismaili Assassins a Shi ite Muslim sect in northern Iran in the eleventh and twelfth centuries World War II s Japanese kamikaze pilots three thousand of whom crashed into U S naval vessels and the Tamil Tigers in Sri Lanka a secular Marxist Leninist organization responsible for more suicide terrorist attacks than any other group in history *Dying to Win* is a startling work of analysis grounded in fact not politics that recommends concrete ways for states to fight and prevent terrorist attacks now Transcending speculation with systematic scholarship this is one of the most important studies of the terrorist threat to the United States and its allies since 9 11 Invaluable gives Americans an urgently needed basis for devising a strategy to defeat Osama bin Laden and other Islamist militants Michael Scheuer author of *Imperial Hubris* Provocative Pape wants to change the way you think about suicide bombings and explain why they are on the rise Henry Schuster CNN com *Enlightening* sheds interesting light on a phenomenon often mistakenly believed to be restricted to the

C. Warren, 2021-12-30 Winner of the 2023 CSBS Frank W Beare Award This engaging and accessible

textbook provides an introduction to the study of ancient Jewish and Christian women in their Hellenistic and Roman contexts This is the first textbook dedicated to introducing women s religious roles in Judaism and Christianity in a way that is accessible to undergraduates from all disciplines The textbook provides brief contextualising overviews that then allow for deeper explorations of specific topics in women s religion including leadership domestic ritual women as readers and writers of scripture and as innovators in their traditions Using select examples from ancient sources the textbook provides teachers and students with the raw tools to begin their own exploration of ancient religion An introductory chapter provides an outline of common hermeneutics or lenses through which scholars approach the texts and artefacts of Judaism and Christianity in antiquity The textbook also features a glossary of key terms a list of further readings and discussion questions for each topic and activities for classroom use In short the book is designed to be a complete classroom ready toolbox for teachers who may have never taught this subject as well as for those already familiar with it Jewish and Christian Women in the Ancient Mediterranean is intended for use in undergraduate classrooms its target audience undergraduate students and their instructors although Masters students may also find the book useful In addition the book is accessible and lively enough that religious communities study groups and interested laypersons could employ the book for their own education **The**

**Ultimate Sacrifice** Clayton Fordahl,2020-03-05 This book presents an interpretive macro historical and sociological account of martyrdom Moving away from the notion of martyrdom as an object of individual behavior and seeing it instead as a significant cultural work performed by communities in the wake of a violent death it provides a novel interpretation of Western political and religious history In addition to thus redressing the disproportionate attention given to the concept s relationship to Islam the author offers a new perspective on two defining historical processes secularization and the rise of modern sovereignty in the form of the nation state An innovative analysis of the role of sacrifice in contemporary culture which constitutes a timely critique of long dominant theories of disenchantment and the privatization of religion The Ultimate Sacrifice will appeal to sociologists and social theorists with interests in religion politics and the connection between the two
