*National Politics and Sexuality in Transregional Perspective* Achim Rohde, Christina von Braun, Stefanie

Schüler-Springorum, 2017-11-28 *National Politics and Sexuality in Transregional Perspective* explores how modern identity politics around the world are gendered and sexualized in multiple ways Constructions of the imagined collective self often contain references to a heteronormative order whereas relevant internal or external others are often felt to deviate from this order through their gendered or sexual practices By contrast some Western countries have witnessed the evolution of LGBTQI friendly discourses by certain political actors in recent years often in the context of the post 9 11 culture wars This pathbreaking book focuses on perceptions of self and other in Europe the Middle East and North Africa from a gendered perspective It deals with anti LGBTQI as well as LGBTQI friendly aspects of modern culture and politics in countries within

these regions focusing on the functions such discursive markers play in nationalist and racist imageries in discourses legitimizing class differences from the nineteenth century to the present day including globalized discourses in the context of 9 11 and its aftermath It shows that discourses on sexuality and gendered performances in everyday life often undermine the stability of such binary constructions as they point to the multiplicity ambivalence and the indeterminate character of individual and collective identities under conditions of modernity Addressing contemporary identity politics both in a wider historical context and within a transregional comparative framework thus helps to discern differences and similarities between different world regions and serves to dislocate essentialized notions of cultural differences based on gender and sex This book will appeal to those with an interest in Political Sociology Gender Studies and Globalisation      *Socio-Historical Examination of Religion and Ministry, Volume 2, Issue 2* Darren M. *Reaching for Power* Yitzhak Nakash, 2006 As the world focuses on the conflict in Iraq the most important political players in that country today are not the Sunni insurgents Instead they are Iraq's Shi'i majority part of the Middle East's ninety million Shi'i Muslims who hold the key to the future of the region and the relations between Muslim and Western societies So contends Yitzhak Nakash one of the world's foremost experts on Shi'ism With his characteristic verve and style Nakash
