Saddle The Wind:

Western Film Highlights Henryk Hoffmann, 2015-07-11 Westerns may have had their heyday but they remain popular. The greatest films from 1914 when *The Squaw Man* and *The Virginian* were among the genre's best through 2001 when *American Outlaws* and *Texas Rangers* were tops are the subject of this work. For each year the author names the outstanding western films in the following categories: picture, screenplay, original and adaptation, direction, cinematography, music, male and female leading roles, and male and female supporting roles. Also for each year the author lists the westerns that received Academy Award nominations and those that won. Makes note of the births and deaths of notable actors, directors, producers, composers, cinematographers, authors, and other such personalities and describes the genre's significant achievements.

Elmer Bernstein's The Magnificent Seven Mariana Whitmer, 2017-05-31 Released in late 1960 *The Magnificent Seven* was a Western reimagining of the 1954 Japanese film *Seven Samurai*. Despite such stars as Steve McQueen, Yul Brynner, and Charles Bronson, the film was not terribly successful when it premiered. However, in the years since the film has become recognized as a classic of the genre. And though the movie received only one Academy Award nomination, that honor was bestowed on Elmer Bernstein's rousing score. Beyond the scope of the film, the score has permeated American culture; the music has been used in countless commercials and referenced on television shows like *Cheers* and *The Simpsons*. But what makes this score so memorable? In *Elmer Bernstein's The Magnificent Seven: A Film Score Guide*, Mariana Whitmer examines the creation and development of one of the most iconic soundtracks in the history of cinema. Whitmer explores the significance of the familiar score through a variety of lenses, first delving into the background of Elmer Bernstein and his emergence as one of the key composers of the Silver Age of film music. The author then traces Bernstein's early musical endeavors and considers why he was attracted to Americana music, which particularly influenced his scoring of *The Magnificent Seven*. The book also summarizes Bernstein's early Western scores, noting that although they are clearly in the mainstream of the genre's musical style, they are also enhanced by Bernstein's own distinctive touches. Providing unique insights into the creation of this iconic score, which was deemed one of the ten greatest film scores of all time by the American Film Institute, this book explains what makes this music so enduring. *Elmer Bernstein's The Magnificent Seven: A Film Score Guide* will be of interest to cinema and music scholars in general, as well as to fans of film music and the work of one of Hollywood's finest composers. **Lippincott's Monthly Magazine**, 1902 **Saddle the Wind** Jess Foley, 2010

Screen Savers II: My Grab Bag of Classic Movies John Dileo, 2015-04-19 *Screen Savers II* is John DiLeo's three-part grab bag of classic movies, beginning with his extensive essays about ten remarkable and underappreciated movies, as in the first *Screen Savers*, and representing a variety of genres and stars such as Barbara Stanwyck, James Stewart, Ginger Rogers, and DiLeo favorite Joel McCrea. Part Two collects and categorizes posts from DiLeo's classic film blog, *screensaversmovies.com*, containing his musings on classics, revisited sleepers, and stinkers, films old and new, plus his memorial tributes to

Hollywood notables Part Three might be called a delayed bonus round to DiLeo's 1999 quiz book with all new matching quizzes Can you identify the films in which a character writes a book titled Hummingbird Hill Fred Astaire dances with Betty Hutton a character named Sean Regan is important but never seen

Go Slow Michael Owen, 2017-07-01 It has been said that the records of singer and actress Julie London were purchased for their provocative full color cover photographs as frequently as they were for the music contained in their grooves During the 1950s and 60s her piercing blue eyes strawberry blonde hair and shapely figure were used to sell the world an image of cool sexuality The contrast between image and reality the public and the private is at the heart of Julie London's story Through years of research extensive interviews with family friends and musical associates and access to rarely seen or heard archival material author Michael Owen reveals the impact of her image on the direction of her career and how it influenced the choices she made including the ultimate decision to walk away from performing Go Slow follows Julie London's life and career through its many stages her transformation from 1940s movie starlet to coolly defiant singer of the classic torch ballad Cry Me a River of the 50s and her journey from Las Vegas hotel entertainer during the rock n roll revolution of the 60s to the no nonsense nurse of the 70s hit television series Emergency

Saddle the Wind Kate Irvine, 1990 *Wild with Child* Jennifer Bové, 2010-05-25 Wild with Child is a unique collection of true stories by parents who boldly head out into the wilderness with kids in tow or in the lead as the case may be These stories run the gamut of adventure winter camping climbing spelunking field research skiing llama trekking fishing hunting and searching for pirate treasure with children of all ages Readers should bundle up before they strike out into the Rocky Mountains with Mark Jenkins whose idea of quality time with the kids is camping in a snow cave Leslie Leyland Fields shares deep gratitude as her brood safely migrates to an Alaskan island by bush plane Maleesha Speer confides her personal evolution as she awakens to the wonder of her unborn child in bear country Whether just beginning the course of wild parenting or looking back at the trail they've taken these writers aren't willing to accept Disneyland as the final frontier Even the most civilized among them insist that their children grow up feeling grass between their toes and sun on their skin It's a healthy heritage giving kids a steady set of bearings making them strong and helping them rise to challenges
