Sade Et Ses Masques:

Writing the Orgy Lucienne Frappier-Mazur, 2016-11-11 Writing the Orgy provides an innovative highly persuasive interpretation of eroticism in the Marquis de Sade's writing. Combining literary theory with methodologies borrowed from anthropology, history and psychoanalysis, the book is a brilliant feminist reading of a text. The Story of Juliette often characterized as brutally aggressive and pornographic. **The Taming of Romanticism** Virgil Nemoianu, 1984 Looking at a broad spectrum of writers English, French, German, Italian, Russian and other East Europeans, Virgil Nemoianu offers here a coherent characterization of the period 1815-1848. This, he calls, the era of the domestication of romanticism. The explosive visionary core of romanticism is seen to give way after the defeat of Napoleon to an expanded and softer version reflecting middle class values. This later form of romanticism is characterized by moralizing efforts to reform society, a sentimental yearning for the tranquility of home and hearth and persistent faith in the individual alongside a new skepticism, shattered ideals and consequent irony. Expanding the application of the term Biedermeier, which has been useful in describing this period in German literature, Nemoianu provides a new framework for understanding these years in a wider European context.

Blank Darkness Christopher L. Miller, 1985 Blank Darkness: Africanist Discourse in French is a brilliant and altogether convincing analysis of the way in which Western writers from Homer to the twentieth century have imposed their language of desire on the least known part of the world and have called it Africa. There are excellent readings here of writers ranging from Baudelaire, Rimbaud, Sade and C. L. to Conrad and Yambo Oulougouem, but even more impressive and important than these individual readings is Mr. Miller's wide-ranging incisive and exact analysis of Africanist discourse, what it has been and what it has meant in the literature of the Western world. Michel Maffesoli, 1993-01-01 Maffesoli presents a powerful argument for understanding everyday life by examining the passionate logic that animates the social body. He asserts that the circulation of sexuality as much as the circulation of goods and services or language is a structural component of sociality. By examining the Dionysian adventure, passion, bonds of shared emotion, communal feeling, he redefines the problems of sociality and the strong hedonistic ethics present in contemporary daily life. Surrealist Sorcery Will Atkin, 2023-08-10 Often regarded as an artistic movement of interwar Paris Surrealism comprised an international community of artists writers and intellectuals who have aspired to change the conditions of life itself over the course of the past century Consisting of a wide range of dedicated case studies from the 1920s to the 1970s this book highlights the international dimensions of the Surrealist Movement and the radical chains of thought that linked its followers across the globe from France to Romania and from Canada to the former Czechoslovakia From very early on the surrealists approached magic as a means of bypassing discrediting and combatting

rationalism capitalism and other institutionalized systems and values that they saw to be constraining influences upon modern life Surrealist Sorcery maps out how this interest in magic developed into a major area of surrealist research that led not only to theoretical but also practical explorations of the subject Taking an international perspective Atkin surveys this important quality of the movement and how it s remained an important element in the surrealist project and its ongoing legacy
