recovering from surgery he was regaining his health back when he developed heart failure that took him into the valley of death Prior to Christmas of 2017 the author had a divine encounter with Dr Wencker the medical director of Advanced Heart Failure Program at Baylor Scott White Hospital in Dallas Texas and was hospitalized to determine if he was a heart transplant candidate The author was admitted into the heart transplant program at Baylor Hospital Dallas Texas and in March of 2018 had a successful heart transplant and currently recovering After awakening from transplant surgery his first words were I Got My Life Back which is the title of this book The author writes of his experience and journey from heart disease to the heart transplant The author writes this book from the biblical world view and not the world view that is so prevalent today During his journey through the valley of death the author discovered that God is a God of infinite love and tender mercies and that he hears and answers prayers and still performs miracles today Because of His belief and faith in Christ the author is a living miracle and a testimony of the love grace and power of God A portion of the proceeds of the book sales will be donated to the Baylor Heart Transplant Center Financial Services to help heart transplant patients with their medical expenses

**Wandering Significance** Mark Wilson,2006-01-05 Mark Wilson presents a highly original and broad ranging investigation of the way we get to grips with the world conceptually and the way that philosophical problems commonly arise from this Words such as colour shape solidity exemplify the commonplace conceptual tools we employ to describe and order the world around us But the world s goods are complex in their behaviors and we often overlook the subtle adjustments that our evaluative terms undergo as their usage becomes gradually adapted to different forms of supportive circumstance Wilson not only explains how these surprising strategies of hidden management operate but also tells the astonishing story of how faulty schemes and great metaphysical systems sometimes spring from a simple failure to recognize the innocent wanderings to which our descriptive words are heir Wilson combines traditional philosophical concerns about human conceptual thinking with illuminating data derived from a large variety of fields including physics and applied mathematics cognitive psychology and linguistics Wandering Significance offers abundant new insights and perspectives for philosophers of language mind and science and will also reward the interest of psychologists linguists and anyone curious about the mysterious ways in which useful language obtains its practical applicability

The Bookshop That Floated Away Sarah Henshaw,2014-04-03 In early 2009 a strange sort of business plan landed on the desk of a pinstriped bank manager It had pictures of rats and moles in rowing boats and archaic quotes about Cleopatra s barge It asked for a 30 000 loan to buy a black and cream narrowboat and a small hoard of books The manager said no Nevertheless The Book Barge opened six months later and enjoyed the happy patronage of local readers a growing number of eccentrics and the odd moorhen Business wasn t always easy so one May morning owner Sarah Henshaw set off for six months chugging the length and breadth of the country Books were bartered for food accommodation bathroom facilities and cake During the journey the barge suffered a flooded engine went out to sea got banned from Bristol and on several occasions floated away altogether
