Comprehensive Personality Profile similar to the ones intelligence services keep on foreign leaders It focuses on different aspects of Castro s actions and personality which for some reasons have been either ignored misunderstood or misrepresented The main thesis of this book is that there are many different Castros The most widely known is the symbolic public one as it has been portrayed in official Cuban propaganda Castro friendly biographies and mainstream American media But there are also many secret Castros highly different from the public one The Secret Fidel Castro focuses on little known aspects of Castro s personality important in the better understanding of the man and his actions what really makes him tick **Espazos da Cultura ,**
