without fear because they want to find treasure and new adventures But the most important part of their trip is when they find a secret island where dangerous sea animals live Even though his friends are afraid and warn him not to Captain Oliver takes his crew with full confidence to the Island of the Sea Monsters They go into the unknown where strange noises and a foggy beach make them scared But they keep going because they believe in his guidance With swords and guns drawn they move toward the green but spooky island The focus of their research is an old overgrown temple that is guarded by stone statues that look like aquatic life Because Captain Oliver is determined to figure out the island s secrets they try to solve more of its puzzles Inside the temple they find an amazing treasure room full of gold coins rare gems and other beautiful things Their success is short lived though because giant sea monsters that look like snakes come out of the statues and attack them Over the course of several hours the crew s patience is tried but Captain Oliver s unwavering spirit keeps them going As the fight goes on Captain Oliver comes up with a daring plan He tells his crew to lead the sea monsters back into the water He jumps onto one of the creatures and puts a huge knife through its shining eye which makes the other one run away When the crew finds out that Captain Oliver and the sea monsters have run away to the ocean s depths it takes away from their moment of victory When they get back to the Sapphire Serpent they are sad and have changed a lot They understand that their captain and the money are gone but that their newfound respect for the secrets of the water is a much better prize The sea splitting to show Captain Oliver s return is a sign that their story will end in a miraculous way His knowledge and the change in the team lead to a new plan to protect the ocean and its animals They go from being thieves to being brave protectors and defenders of the world under the sea They go all over the world to save marine animals protect coral reefs and promote marine protection They have become well known for their brave defense of the water which has inspired people and groups all over the world to do the same Since Captain Oliver and his crew changed the way people think about pirates for good the world has never been the same Plundering and being greedy are replaced by brave duty and working together which reminds people of how important it is to protect and care for the environment So their story lives on as a story of daring bravery and bold guardianship It is a lesson that we all have the power to change and the duty to protect the treasures that lie beneath the water This is how the story starts A brave pirate captain named Captain Oliver used to live where the sea and the sky meet Captain Oliver was known all over the world for his constant love of excitement and lack of fear As he crossed the vast ocean with his loyal crew on the beautiful ship Sapphire Serpent his heart was full of the excitement of the unknown and their eyes sparkled with the promise of secret wealth The pirate Captain Oliver was not like the others He went to the sea not only because he wanted to steal and get rich but also because he was very interested in the world and wanted to learn more about it His team worked hard because he was interested in how big the ocean was and how many things could happen there They were more than just sea pirates They were also explorers dreamers and people who thought the world beyond the sky was magical The tall Sapphire Serpent was a sight to see with its dark blue sails and black

hull It is said that it was made by skilled shipwrights who put their hearts and souls into every plank and nail Its figurehead was a beautifully carved sapphire snake that seemed to come to life at night and watch over the crew as they went on dangerous journeys This ship was more than just a way for them to get around It was also their home and a place of safety in the middle of the vast seas The crew of Captain Oliver was as different as the sea People from all walks of life from crusty old sailors to wide eyed kids were attracted to their brave leader s charisma Everyone has a unique story to tell made up of hopes regrets and dreams from their past They became close because they all liked to try new things and cared about each other Their travels took them to some of the world s most remote places where not many people had gone before They saw old secrets and fought through fierce storms that put their strength to the test Captain Oliver was not only good at leading his team but he was also a good teacher He taught them how to navigate and the value of trust and friendship He thinks that the real treasures are not gold or jewelry but the bonds that people make with each other on their trip One bad day as the Sapphire Serpent sailed through blue seas they found an old map that had been lost for a long time The map was supposed to lead to the Isle of Eternal Dreams a place that sailors whispered about It was said to hold the keys to wealth knowledge and living forever Captain Oliver and his team decided to follow the mysterious symbols on the map Their hearts were racing and they were excited It took them by islands no one had ever seen before through dangerous rivers and right into the middle of the angry sea They ran into problems that put their faith to the test in a way that had never happened before Despite everything they kept going because they trusted each other and had a strong will After months of hard journey they finally reached the mythical Isle of Eternal Dreams The island was a green paradise with emerald woods waterfalls and strange animals they had never seen before Following the directions on the map they went deep into the island s center and found a secret room with old books sparkling gems and a sparkling fountain Captain Oliver was humbled by how big of a find they had made He understood that the real treasure was not the money in front of him but the knowledge they had gained the experiences they had shared and the strong bond that held his crew together He knew that the most valuable things in life were the desire to learn and to try new things As they sailed away from the island their sails were full and their spirits were high They knew that there were many more places to discover and that their journey was not over Captain Oliver and his team kept exploring the vast ocean never giving up and always looking for new things to see They understood that where the sea and the sky met the most important things were the ones you carried in your heart not the ones you could hold in your hands They kept sailing always looking to the horizon for their next big experience There are stories and legends about Captain Oliver and his loyal crew that are told all over the seven seas People from far away told stories about the brave pirate captain who went out to find both worldly and spiritual riches The Sapphire Serpent came to stand for bravery optimism and the understanding that life s greatest treasures are not always things Along the way they met sailors traders and pirates from all over the world Captain Oliver was true to his nature and tried to avoid bloodshed whenever he could He

thought that people could get along better on the high seas if they understood each other and worked together Because he was charming and his team was seen as honest explorers they often made friends in strange places Over time the crew of the Sapphire Serpent became known for their acts of kindness and bravery They would help poor coastal towns save sailors who had been lost and share their wealth with those who had less Because Captain Oliver was a caring and understanding leader every member of his team learned how to be caring and understanding As word spread about how popular they were kings and queens asked Captain Oliver to share his knowledge and experience at their courts He became a trusted advisor to kings and a supporter of keeping peace around the world His impact went far beyond the coast and he used it to bring people together and help them understand each other American Book Publishing Record ,2007 **"Framing the Ocean, 1700 to the Present "** Tricia Cusack,2017-07-05
