Paul Russell

Sea Of Tranquillity:

Sea of Tranquillity Paul Russell, 2003-08-25 Paul Russell's delicately layered richly textured novels have won him widespread acclaim as one of the finest contemporary American novelists. *Sea of Tranquillity* possibly his most ambitious and rewarding novel traces a disintegrating nuclear family across two tumultuous decades of American life from the early 60s to the 80s and is told in a quartet of voices: astronaut Allen Cloud, his wife, their gay son Jonathan and his friend/lover. Ranging in time and emotion from the optimism of the first moon shot to the dark landscape of the age of AIDS, *Sea of Tranquillity* is an extraordinary and compelling novel.

The Sea of Tranquility Mark Haddon, 2020-01-09 A magical celebration of the 50th anniversary of the moon landing from the bestselling author of *The Curious Incident of the Dog in the Night-time*

Sea of Tranquility Emily St. John Mandel, 2022-04-05 NEW YORK TIMES BESTSELLER The award-winning best-selling author of *Station Eleven* and *The Glass Hotel* returns with a novel of art, time, travel, love, and plague that takes the reader from Vancouver Island in 1912 to a dark colony on the moon five hundred years later, unfurling a story of humanity across centuries and space. One of the Best Books of the Year, *The New York Times*, NPR, GoodReads. One of Mandel's finest novels and one of her most satisfying forays into the arena of speculative fiction. Yet *The New York Times* Edwin St. Andrew is eighteen years old when he crosses the Atlantic by steamship, exiled from polite society following an ill-conceived diatribe at a dinner party. He enters the forest spellbound by the beauty of the Canadian wilderness and suddenly hears the notes of a violin echoing in an airship terminal, an experience that shocks him to his core. Two centuries later, a famous writer named Olive Llewellyn is on a book tour. She's traveling all over Earth, but her home is the second moon colony, a place of white stone spired towers and artificial beauty. Within the text of Olive's best-selling pandemic novel lies a strange passage: a man plays his violin for change in the echoing corridor of an airship terminal as the trees of a forest rise around him. When Gaspery Jacques Roberts, a detective in the black-skied Night City, is hired to investigate an anomaly in the North American wilderness, he uncovers a series of lives upended: The exiled son of an earl driven to madness; a writer trapped far from home as a pandemic ravages Earth; and a childhood friend from the Night City who, like Gaspery himself, has glimpsed the chance to do something extraordinary that will disrupt the timeline of the universe. A virtuoso performance that is as human and tender as it is intellectually playful, *Sea of Tranquility* is a novel of time travel and metaphysics that precisely captures the reality of our current moment.

The Sea of Tranquility Katja Millay, 2012-11-13 *Gone Girl* meets *The Perks of Being a Wallflower* in this critically acclaimed novel about resilience, forgiveness, love, and second chances. I live in a world without magic or miracles. A place where there are no clairvoyants or shapeshifters, no angels or superhuman boys to save you. A place where people die and music disintegrates and things suck. I am pressed so hard against the earth by the weight of reality that some days I wonder how I am still able to lift my feet to walk.
