comes their way Indian myths and folklore form the bedrock of his stories Simply told yet holding didactic messages through symbolic connect to mythology and Vedic and Puranic texts A Narayan story is a sneak peek into the unpretentious common folk and their life and ambitions wish the writer was presenting another story to us where how social media and digitization affects the amusing world of Malgudi would have been a treat to read This book is an endeavour from my side to write about the contribution of Narayan to Indian English Literature and attempting a commentary upon some of his remarkable works

The Chaos of Empire Jon Wilson, 2016-10-25 The popular image of the British Raj an era of efficient but officious governors sycophantic local functionaries dotting amahs blisteringly hot days and torrid nights chronicled by Forster and Kipling is a glamorous nostalgic but entirely fictitious In this dramatic revisionist history Jon Wilson upends the carefully sanitized image of unity order and success to reveal an empire rooted far more in violence than in virtue far more in chaos than in control Through the lives of administrators soldiers and subjects both British and Indian The Chaos of Empire traces Britain's imperial rule from the East India Company's first transactions in the 1600s to Indian Independence in 1947 The Raj was the most public demonstration of a state's ability to project power far from home and its perceived success was used to justify interventions around the world in the years that followed But the Raj's institutions from law courts to railway lines were designed to protect British power without benefiting the people they ruled This self-serving and careless governance resulted in an impoverished people and a stifled society not a glorious Indian empire Jon Wilson's new portrait of a much mythologized era finally and convincingly proves that the story of benign British triumph was a carefully concocted fiction here thoroughly and totally debunked

Perspectives on Indian Fiction in English M. K. Naik, 1985 This is the fourth and final volume in the pioneering series on Perspectives on Major Forms of Indian English Literature edited by Professor M K Naik Following the pattern of the earlier three volumes this collection also includes two types of essays those evaluating the entire corpus of major fictionists and schools and those attempting intensive textual analyses of outstanding novels like Untouchable The Guide The Serpent and the Rope and Midnight's children The final essay on The Achievement of Indian Fiction in English is an attempt to survey the entire field and evaluate the total achievement in this genre A number of collections of critical essays on Indian fiction in English have appeared during recent years but perhaps none of them has the range and depth of this volume The contributors include distinguished scholars such as K R Srinivasa Iyengar V A Shahane D V K Raghavacharyulu PremaNandakumar and the editor M K Naik himself The carefully selective Bibliography appended to the volume has further enhanced its value as a comprehensive collection of incisive critical studies covering the entire range of Indian fiction in English and this series which is now complete easily constitutes a significant landmark in the ongoing scrutiny of Indian English literature
