Interpreting Florida's Constitution Patrick John McGinley, 2017-12-21 This law school casebook analyzes the Constitution of the State of Florida. It begins with the idea of a state being a laboratory of democracy where rights may be expanded or invented within the minimum requirements of the federal constitution. It explores the question of how a state constitution can produce its own jurisprudence in light of the supremacy of the United States Constitution. It outlines the canons of construction for the Florida Constitution. It introduces the concept that a state constitution can be a source of heightened civil liberties and fundamental rights. It explores this issue in greater detail by using the Florida Constitution as an example. It identifies Florida Constitutional rights without an exact parallel to those in the text of the US Constitution and asks whether Florida has taken its own path in interpreting or implementing the identified constitutional rights. It introduces rights enumerated in the text of the Florida Constitution that are not embodied in the text of the US Constitution. In so doing it compares Florida's approach to those of other state constitutions. It addresses the familiar refrain that unlike the federal constitution a state's constitution is a restriction upon power not a grant of power. It looks at state constitutional criminal procedure by examining the ancient origin of the jury and the recent origin of Florida criminal procedure. Finally it examines the US Supreme Court's acceptance of a state's inherent police power and state by state differences in zoning and nuisance law so as to better understand how eminent domain and inverse condemnation may differ under state constitutions such as Florida's      North Suncoast Corridor, Northwest Hillsborough Expressway to US-98, to FL-52, Hillsborough County, Pasco County, and Hernando County , 1994      **Bulletin** , 1978-04      **West's Florida Digest 2d** , 1984      Migrant and Seasonal Farmworker Powerlessness United States. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789-1824, the Register of Debates in Congress 1824-1837, and the Congressional Globe 1833-1873      **Directory, U.S. Fertilizer Port Facilities** Curtis L. The task of updating and expanding the directory to include import as well as export
