Seamus Heaney Poet And Critic Irish Studies Vol 3:

Seamus Heaney Arthur E. McGuinness,1994 Seamus Heaney has had a distinguished career as a poet and a critic His eighth volume of poetry Seeing Things appeared in 1991 Other major volumes of poetry have included Death of a Naturalist North Field Work and Station Island His critical writings have been collected in Preoccupations The Government of the Tongue and The Place of Writing Heaney seems to be a poet in mid career moving away from an earth centered poetry confident of its connections to a more problematic region where the poet becomes an uncertain pilgrim As a critic Heaney has high expectations for his own poetry and for that of other poets he admires such as Lowell Auden Plath Kavanagh and Larkin For Heaney the most significant poets are those who have constantly challenged themselves to write ethical lyrics His own poetry responds to a similar challenge **Seamus Heaney** J. Hall,A. Crowder,2007-04-25 This volume of twelve essays aims to comprehensively represent the abundance and variety of both Heaney s writing and scholarship on Heaney s writing Attention is given not only to his poetry but also to his translations and his prose The essays foreground his internationalism and the complementary international interest in his writing **Seamus Heaney** M. Parker,1994-10-12 Provides an account of Seamus Heaney s early life and the experiences influences and relationships personal literary and political that shaped his poetic development The book includes photographs interviews and commentary on unpublished poems and drafts

Pastoral Elegy in Contemporary British and Irish Poetry Iain Twiddy,2012-03-29 An examination of the nature and function of pastoral elegies in post 1960 British and Irish poetry **Austerity and Irish Women's Writing and Culture, 1980-2020** Deirdre Flynn,Ciara L. Murphy,2022-07-18 Austerity and Irish Women s Writing and Culture 1980 2020 focuses on the under represented relationship between austerity and Irish women s writing across the last four decades Taking a wide focus across cultural mediums this collection of essays from leading scholars in Irish studies considers how economic policies impacted on and are represented in Irish women s writing during critical junctures in recent Irish history Through an investigation of cultural production north and south of the border this collection analyses women s writing using a multimedial approach through four distinct lenses austerity feminism and conflict arts and austerity race and austerity and spaces of austerity This collection asks two questions what sort of cultural output does austerity produce And if the effects of austerity are gendered then what are the gender specific responses to financial insecurity both national and domestic By investigating how austerity is treated in women s writing and culture from 1980 to 2020 this collection provides a much needed analysis of the gendered experience of economic crisis and specifically of Ireland s consistent relationship with cycles of boom and bust Thirteen chapters which focus on fiction drama poetry women s life writing and women s cultural contributions examine these questions This volume takes the reader on a journey across decades and forms as a means of interrogating the growth of the economic divide between the rich and the poor since the 1980s through the voices of Irish women Seamus Heaney Michael Parker,1993 Heaney Ireland s best known living poet has also established himself as a

major world writer Here is a detailed account of his upbringing as a Catholic amidst the civil war in Northern Ireland Also provides a fresh perspective on the violence and a view of how circumstances influence art Annotation copyright Book News Inc Portland Or **Haunted Heaney** Ian Hickey,2021-07-29 Haunted Heaney Spectres and the Poetry looks at the ghosts and spectres present within the poetry of the Nobel Prize winning poet Seamus Heaney Covering Heaney s work from his first collection Death of a Naturalist to his final collection Human Chain this volume analyses Heaney s poetry through the lens of hauntology as presented by Jacques Derrida in Specters of Marx This book presents spectres and ghosts not in the conventional sense as purely supernatural physical manifestations haunting a place but instead as having a non physical presence In this sense past cultures societies texts poets and memories are examined as having a spectral influence on Heaney s writing His work is indebted to hauntedness as the past in all its forms sutures itself within the present of his thinking and writing and our reading of the poetry Topics for discussion include the Norse spectres in the early poetry British colonialism and its haunting influence on the poet a renewed look at the bog poems as being influenced by the spectral the classical influence of Virgil and Dante and a reading of Route 110 that incorporates the major instances of Heaney s career into a singular poem The book also incorporates Heaney s prose work and interviews into the discussion and uses these works as a metacommentary to the poetry offering a deeper insight into the mind of one of Ireland s greatest writers

Seamus Heaney and Society Rosie Lavan,2020-04-22 Throughout his career in poetry Seamus Heaney maintained roles in education and was a visible presence in the print and broadcast media Seamus Heaney and Society presents a dynamic new engagement with one of the most celebrated poets of the modern period examining the ways in which his work as a poet was shaped by his work as a teacher lecturer critic and public figure Drawing on a range of archival material this book revives the varied contexts within which Heaney s work was written published and circulated Mindful of the different spheres which surrounded his pursuit of poetry it assesses his achievements and status in Ireland Britain and the United States through close analysis of his work in newspapers magazines radio and television and manuscript drafts of key writings now held in the National Library of Ireland Asserting the significance of the cultural institutional and historical worlds in which Heaney wrote and was read Seamus Heaney and Society offers a timely reconstruction of the social lives of his work while also exploring the ways in which he questioned and sustained the privacy and singularity of poetry Ultimately it considers how the enduring legacy of a great poet emerges from the working life of a contemporary writer **Forgetful Remembrance** Guy Beiner,2018-11-09 Forgetful Remembrance examines the paradoxes of what actually happens when communities persistently endeavour to forget inconvenient events The question of how a society attempts to obscure problematic historical episodes is addressed through a detailed case study grounded in the north eastern counties of the Irish province of Ulster where loyalist and unionist Protestants and in particular Presbyterians repeatedly tried to repress over two centuries discomfiting recollections of participation alongside Catholics in a republican rebellion in 1798 By exploring a rich variety of sources

Beiner makes it possible to closely follow the dynamics of social forgetting His particular focus on vernacular historiography rarely noted in official histories reveals the tensions between professed oblivion in public and more subtle rituals of remembrance that facilitated muted traditions of forgetful remembrance which were masked by a local culture of reticence and silencing Throughout Forgetful Remembrance comparative references demonstrate the wider relevance of the study of social forgetting in Northern Ireland to numerous other cases where troublesome memories have been concealed behind a veil of supposed oblivion

This Strange Loneliness Peter Mackay, 2021-04-15 This Strange Loneliness is the first comprehensive account of the poetic relationship between Seamus Heaney and William Wordsworth Peter Mackay explores how Heaney repeatedly turns to the Romantic poet s work for inspiration corroboration and amplification and as a model for the fortifying power of poetry itself which offers the fundamental lesson that it is on this earth we find our happiness or not at all Through an in depth look at archival materials and at uncollected poems and prose by Heaney Mackay traces the evolution of Heaney s readings of Wordsworth throughout his career revealing their shared interest in the connections between poetry and education the possibility of a beneficial understanding of poetic influence the complexities of place and displacement ideas of transcendence and ultimately the importance of late style later poems by Wordsworth might prove a cautionary tale as well as example for any poet Placing Heaney s readings within their political historical and poetic contexts the book also explores how he negotiated the complex relationship between Irish and British culture and identity to claim a persistent form of kinship and forge a strange community with the Romantic poet With illuminating readings that reveal new contexts to and currents in Heaney s work This Strange Loneliness is a powerful evocation of the Irish poet s sense of the uplift that poetry can provide

The Poetry of Bloody Sunday Kübra Özermiş, 2025-09-29 As a turning point that changed the course of the Troubles the Bloody Sunday massacre continues to define ongoing debates about the legacy of the Troubles and the impact of state violence Bloody Sunday has been at the centre of numerous cultural and literary expressions which deal with the grief and trauma of the massacre such as murals songs plays and poetry This volume is the first comprehensive study of the poetry of Bloody Sunday written by critically acclaimed Irish poets including Seamus Heaney Paul Muldoon Thomas Kinsella Seamus

Deane and Medbh McGuckian By focusing on poems written between 1972 and 2015 this book examines each poet's attempt to find an apt way of articulating the anger, trauma and grief over the massacre with most of the poets continuously returning to the shooting in their poetry throughout their careers. The monograph outlines how in the face of adversity the poets draw on old Irish literary traditions such as Gaelic laments and Aisling poetry which offer an indigenous anti-colonial and counter-hegemonic response to a massacre that was experienced as a colonial aggression. It also discusses the complex relationship between poetry and politics and the negotiation between aesthetic freedom and the moral obligation to write about Bloody Sunday.

Affecting Irishness Padraig Kirwan, Michael O'Sullivan, 2009 The writers in this text seek to reconcile the established critical perspectives of Irish studies with a forward-looking critical momentum that incorporates the realities of globalisation and economic migration.

Seamus Heaney's Mythmaking Ian Hickey, Ellen Howley, 2023-04-28 Seamus Heaney's *Mythmaking* examines Seamus Heaney's poetic engagement with myth from his earliest work to the posthumous publication of *Aeneid* Book VI. The essays explore the ways in which Heaney creates his own mythic outlook through multiple mythic lenses. They reveal how Heaney adopts a demiurgic role throughout his career, creating a poetic universe that draws on diverse mythic cycles from Greco-Roman to Irish and Norse to Native American. In doing so, this collection is in dialogue with recent work on Heaney's engagement with myth. However, it is unique in its wide-ranging perspective, extending beyond Ancient and Classical influences. In its focus on Heaney's personal metamorphosis of several mythic cycles, this collection reveals more fully the poet's unique approach to mythmaking, from his engagement with the act of translation to transnational influences on his work and from his poetic transformations to the poetry's boundary-crossing transitions. Combining the work of established Heaney scholars with the perspectives of early career researchers, this collection contains a wealth of original scholarship that reveals Heaney's expansive mythic mind. *Mythmaking*, an act for which Heaney has faced severe criticism, is reconsidered by all contributors, prompting multifaceted and nuanced readings of the poet's work.

Seamus Heaney's translation of *Beowulf*, published in 1999, was immediately hailed as an undisputed masterpiece, something imperishable and great. James Wood, *The Guardian*. A few years after his death in 2013, his translation of Virgil's *Aeneid*, Book VI, caused a similar stir, providing a remarkable and fitting epilogue to one of the great poetic careers of recent times. Nick Laird, *Harper's Magazine*. Now, for the first time, the poet-critic and essayist's translations are gathered in one volume. Heaney translated not only classic works of Latin and Old English but also a great number of poems from Spanish, Romanian, Dutch, Russian, German, Scottish Gaelic, Czech, Ancient and Modern Greek, Middle and Modern French, and Medieval and Modern Italian, among other languages. In particular, the Nobel laureate engaged with works in Old, Middle, and Modern Irish, the languages of his homeland and early education. As he said, "If you lived in the Irish countryside as I did in my childhood, you lived in a primal Gaeltacht." In *The Translations of Seamus*

Modern Irish Literature and the Primitive Sublime Maria McGarrity,2024-03-13 Modern Irish Literature and the Primitive Sublime reveals the primitive sublime as an overlooked aspect of modern Irish literature as central to Ireland's artistic production and the wider global cultural production of postcolonial literature A concern for and anxiety about the primitive persists within modern Irish culture The otherness within and beyond Ireland's borders offers writers from the Celtic Revival through independence and partition to post 9 11 a seductive call through which to negotiate Irish identity Ultimately the disquieting awe of the primitive sublime is not simply a momentary recognition of Ireland's primitive indigenous history but a repeated rhetorical gesture that beckons a transcendent elation brought about by the recognition of the troubled ritualistic and sacrificial Irish past to reveal a fundamental aspect of the capacity to negotiate identity viewed through another but intimately reflective of the self within the long emerging twentieth century Irish nation *The Cambridge History of Literary Criticism: Volume 7. Modernism and the New Criticism* George Alexander Kennedy,1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction *Literature, Theory, History* J. Hart,2011-10-24 This book discusses literature theory and history in close relation Its main focus is on comparative literature and history culture poetics rhetoric theatricality genre and gender and balances close reading with theory and historical context

The Literature of Northern Ireland M. Ruprecht Fadem,2015-01-08 Through close readings of texts by playwright Anne Devlin poet Medbh McGuckian and novelist Anna Burns this book examines the ways Irish cultural production has been disturbed by partition Ruprecht Fadem argues that literary texts address this tension through spectral bordered metaphors and juxtapositions of the ancient and the contemporary
