Search The Shadows:

Shadow Woods - A Search for Lost Landscapes Ian D. Rotherham, 2017 Shadow Woods a search for lost landscapes is intended to view ecology and landscapes in a somewhat different way from that which we normally do to effectively view the countryside through a different lens Considering ancient woods and treed countryside the intention is to raise awareness about our ecological and landscape origins and through this to open up new possibilities and exciting opportunities It is suggested that we need to understand the past to inform the present and from this knowledge we can influence the future The author also introduces a number of key issues and ideas that are new shadow woods ghost woods lost woods eco cultural landscapes cultural severance grubby landscapes ecological filtration biodiversity time capsules futurescapes and more This edition revised in march 2018 contains updated figures diagrams

Real-Time Shadows Elmar Eisemann, Michael Schwarz, Ulf Assarsson, Michael Wimmer, 2016-04-19 Important elements of games movies and other computer generated content shadows are crucial for enhancing realism and providing important visual cues In recent years there have been notable improvements in visual quality and speed making high quality realistic real time shadows a reachable goal Real Time Shadows is a comprehensive guide to t

Search the Shadows Barbara Michaels, 1988 Haskell Maloney returns to the University of Chicago's exotic Oriental Institute in search of the truth about the parents she lost at birth

Search the Shadows Barbara Michaels, 1988 Abandoning her carefully planned future Haskell Maloney seeks the truth behind her past Who is her real father Was her mother's fatal car crash really an accident Her search leads her to the study of Egyptology where watching from the shadows of a cold museum a ruthless killer waits to strike

authored by distinguished experts from the field of early education are published periodically within the framework of the series Scientific Studies on the Work of the Haus der kleinen Forscher Foundation This publication series serves to foster informed dialogue between the Foundation scientists and practitioners with the aim of giving all early childhood education and care centres after school centres and primary schools in Germany scientifically sound support in fulfilling their early education mandate This fifth volume in the series focuses on goals of science education at the level of the children the early childhood professionals and the pedagogical staff at after school centres and primary schools and on process related quality criteria for science teaching at pre primary and primary level In their expert reports Yvonne Anders Ilonca Hardy Sabina Pauen Beate Sodian and Mirjam Steffensky specify pedagogical content dimensions of the goals of early science education at pre primary and primary school age In addition to theoretically underpinning these goals the authors present instruments for their assessment In his expert report J rg Ramseger formulates ten quality criteria for science teaching Early childhood professionals and pedagogical staff at after school centres and primary schools can draw on these process related criteria when planning lessons and conducting self evaluations of science learning opportunities at pre primary and primary level The concluding chapter of the volume describes the implementation of these expert recommendations in the substantive offerings of and the accompanying research on the Haus der kleinen Forscher Foundation

Living in the Shadows Pasquale De

Marco, 2025-08-15 Growing up with a sibling who has a disability is a complex and challenging experience It can bring a unique set of joys and rewards but it can also come with its share of burdens and struggles In this groundbreaking book we explore the world of siblings of children with disabilities delving into the challenges they face the emotions they experience and the ways in which they can find support and thrive Through the stories of siblings from diverse backgrounds we gain a deep understanding of the unspoken burden that these siblings often carry We learn about the feelings of responsibility guilt resentment and anger that they may experience and the challenges they face in navigating sibling rivalry and finding their own identity We also explore the emotional rollercoaster that siblings of children with disabilities often ride We witness their love compassion and protectiveness towards their disabled sibling as well as their moments of anger frustration and grief We learn how these siblings cope with the challenges of balancing their own needs and desires with the needs of their disabled sibling and the impact that this can have on their mental health The book also delves into the impact that having a disabled sibling can have on the family dynamic We examine the changing roles and responsibilities of parents and siblings the challenges of communicating effectively and resolving conflicts and the financial and emotional stress that families may face As these siblings grow up they face unique challenges in school social interactions and romantic relationships They may struggle with the question of how to plan for their own future knowing that they may always have a responsibility to care for their disabled sibling We explore the challenges they face in balancing their own needs and desires with the needs of their disabled sibling and the impact that this can have on their mental health Despite the challenges growing up with a disabled

sibling can also be a rewarding experience These siblings often develop a deep sense of empathy and compassion and they may learn to appreciate the small things in life They may also develop a strong bond with their disabled sibling and they may cherish the memories they create together This book is an essential resource for siblings of children with disabilities offering a wealth of practical advice and support It is also a valuable resource for parents educators and professionals who work with these families Through the stories of these siblings we gain a deeper understanding of the challenges they face and the resilience they demonstrate If you like this book write a review [Life in Our Backyard \(eBook\)](#) Ilene L. Follman,1995-09-01 PowerPoint Presentation Included The information and activities in this resource book enhance children s knowledge and awareness of the environment they encounter every day including physical and biological characteristics Students will find out what characteristics backyard environments have what animals can be found there and how to keep their surrounding environment clean As they explore students will discover similarities and differences between living things in their environment and those in other ecosystems Engaging in activities that emphasize the ecology of plants and animals students will begin to relate the structure of living things to their roles in the ecosystem *Shadow Techniques for Interactive and Real Time Applications* Stefan Brabec,2004 **In the Shadows of the Gods** John F. Raines,2010-11 It is a troubling time in the Kingdom of Shale As a marauding group calling themselves the Rogues begins launching raids across the kingdom a small group of hybrid warriors intertwined magically with mythical beasts swears to defend the kingdom When a hooded prowler breaches castle security and escapes into the night the Royal Guard splits in two one group pursues the oddly powerful intruder while the other chafes at being left behind The powerful stranger is on a ruthless search for just one thing the Relic Sword and he ll stop at nothing to get it After he leaves the Royal Guard with nothing but destruction unanswered questions and a taste for revenge the King s soldiers begin a dangerous journey to find the supposed assassin before he unleashes a legendary power on the world But as they search the lines between friend and foe begin to blur and the allegiance of some becomes questionable As swords clash and arrows soar through the air no one knows who to trust but everyone is about to learn that the Relic Sword has the capability to change the future of the Kingdom of Shale forever

Towards version control in object-based systems Jakob Reschke,Marcel Taeumel,Tobias Pape,Fabio Niephaus,Robert Hirschfeld,2018 Version control is a widely used practice among software developers It reduces the risk of changing their software and allows them to manage different configurations and to collaborate with others more efficiently This is amplified by code sharing platforms such as GitHub or Bitbucket Most version control systems track files e g Git Mercurial and Subversion do but some programming environments do not operate on files but on objects instead many Smalltalk implementations do Users of such environments want to use version control for their objects anyway Specialized version control systems such as the ones available for Smalltalk systems e g ENVY Developer and Monticello focus on a small subset of objects that can be versioned Most of these systems concentrate on the tracking of methods classes and configurations of

these Other user defined and user built objects are either not eligible for version control at all tracking them involves complicated workarounds or a fixed domain unspecific serialization format is used that does not equally suit all kinds of objects Moreover these version control systems that are specific to a programming environment require their own code sharing platforms popular well established platforms for file based version control systems cannot be used or adapter solutions need to be implemented and maintained To improve the situation for version control of arbitrary objects a framework for tracking converting and storing of objects is presented in this report It allows editions of objects to be stored in an exchangeable existing backend version control system The platforms of the backend version control system can thus be reused Users and objects have control over how objects are captured for the purpose of version control Domain specific requirements can be implemented The storage format i e the file format when file based backend version control systems are used can also vary from one object to another Different editions of objects can be compared and sets of changes can be applied to graphs of objects A generic way for capturing and restoring that supports most kinds of objects is described It models each object as a collection of slots Thus users can begin to track their objects without first having to implement version control supplements for their own kinds of objects The proposed architecture is evaluated using a prototype implementation that can be used to track objects in Squeak Smalltalk with Git The prototype improves the suboptimal standing of user objects with respect to version control described above and also simplifies some version control tasks for classes and methods as well It also raises new problems which are discussed in this report as well

Open Source

Intelligence in the Twenty-First Century C. Hobbs,M. Moran,D. Salisbury,2014-05-09 This edited book provides an insight into the new approaches challenges and opportunities that characterise open source intelligence OSINT at the beginning of the twenty first century It does so by considering the impacts of OSINT on three important contemporary security issues nuclear proliferation humanitarian crises and terrorism
