Searching For Timbuctoo:

The Black Woods Amy Godine, 2023-11-15 Winner of the Charles A Weyerhaeuser Forest History Society Book Award
The Black Woods chronicles the history of Black pioneers in New York's northern wilderness. From the late 1840s to the 1860s they migrated to the Adirondacks to build the farms that helped them meet a 250 property requirement imposed on Black New York voters in 1821. Abolitionist Gerrit Smith gifted 120,000 acres to 3,000 landless Black New Yorkers with the support of Frederick Douglass, John Brown and other abolitionists. His prescient plan enacted affirmative action and distributive justice. But when most of his grantees did not move north, Smith's interest cooled. He would not visit Timbuctoo, Freeman's Home or Blacksville. The settlers were on their own. In *The Black Woods*, Godine revives this history with stirring stories of frontier life and racial justice. She puts the vote-seeking Black pioneers at the heart of the Adirondack narrative. At long last, their shaping role has been reclaimed. Kirkus Reviews On John Franklin's 1820 expedition to find the Northwest Passage, Michel Teroahaute cannibalized two team members and was preparing a third when he was caught and killed. When Rene La Salle set off for the Mississippi Delta in 1684, he missed the target by five hundred miles but, on landing, immediately built a prison for those who fell asleep on watch. Consummate storyteller Fergus Fleming brings together these and forty-three other gripping stories spanning three ages of exploration. In *Off the Map*, Fleming recounts episodes both classic and forgotten. The classics are brought to life in more vivid colors than ever before; the lesser-known stories offer accounts of extraordinary feats that have long lain hidden. From the Renaissance golden age of Columbus, da Gama and Magellan to the twentieth-century heroics of Peary, Scott and Amundsen, this is an unforgettable journey into the annals of adventure. A first-rate one-volume introduction to many hair-raising stories of exploration. *The New York Times* Each story is short, punchy and crammed with facts. Fleming possesses an eye for wry detail. Adventure. There isn't a dud in the lot. Adventure reading of a high order: brisk, fresh and full of color.
