## Searching For Anabela:

**Searching for Anabela** Michael Tessmer, D. J. Mennenga, 2005-10 This original story is based on the adventures of two friends Doug and Ace as they travel across the southwestern United States in a raucous quest to continually inject instant gratification and adrenaline into the haunting voids of their morally bankrupt lives The characters are involved in one unusual undertaking after another some of them legal and some not As they move along the fringes and underbelly of society it becomes apparent that one of them has a need to look for meaning in life while the other has developed no such need In the end they both find something but in very different places

*Computational Intelligence* Kurosh Madani, Antonio Dourado Correia, Agostinho Rosa, Joaquim Filipe, 2012-02-18 The present book includes a set of selected extended papers from the second International Joint Conference on Computational Intelligence IJCCI 2010 held in Valencia Spain from 24 to 26 October 2010 The conference was composed by three co located conferences The International Conference on Fuzzy Computation ICFC the International Conference on Evolutionary Computation ICEC and the International Conference on Neural Computation ICNC Recent progresses in scientific developments and applications in these three areas are reported in this book IJCCI received 236 submissions from 49 countries in all continents After a double blind paper review performed by the Program Committee only 30 submissions were accepted as full papers and thus selected for oral presentation leading to a full paper acceptance ratio of 13% Additional papers were accepted as short papers and posters A further selection was made after the Conference based also on the assessment of presentation quality and audience interest so that this book includes the extended and revised versions of the very best papers of IJCCI 2010 Commitment to high quality standards is a major concern of IJCCI that will be maintained in the next editions considering not only the stringent paper acceptance ratios but also the quality of the program committee keynote lectures participation level and logistics

**The Painting** MICHAEL REID, 2022-02-14 Michael Reid has written a powerful story for our time Based on the events of Roberto Ramos s astonishing life in and eventual escape from the island of Cuba The Painting is a fictionalized account of Roberto Ramos s life from 1982 until 1992 Growing up under the Castro regime Ramos learns over time how Fidel has betrayed the revolution This is the story of Ramos outrage at this betrayal and the extreme price he pays for expressing it The brashness of his defiance is breathtaking and fuels a plot that grips the reader in continuous suspense The tension mounts up until the last page where the suspense finally yields to human triumph over oppression There is a crucial artistic element to this story as well Along the way and through the moment of his escape to the United States Ramos is drawn to the works of the great Cuban masters especially the tradition of pre revolution Cuban painting as an outlet for his emotions and his growing frustrations with the Castro government a system he finds increasingly intolerable as the years pass and his distress grows In a journey that is terrifying yet also a triumph of the human spirit Ramos reveals the power of one individual to fight back against an unjust political system In doing so he rescues his own identity and the artistic heritage that defines him The story of Roberto Ramos

is a compelling personal tale but the power of this book lies just as much in the telling of it Reid captures the details of a remarkable odyssey and weaves them into an expansive drama creating a parable for our times It's Reid's keen awareness of detail that shows us how to honestly value the richness of life even amidst brutal struggles The result is a story for every person who treasures freedom and life itself Book Review The Painting by Michael C Reid is an exquisite non-fiction work that tells the story of the happenings in communist Cuba in a way that only someone who has experienced it can explain It is insightful heart wrenching and nothing short of thought provoking It follows one man's desperate attempt to break the hold of poverty on him and his family Readers can see how the government plays a huge role in the poverty of its people We also see political leaders whose only concern is how quickly they can line their pockets with wealth gotten from the sweat of the citizens The storyline is particularly touching I am impressed with the way Michael C Reid fleshes out each of the characters in the book to the smallest detail The conversations within the book are precisely in tune with the situation in the global scene of the 1980s This element gives the narrative another credit for accuracy The mix of Spanish and English is also unique It adds spice to the conversations and the story Also the conversations and character responses to situations were humorous For instance here's Roberto's response when he is told his boat with all its hidden treasures will have to be scuttled I'm not leaving this boat You need to tow me in or I will die with my collection Followers of historical events will find the content of this book quite interesting Not much is known about life within Cuba except what is gotten from state sponsored newsreels and the odd story from any migr who has braved the perils of the journey Also the information on the Cuban art scene will appeal to art lovers There are detailed mentions of several artists whose works are worth making out the time to study Michael C Reid pens a masterpiece that earns my respect in terms of the presentation of the storyline The story flows with a certain style that gets your pulse up every time you turn the pages and the attention to detail is equally impressive Sam Ibeh
