**Montgomery Clift** Michelangelo Capua, 2015-09-16 At the peak of his career in the 1950s Montgomery Clift was the symbol of a very talented yet rebellious generation of movie stars His acting combined the personal and the professional and his seventeen movies show his superb craft and extraordinary sensitivity Yet there was much more to his life than his talents as an actor more than most people knew This book is a biography of the extremely handsome acutely intelligent but tormented Montgomery Clift His life has been described as the longest suicide in the history of Hollywood and this biography shows the accuracy of that description It covers Clift's sheltered childhood his discovery at the age of 12 the early critical acclaim that brought attention from such noted directors as Elia Kazan and Antoinette Perry his development as a professional actor and work with many of Hollywood's greatest directors including Kazan Fred Zinneman Alfred Hitchcock and John Huston and the devastating car accident that disfigured

his face and caused him to turn to drugs and alcohol Throughout the book attention is given to Clift's self-destructive personality which created problems that even close friends like Elizabeth Taylor could not help him solve and his closet homosexuality which contributed to his intense insecurity Richly illustrated The Fourth Ghost Robert H. Brinkmeyer, 2009 In the 1949 classic *Killers of the Dream* Lillian Smith described three racial ghosts haunting the mind of the white South the black woman with whom the white man often had sexual relations the rejected child from a mixed race coupling and the black mammy whom the white southern child first loves but then must reject In this groundbreaking work Robert H Brinkmeyer Jr extends Smith's work by adding a fourth ghost lurking in the psyche of the white South the specter of European Fascism He explores how southern writers of the 1930s and 1940s responded to Fascism and most tellingly to the suggestion that the racial politics of Nazi Germany had a special problematic relevance to the South and its segregated social system As Brinkmeyer shows nearly all white southern writers in these decades felt impelled to deal with this specter and with the implications for southern identity of the issues raised by Nazism and Fascism Their responses varied widely ranging from repression and denial to the repulsion of self-recognition With penetrating insight Brinkmeyer examines the work of writers who contemplated the connection between the authoritarianism and racial politics of Nazi Germany and southern culture He shows how white southern writers both those writing cultural criticism and those writing imaginative literature turned to Fascist Europe for images analogies and metaphors for representing and understanding the conflict between traditional and modern cultures that they were witnessing in Dixie Brinkmeyer considers the works of a wide range of authors of varying political stripes the Nashville Agrarians W J Cash Lillian Smith William Alexander Percy Thomas Wolfe William Faulkner Katherine Anne Porter Carson McCullers Robert Penn Warren and Lillian Hellman He argues persuasively that by engaging in their works the vital contemporary debates about totalitarianism and democracy these writers reconfigured their understanding not only of the South but also of themselves as southerners and of the nature and significance of their art The magnum opus of a distinguished scholar *The Fourth Ghost* offers a stunning reassessment of the cultural and political orientation of southern literature by examining a major and heretofore unexplored influence on its development *Catalog of the Theatre and Drama Collections* New York Public Library.
