This eBook is a reproduction of an important historical work of Albert Edward Wiggam which was published between 1925 and 1930 In this eBook you will discover that an educated man or woman is not a personality with abundant academic degrees but with the following traits ability to cultivates open mind ability to listen never laugh at new ideas knows the secret of getting along with other people cultivates the habit of success controls his her thoughts always ready to learn new things always confidence about his her skills and many more In addition you will be exposed to the following basic features of Life

Life is Practical Education must be usable Life is Dynamic Education must be vital alive and active Life is Recreative Education must train men and women young and old for play as well as for work Life is friendly Education should teach humanity the art of friendship with all races colors and creeds Life is cooperative Education must teach a man woman his her place in the community and his her duties toward it Life is idealistic Education must be practical because life is a hard practical thing but it must be idealistic because man is a dreamer and dreams are the makers and feeders of the world As stated in the book which was based on the surveyed carried out by Dr David Mitchell by examining many hundreds of people If you will ask the next one hundred people you meet what they would do if they had plenty of money and were free to do as they pleased without a single exception they will answer with the one word Travel Also according to the author large lustrous eyes may indicate intelligence but having tested a great many people with large lustrous eyes and found them feeble minded Coarse hair does not indicate a coarse nature and red hair does not indicate a fiery temperament Blonds and brunets are equally good salesmen buyers and executives I hope this book shall convince the reader that the different in men and women is not the superior of mental ability but merely understanding a difference in mental habits Of Course every educated man or woman must understand this

School ,1920 **A Machine Called Indomitable** Sonny Kleinfield,2014-04-29 The true story of the doctor who invented the MRI A fascinating account of how a significant medical development came about The New York Times Dr Raymond Damadian was plagued with a mysterious and persistent stomach pain yet physicians assured him that they could find nothing wrong To find the answer to his ailment Damadian would spend the ensuing twelve years building a machine that would change medicine Nuclear magnetic resonance scanning now called magnetic resonance imaging MRI was a revolution a safe means to determine the makeup of every cell in the human body distinguishing healthy cells from sick Although Damadian s ideas were met with skepticism and outright opposition from the medical community this machine would go on to save the lives of millions by diagnosing disease while effective treatment was still possible In

short it was a medical miracle The story of Damadian s quest battling skeptical peers money troubles and more with an intensity approaching obsession is one of the great legends of medical research Sonny Kleinfield acclaimed reporter and author captures Damadian s remarkable triumph against the odds with compassion and a keen eye *A Machine Called Indomitable* is scientific storytelling at its finest
