Regularity of Employment in the Women's Ready-to-wear Garment Industries. October, 1915 United States. Bureau of Labor Statistics,1916 **Seasonal Fluctuations in Employment in the Women's Clothing Industry in New York** Gertrud Berta Greig,1949 **Seasonal Fluctuations in Employment in the Women's Clothing Industry in New York** Gertrud Berta Grieg,1968 **Bulletin of the United States Bureau of Labor Statistics** ,1922 *Bulletin of the Department of Labor of the State of New York* New York (State). Department of Labor,1922 Women who Work New York (State). Bureau of Women in Industry,1922 **Training Bulletin** Training Service. Labor Department,1919 Sweatshop Strife Ruth A. Frager,1992-01-01 In the first half of the twentieth century many of Toronto s immigrant Jews eked out a living in the needle trade sweatshops of Spadina Avenue In response to their exploitation on the shop floor immigrant Jewish garment workers built one of the most advanced sections of the Canadian and American labour movements Much more than a collective bargaining agency Toronto s Jewish labour movement had a distinctly socialist orientation and grew out of a vibrant Jewish working class culture Ruth Frager examines the development of this unique movement its sources of strength and its limitations focusing particularly on the complex interplay of class ethnic and gender interests and identities in the history of the movement She examines the relationships between Jewish workers and Jewish manufacturers as well as relations between Jewish and non Jewish workers and male and female workers in the city s clothing industry In its prime Toronto s Jewish labour movement struggled not only to improve hard sweatshop conditions but also to bring about a fundamental socialist transformation It was an uphill battle Drastic economic downturns hard employer offensives and state repressions all worked against unionists workplace demands Ethnic gender and ideological divisions weakened the movement and were manipulated by employers and their allies Drawing on her knowledge of Yiddish Frager has been able to gain access to original records that shed new light on an important chapter in Canadian ethnic labour and women s history

Problems Arising from Fluctuations of Employment in the Clothing Industry International Labour Office,1964

The Fruits of Their Labor Cindy Hahamovitch,2010-06-23 In 1933 Congress granted American laborers the right of collective bargaining but farmworkers got no New Deal Cindy Hahamovitch s pathbreaking account of migrant farmworkers along the Atlantic Coast shows how growers enlisted the aid of the state in an unprecedented effort to keep their fields well stocked with labor This is the story of the farmworkers Italian immigrants from northeastern tenements African American laborers from the South and imported workers from the Caribbean who came to work in the fields of New Jersey Georgia and Florida in the decades after 1870 These farmworkers were not powerless the author argues for growers became increasingly open to negotiation as their crops ripened in the fields But farmers fought back with padrone or labor contracting schemes and work or fight forced labor campaigns Hahamovitch describes how growers efforts became more effective as federal officials assumed the role of padroni supplying farmers with foreign workers on demand Today s migrants are as desperate

as ever the author concludes not because poverty is an inevitable feature of modern agricultural work but because the federal government has intervened on behalf of growers preventing farmworkers from enjoying the fruits of their labor

Americans and Their Weather William B. Meyer, 2014-10-08 This revealing book synthesizes research from many fields to offer the first complete history of the roles played by weather and climate in American life from colonial times to the present Author William B Meyer characterizes weather events as neutral phenomena that are inherently neither hazards nor resources but can become either depending on the activities with which they interact Meyer documents the ways in which different kinds of weather throughout history have represented hazards and resources not only for such exposed outdoor pursuits as agriculture warfare transportation construction and recreation but for other realms of life ranging from manufacturing to migration to human health He points out that while the weather and climate by themselves have never determined the course of human events their significance as been continuously altered for better and for worse by the evolution of American life
