poetry How do we assess a poem about a city as elusive of identity as Los Angeles What features do poems about this unique urban landscape of diverse peoples and terrains have in common Poetry Los Angeles is the first book to gather and analyze poems about sites as different as Hollywood Santa Monica and Venice beaches the freeways downtown South Central and East L A Laurence Goldstein presents original commentary on six decades of poets who have contributed to the iconography and poetics of Los Angeles literature including Elizabeth Alexander Jimmy Santiago Baca Dorothy Barresi Victoria Chang Wanda Coleman Dana Gioia Joy Harjo James Harms Robert Hass Eloise Klein Healy Garrett Hongo Suzanne Lummis Paul Monette Harryette Mullen Carol Muske Dukes Frederick Seidel Gary Soto Timothy Steele Diane Wakoski Derek Walcott and Charles Harper Webb Forty poems are reproduced in their entirety One chapter is devoted to Charles Bukowski the celebrity face of the city's poetry Other chapters discuss the ways that poets explore Interiors and Exteriors throughout the cityscape Goldstein also provides ample connections to the novels films art and politics of Southern California In clear prose Poetry Los Angeles examines the strategies by which poets make significant places meaningful and memorable to readers of every region of the U S and elsewhere      **Lastingness** Nicholas Delbanco,2011-01-24 America grows older yet stays focused on

its young Whatever hill we try to climb we're over it by fifty and should that hill involve entertainment or athletics we're finished long before But if younger is better it doesn't appear that youngest is best we want our teachers doctors generals

and presidents to have reached a certain age In context after context and contest after contest we re more than a little conflicted about elders of the tribe when is it right to honor them and when to say step aside In Lastingness Nicholas Delbanco one of America s most celebrated men of letters profiles great geniuses in the fields of visual art literature and music Monet Verdi O Keefe Yeats among others searching for the answers to why some artists work diminishes with age while others reaches its peak Both an intellectual inquiry into the essence of aging and creativity and a personal journey of discovery this is a brilliant exploration of what determines what one needs to do to keep the habits of creation and achievement alive
